Quite a confusing referral with no Concern form attached. Appears to be a large 'dump' of data from the school but not clear if there is any concern about his ideology or radicalisation. It appears that he has made threats to stab other people at the school including teachers and that Police have already been involved. I am not sure if this is simply a misguided referral but I have stressed in my email (copied below) to make the relevance of this referral clear. Hopefully this will be returned in a clearer state!
Good Afternoon,
Thank you for this. Please can I ask that you complete the attached Prevent referral form. Please provide as much detail about the child including any contact numbers and parents details etc. Also, please make it clear exactly what concerns you have around the subject having an extremist ideology or being vulnerable to radicalisation.

Hi tara.
As per our telephone conversation.

I am part of the community safety team at ormskirk who generally try and work work with people ,mainly youths,to keep them out of bother.He lives in banks ,LANCS.

Over the last fortnight We were contacted by our Child and family wellbeing service.They had a referral from acorns school in ormskirk where Axel has been a pupil for a short period.

The school were reporting very concerning traits and behaviour from axel .They explained that axel had been expelled from The range school in Formby due to carrying knives into the school(exact details unknown).
He has been logging onto websites at school which involve school mass shootings.He also wants to talk about about guns and beheading and seems to have a ceratin hatred of teachers in particular.
Due to our extensive dealings with the aforementioned establishements this info was gleaned to us but due to its worrying and potentially serious mature the school were informed to refer the info to our PREVENT team which deal with potential terrorism offences.
Acorns school duly did this and at this time our Prevent team are conducting background checks and obtaining specific details.

However we now have this incident which has occurred in the school in Formby for which Axel is currently in your custody.

This e mail is thus sent for your attention and assistance in ensuring that You have full knowledge of the individual in your care and that the investigating officers have a full picture of the circs and his alarming and worrying behaviour .

Acorns school have informed me that they have had detailed communication with the Formby school and that they have stated that Axel went into the school with the sole intention of killing a particular pupil with the hockey stick and if that didn't work he would use the knife but the pupil in question was thankfully not at school today.!! .

Could you please ensure that the ensure the investigating officers get this additional information please.

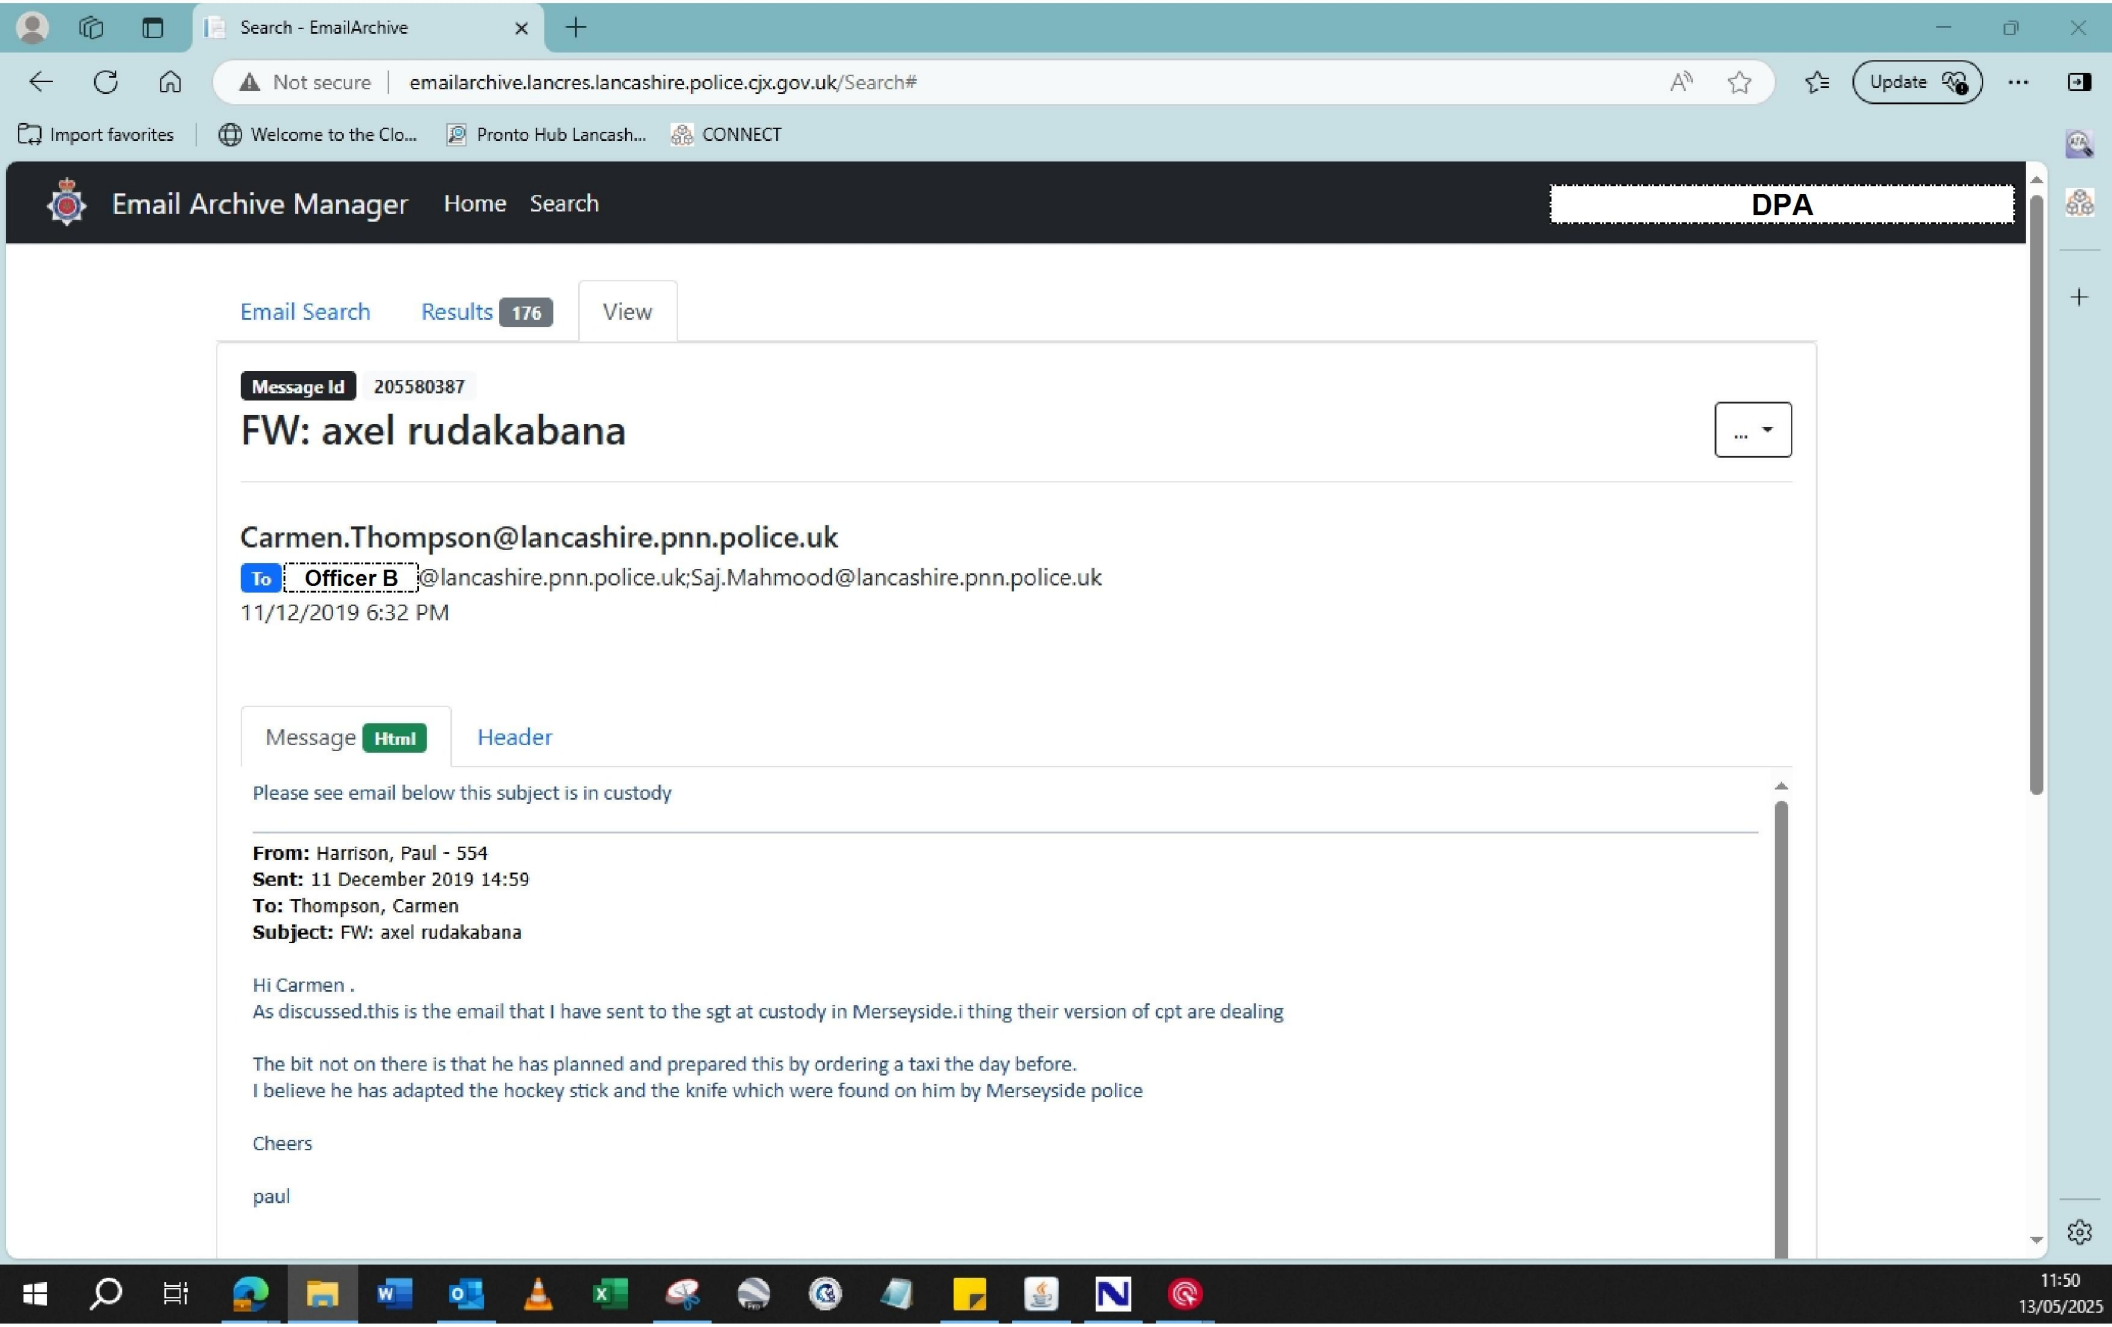

Thanks for your time.

This was shared with dad and myself in the meeting.

Dad said he had spoken to Axel about some of the incidents and that Axel had said he had not done this or that it was taken out of context.

School and myself shared the significance of what had happened and how there were possible warning signs of some underlying inters or thought process that could be potential harmful to Axel or others and there was a duty of care to look into this and challenge the situation.

Dad did not feel that Axel was a danger to himself or others and that he did not lie. He said that he knew his son better than anyone and that he was not a danger and had never lied.

I asked that if this was the case when Axel had took the knife into school and stated he would use it, was this too the truth. Dad said that Axel had been missed understood and when he said use it he had not stated how he would use it.

Axel was brought into the meeting.

Axel did not see the significance of what was discussed. he said he had not done or said the things recorded and said that the teacher was lying.

When told it was not just one teacher but different teacher and that it had been confirmed by other teaching staff in the room he maintained they had got this wrong. Dad was in agreement with Axel that it was a misunderstanding and did not have the significance the school were placing on it.

School brought the classroom assistant in to go over what was said and Axel continued to deny saying it.

Dad felt that the school was like a prison and they were magnifying and exaggerating the situation. That Axel could not speak without it being logged and challenged.

Axel felt he was being singled out and that other children behaved inappropriate but that was not challenged. He said school were lying or accusing him of being a lair.

School made there position clear this were concerns that had been witnessed and verified by other staff members. Dad asked for recorded evidence of these events. School clarified that it was inappropriate to record in class rooms but that all the information had come differentiate sourced and had been verified by other staff members.

Dads and Axel's stance was the same it was a misunderstanding and unjust.

I again reminded dad that Axel was in this school due to his actions and that what he did was very significant. I explained that at the very least Axel needed to be aware that if he was going to explore interest like this or have conversations he needed to be aware that this is not appropriate and he needed to stop this as it will always result in further action. All agencies had to take seriously any potential risk or threat.

I also advised that if it was felt that there was an underlying issues we needed to investigate this and make sure the appropriate support was in place.

Dad said he felt it was neurological and that Axel made comments unaware of the full impact of what he was saying.

Referrals have been made to Alder Hey and CAMH's

I discussed the referral for school regarding the concern and that there may be further action due to this.

I discussed PEA support as agreed and advised that due to the current concerns on top of the initial incident that PREVENT may need to get involved to make sure the appropriate support was in place.

I discussed the need for a TAF meeting and that Lucy Parkinson had been truing to contact him to continue with the agreed support. Dad said he had not revived any calls or messages. I explained we had sent a letter he did not think he had received any or may not have opened it.

We agreed to hold a TAF meeting next week at school between the hours of 10-2 pm so dad could attend.
03.12.19
Jan rang with concerning situations that have happened in school today with Axel , Jan shared that teachers have had concerning conversations with Axel in Art today around gun's , decapitation , and his understanding of what is appropriate and not. I informed Jan that the information should be shared with the MASH hub as she has other concerns around previous behaviours displayed and how Axel has previously been using the internet in school to re search school shootings.
I informed Acorns that CFW have been unable to contact Parents and writing contact has been sent , CFW will arranged a joint visit to make contact with family however school reinforced that the visit should be Joint as they have had some hostile conversations with dad on the phone and feel no visit should be independent.
Jan informed that she would make contact with the MASH team to share concerns.

I have submitted Intel IN1910116137 from the brief details held regarding the email below from Lancs Police so it is on the system.

Axel has been bailed until tomorrow. As time was getting on, representation was made from the AA, the solicitor and from the custody Sgt it is not appropriate to be interviewing a 13 year old child at what was turning out would have been approx. 2300 having been in custody all day.

Hi tara.
As per our telephone conversation.

I am part of the community safety team at ormskirk who generally try and work work with people ,mainly youths,to keep them out of bother.He lives in banks ,LANCS.

Over the last fortnight We were contacted by our Child and family wellbeing service.They had a referral from acorns school in ormskirk where Axel has been a pupil for a short period.

The school were reporting very concerning traits and behaviour from axel .They explained that axel had been expelled from The range school in Formby due to carrying knives into the school(exact details unknown).
He has been logging onto websites at school which involve school mass shootings.He also wants to talk about about guns and beheading and seems to have a ceratin hatred of teachers in particular.
Due to our extensive dealings with the aforementioned establishements this info was gleaned to us but due to its worrying and potentially serious mature the school were informed to refer the info to our PREVENT team which deal with potential terrorism offences.
Acorns school duly did this and at this time our Prevent team are conducting background checks and obtaining specific details.

However we now have this incident which has occurred in the school in Formby for which Axel is currently in your custody.

This e mail is thus sent for your attention and assistance in ensuring that You have full knowledge of the individual in your care and that the investigating officers have a full picture of the circs and his alarming and worrying behaviour .

Acorns school have informed me that they have had detailed communication with the Formby school and that they have stated that Axel went into the school with the sole intention of killing a particular pupil with the hockey stick and if that didn't work he would use the knife but the pupil in question was thankfully not at school today.!! .

Could you please ensure that the ensure the investigating officers get this additional information please.

Thanks for your time.

Over the last fortnight We were contacted by our Child and family wellbeing service.They had a referral from acorns school in ormskirk where Axel has been a pupil for a short period.

The school were reporting very concerning traits and behaviour from axel .They explained that axel had been expelled from The range school in Formby due to carrying knives into the school(exact details unknown).
He has been logging onto websites at school which involve school mass shootings.He also wants to talk about about guns and beheading and seems to have a ceratin hatred of teachers in particular.
Due to our extensive dealings with the aforementioned establishements this info was gleaned to us but due to its worrying and potentially serious mature the school were informed to refer the info to our PREVENT team which deal with potential terrorism offences.
Acorns school duly did this and at this time our Prevent team are conducting background checks and obtaining specific details.

However we now have this incident which has occurred in the school in Formby for which Axel is currently in your custody.

This e mail is thus sent for your attention and assistance in ensuring that You have full knowledge of the individual in your care and that the investigating officers have a full picture of the circs and his alarming and worrying behaviour .

Acorns school have informed me that they have had detailed communication with the Formby school and that they have stated that Axel went into the school with the sole intention of killing a particular pupil with the hockey stick and if that didn't work he would use the knife but the pupil in question was thankfully not at school today.!! .

Could you please ensure that the ensure the investigating officers get this additional information please.

Thanks for your time.

All

Forgive the large group email but I want to ensure I have captured everyone who has expressed an interest in Axel while in Merseyside Police custody and requested a result.

As you are aware Axel was arrested for an assault on a child at Range High School, Formby, Merseyside (with use of a hockey stick), possession of an offence weapon (the hockey stick) and also possession of a bladed article (Knife) which was on his person at the time of the assault, although remained in his bag and was not used. While in custody further information was shared regarding concerning internet research completed by Axel and suggestion the attack at the school was planned due to a booked taxi.

He was bailed from Police custody on 11/12/19 due to the late hour and a request to return on the 12/12/19, the following day which he did with his mother acting as appropriate adult. Checks have been made with Lancashire EDT who confirm there are no concerns with Axel returning back to the family home on release.

Appropriate referrals have been made within Merseyside to be transferred to Lancashire. I am sharing this information under working together for any help, protection and support required to allow appropriate safeguarding considerations.

Axel has now been interviewed with legal representation. He provided a prepared statement admitting the assault, admitting possession of the hockey stick and knife but states he had no intention of using the knife or kill the alleged target of the attack and denies researching inappropriate material at the school on the internet. The report was referred to CPS, who following their instruction was bailed for charge decision to be made. He has been bailed with the following conditions:

1. NOT TO BE WITHIN 400 METERS OF RANGE HIGH SCHOOL, FORMBY, L37 2NY

2. NOT TO CONTACT BY SELF SERVANT OR AGENT DPA DPA OR DPA DPA BY ANY MEANS INCLUDING ELECTRONIC

3. NOT TO ATTEND THE ACORN CENTRE, RUFF LANE, L39 UNTIL CONFIRMATION OF RETURN IS GIVEN BY SOCIAL SERVICES OR THE APPROPRIATE AUTHORITY

I have updated Lancashire EDT this evening of this.

I have been informed that Acorn School in Ormskirk (where Axel currently attends) are unsure if he will be able to attend there and looking to complete a risk assessment once further information is known. Custody have requested Axel's mother to contact the school before attendance and seek appropriate authority before attending, hence the condition regarding Acorn.

I have come back on duty this afternoon. In case you need it there is a date of 09/01/2020 at 1500 on the system. However, this may change for a number of reasons, decision not reached by then, decision made before then or postal charge.

Just in case you need a date for any admin side you have you could put 09/01/2020.

I have come back on duty this afternoon. In case you need it there is a date of 09/01/2020 at 1500 on the system. However, this may change for a number of reasons, decision not reached by then, decision made before then or postal charge.

Just in case you need a date for any admin side you have you could put 09/01/2020.

All

Forgive the large group email but I want to ensure I have captured everyone who has expressed an interest in Axel while in Merseyside Police custody and requested a result.

As you are aware Axel was arrested for an assault on a child at Range High School, Formby, Merseyside (with use of a hockey stick), possession of an offence weapon (the hockey stick) and also possession of a bladed article (Knife) which was on his person at the time of the assault, although remained in his bag and was not used. While in custody further information was shared regarding concerning internet research completed by Axel and suggestion the attack at the school was planned due to a booked taxi.

He was bailed from Police custody on 11/12/19 due to the late hour and a request to return on the 12/12/19, the following day which he did with his mother acting as appropriate adult. Checks have been made with Lancashire EDT who confirm there are no concerns with Axel returning back to the family home on release.

Appropriate referrals have been made within Merseyside to be transferred to Lancashire. I am sharing this information under working together for any help, protection and support required to allow appropriate safeguarding considerations.

Axel has now been interviewed with legal representation. He provided a prepared statement admitting the assault, admitting possession of the hockey stick and knife but states he had no intention of using the knife or kill the alleged target of the attack and denies researching inappropriate material at the school on the internet. The report was referred to CPS, who following their instruction was bailed for charge decision to be made. He has been bailed with the following conditions:

1. NOT TO BE WITHIN 400 METERS OF RANGE HIGH SCHOOL, FORMBY, L37 2NY
2. NOT TO CONTACT BY SELF SERVANT OR AGENT DPA DPA OR DPA DPA BY ANY MEANS INCLUDING ELECTRONIC
3. NOT TO ATTEND THE ACORN CENTRE, RUFF LANE, L39 UNTIL CONFIRMATION OF RETURN IS GIVEN BY SOCIAL SERVICES OR THE APPROPRIATE AUTHORITY

I have updated Lancashire EDT this evening of this.

I have been informed that Acorn School in Ormskirk (where Axel currently attends) are unsure if he will be able to attend there and looking to complete a risk assessment once further information is known. Custody have requested Axel's mother to contact the school before attendance and seek appropriate authority before attending, hence the condition regarding Acorn.

Regards

Chris

Hi tara.
As per our telephone conversation.

I am part of the community safety team at ormskirk who generally try and work work with people ,mainly youths,to keep them out of bother.He lives in banks ,LANCS.

Over the last fortnight We were contacted by our Child and family wellbeing service.They had a referral from acorns school in ormskirk where Axel has been a pupil for a short period.

The school were reporting very concerning traits and behaviour from axel .They explained that axel had been expelled from The range school in Formby due to carrying knives into the school(exact details unknown).
He has been logging onto websites at school which involve school mass shootings.He also wants to talk about about guns and beheading and seems to have a ceratin hatred of teachers in particular.
Due to our extensive dealings with the aforementioned establishements this info was gleaned to us but due to its worrying and potentially serious mature the school were informed to refer the info to our PREVENT team which deal with potential terrorism offences.
Acorns school duly did this and at this time our Prevent team are conducting background checks and obtaining specific details.

However we now have this incident which has occurred in the school in Formby for which Axel is currently in your custody.

This e mail is thus sent for your attention and assistance in ensuring that You have full knowledge of the individual in your care and that the investigating officers have a full picture of the circs and his alarming and worrying behaviour .

Acorns school have informed me that they have had detailed communication with the Formby school and that they have stated that Axel went into the school with the sole intention of killing a particular pupil with the hockey stick and if that didn't work he would use the knife but the pupil in question was thankfully not at school today.!! .

Could you please ensure that the ensure the investigating officers get this additional information please.

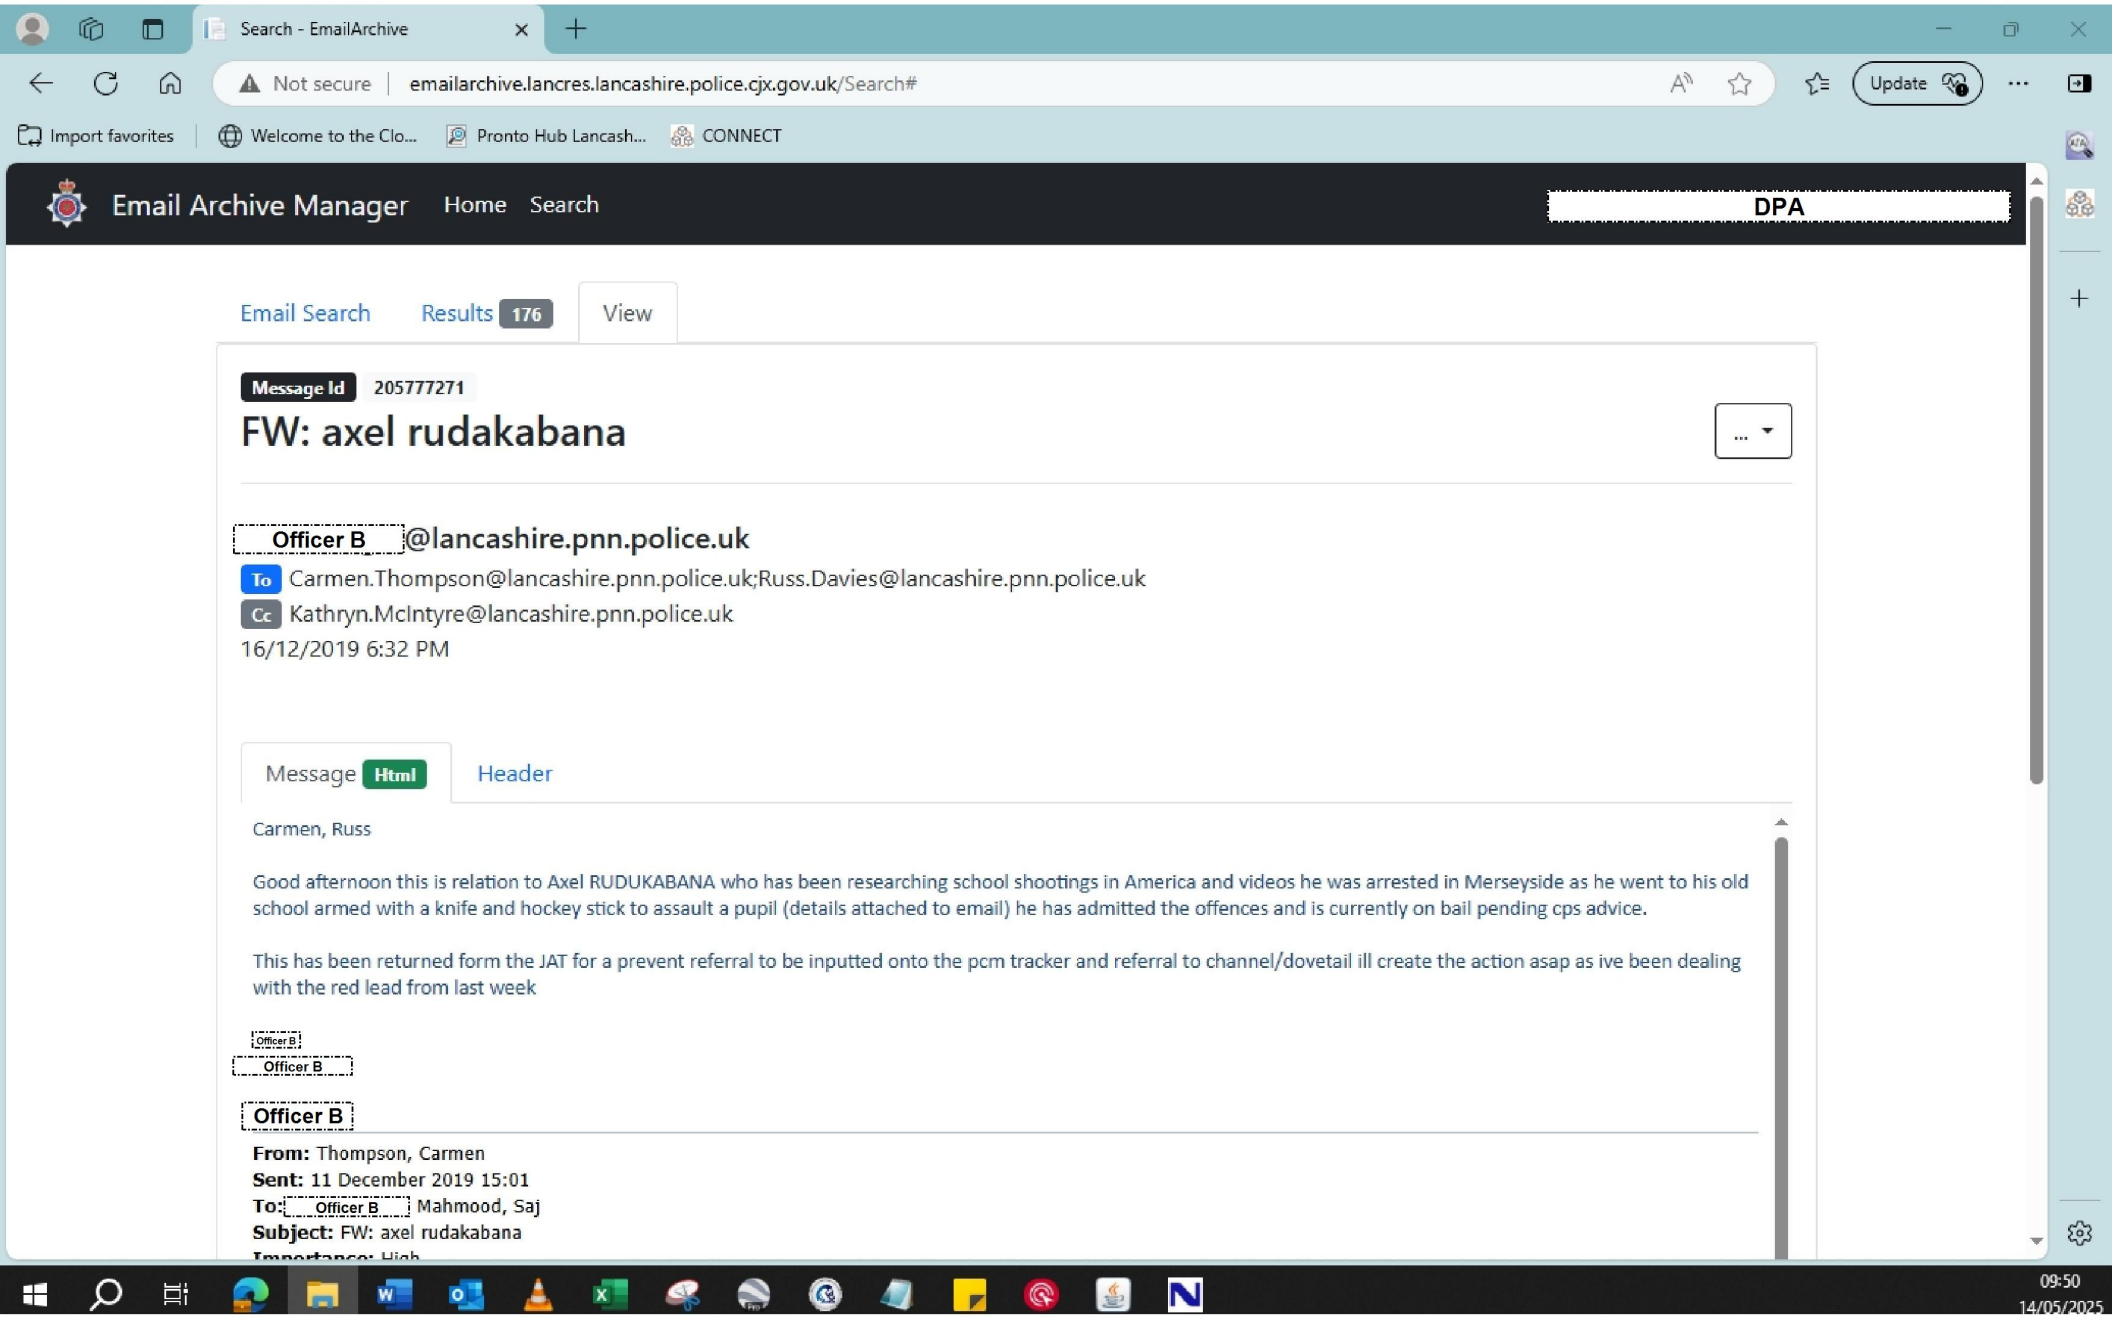

Thanks for your time.

Due to our extensive dealings with the aforementioned establishements this info was gleaned to us but due to its worrying and potentially serious mature the school were informed to refer the info to our PREVENT team which deal with potential terrorism offences.
Acorns school duly did this and at this time our Prevent team are conducting background checks and obtaining specific details.

However we now have this incident which has occurred in the school in Formby for which Axel is currently in your custody.

This e mail is thus sent for your attention and assistance in ensuring that You have full knowledge of the individual in your care and that the investigating officers have a full picture of the circs and his alarming and worrying behaviour .

Acorns school have informed me that they have had detailed communication with the Formby school and that they have stated that Axel went into the school with the sole intention of killing a particular pupil with the hockey stick and if that didn't work he would use the knife but the pupil in question was thankfully not at school today.!! .

Could you please ensure that the ensure the investigating officers get this additional information please.

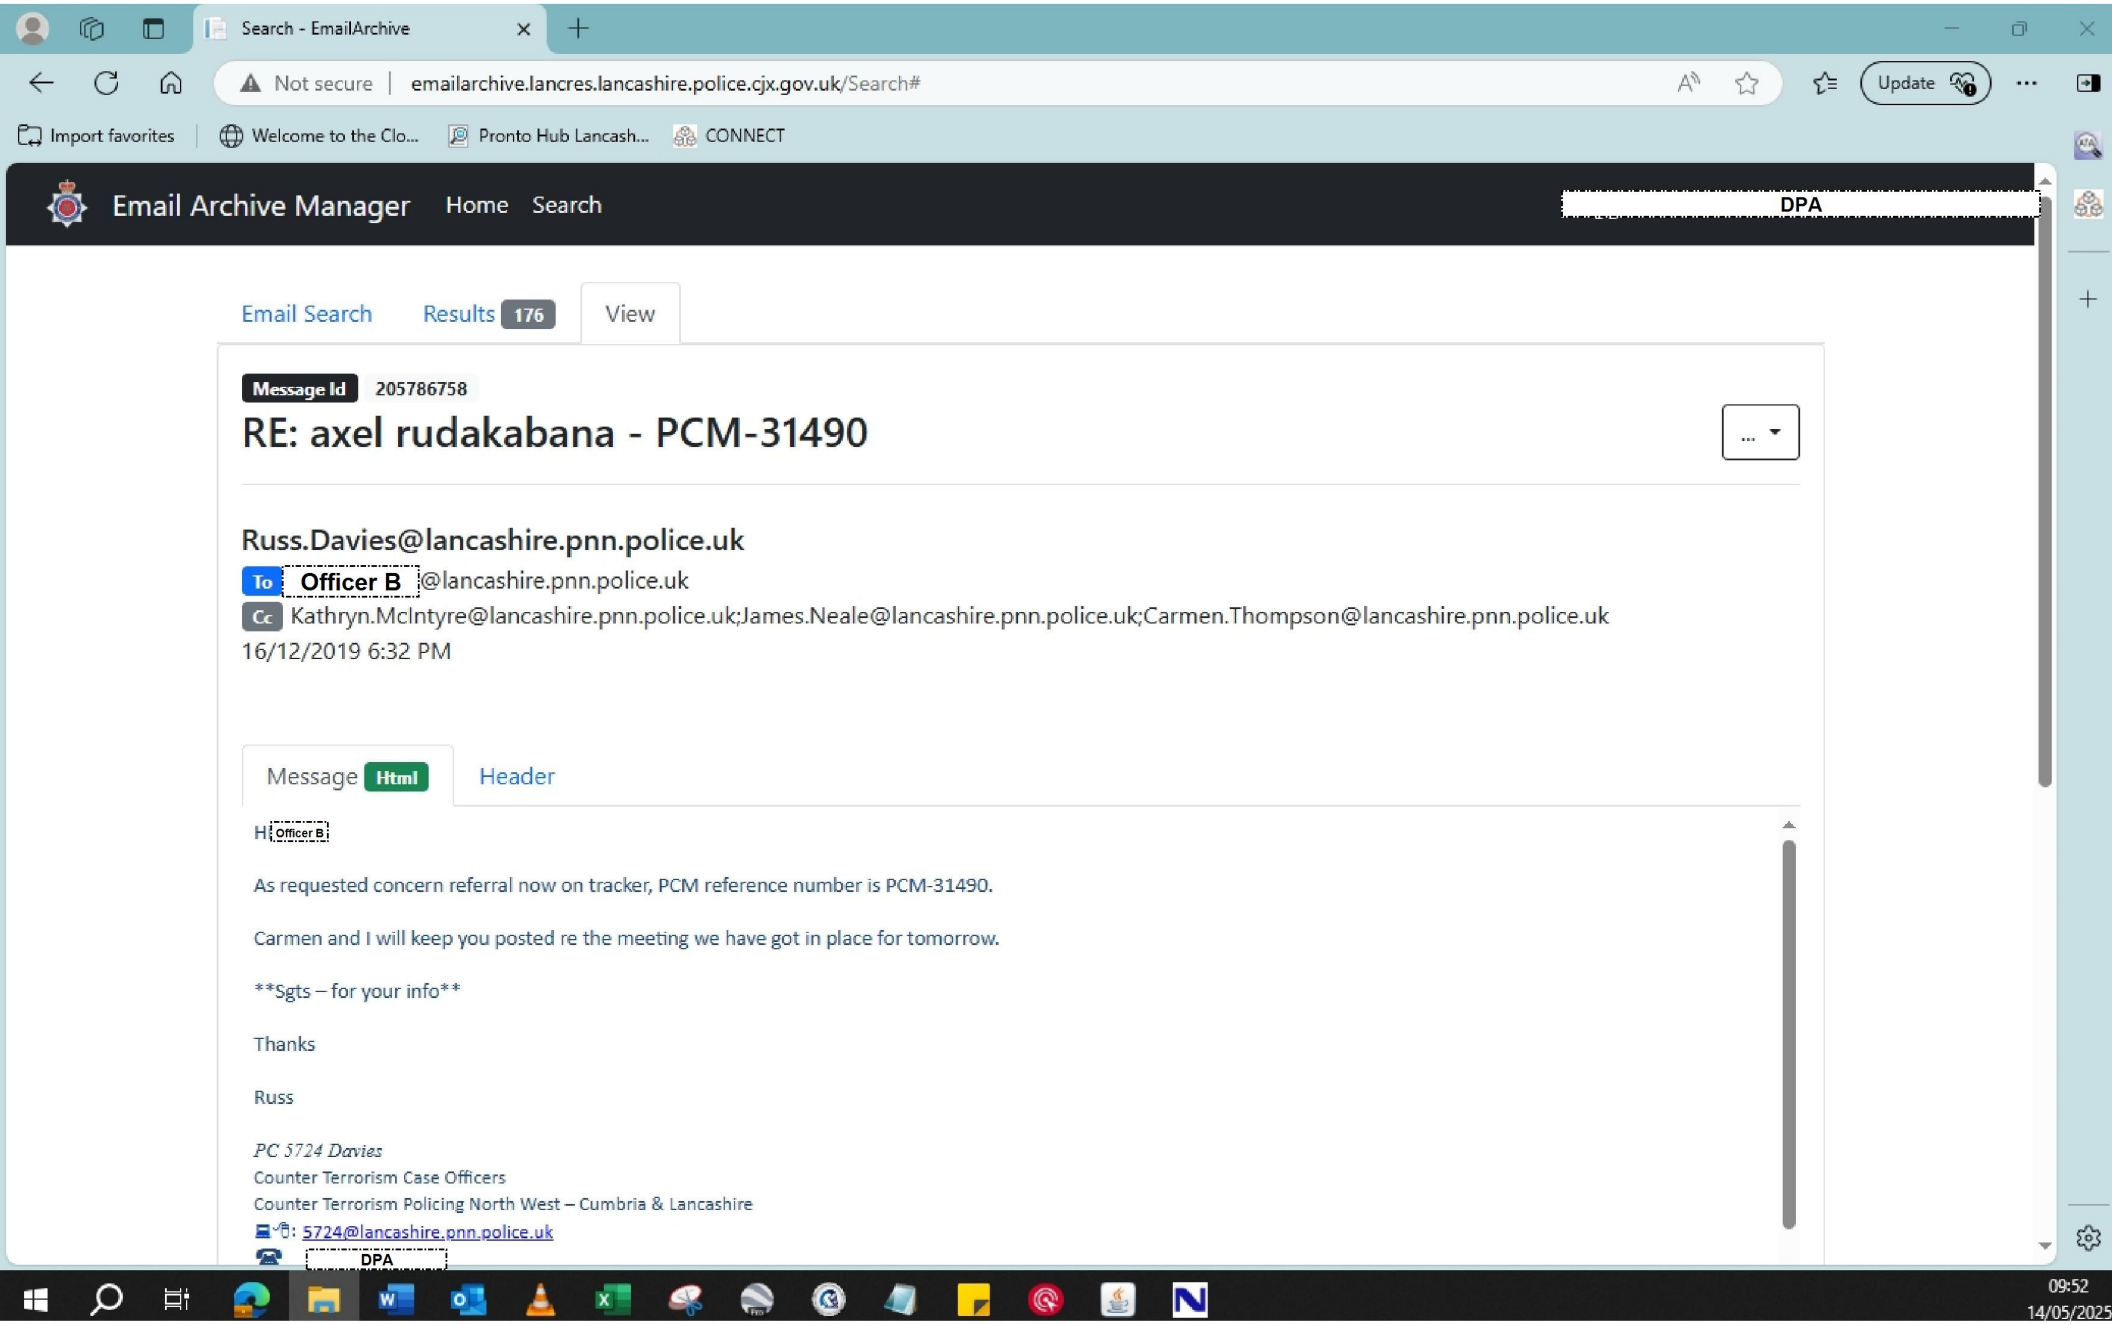

Thanks for your time.

Hello

This case is now closed to prevent as per the following assessment;

I do not feel that there are any CT/DE concerns at this stage, however the subject is extremely vulnerable and needs support from other agencies that are already in place, I have advised agencies to re refer to prevent should they have any more concerns in the future and also if any relevant information is found on his internet history from the school or from his devices.
This information has been assessed by FIMU as suitable for closure at this stage

Many Thanks Carmen

1. Explicit		Subject has been previously referred to Prevent. The outcome of that referral (for which the intelligence was far more concerning) was that he did not have any CT/DE ideology or vulnerable to radicalisation. I have reviewed this new referral which refers to 2 posts he has made on his Instagram page which relate to Gaddafi and discusses whether he was that bad. I have searched for and unable to find any Instagram page associated to him. Likewise I have found no Social Media accounts in his name. The Instagram posts he has made are screenshots from a website, www.newsshopper.co.uk/youngreporter/9394709.was-gaddafi-really-that-bad and is from November 2011. It does not appear that the subject was the author of this report. As such I do not believe this new intelligence is worthy of a new Prevent referral as I do not assess it would meet the thresholds for adoption at Chanel and the content does not suggest he holds any extremist ideology but rather an opposing opinion on Gaddafi's Libian regieme, questioning the US and EU motivation for removing Officer A)

Good afternoon Carmen
Apologies that I wasn't available to speak with you today as I am working from home. In relation to Axel ,we have no further concerns at this time. I have cc'd Maggie Allred Axel's high support tutor into this email. Maggie has informed myself and Jo Hodson our Acting Head Teacher that in relation to the Instagram post from Axel there is a possibility he could have written the actual post as it appears to be in his style of writing in relation to his ASD.

Good afternoon Carmen
Apologies that I wasn't available to speak with you today as I am working from home. In relation to Axel ,we have no further concerns at this time. I have cc'd Maggie Allred Axel's high support tutor into this email. Maggie has informed myself and Jo Hodson our Acting Head Teacher that in relation to the Instagram post from Axel there is a possibility he could have written the actual post as it appears to be in his style of writing in relation to his ASD.
Kind regards

Good afternoon
Please see below a CPOMS log from one of my colleagues Maggie Allred regarding one of our students- Axel Rudakubana. He has been previously known to yourselves at the PREVENT team. Please can you advise?
Axel's DOB is 7/8/2006
Address is:
10 Old School Close
Banks
Southport
PR9 8SB

"Axel was allowed access to the school computer for the first time in a long time (after issues in school last year) and Mrs Allred clearly explained that Axel must not go on games or webpages that could be disturbing or offensive and to treat the computer as a public place like a library computer. Axel agreed and used the computer with no issues that day.
Axel was using the computer to look at his English work (BBC bitesize). As Mrs Allred came closer to the screen and she noticed 2 other web pages were open with the words "London Bridge". At no point had Mrs Allred seen him look at these pages. Axel quickly closed them before anything else could be seen. Mrs Allred asked what Axel had been looking at. He said he was reading the news about the recent bomb that had been planted on London Bridge and he was reading the news. Mrs Allred asked Axel what he knew about it and Axel spoke in detail about the IRA, how it began and the "occupation" of Northern Ireland in the 1600's by the British and that is what started the conflict in Northern Ireland. Mrs Allred said she is pleased he is interested in history and global politics as long as he is looking at reliable websites as there are a lot of sites that say inaccurate things and he needs to get a balanced view. Axel said he understood, and he said he reads the Guardian. Axel then went onto to talk in great detail about the conflict between Israel and Palestine and his views on this and that some reasons for the conflict are justified in his opinion. He said that the MI5 have been asked to kill people in the IRA and Mrs Allred said it is unlikely and Axel clarified the news said that the MI5 had been asked to "take them out" which Mrs Allred clarified is different. Axel said there are always two sides to a story. Mrs Allred said that it is important that Axel isn't being influenced by anyone to believe an ideal and asked if he understood about radicalisation. Mrs Allred said if he is ever speaking to someone who says they have all the answers and to not trust anybody but them then that is not safe. Mrs Allred reminded Axel to make safe choices and not do anything that promotes violence in any way as he knows what the consequences of that are. Axel made no comment but nodded as though he understood. Mrs Allred asked would he be interested in a job as a journalist and Axel said no.
It was clear by Axel's conversation he had read a lot about the history and current politics of these conflicts and had formed strong opinions about what was right. His conversation was animated and passionate as though these topics are of great interest to him."

Please find assessment for Axel RUDAKUBANA – who has been on PCM x 2 31490 and 37556 respectively, carmen ahs some involvement and could fill you in from the last intervention.

I think the school have been advised to refer in should they feel the need to, however I have assessed as below in red – he is ASD and waiting for an EHCP for a specialist educational placement which I think will resolve all the minor behavioural concerns.

No need for any further Vc referal etc.

Let me know what you think

CT relevance		
	Yes/no	**Rationale**
1. Explicit		Axel RUDAKUBANA is a current pupil at the Acorn School in ORMSKIRK, prior to this he was excluded from The Range in Merseyside for bringing a knife into school and speaking about school massacre/shooting, it transpires that Axel had phoned childline to report bullying prior to bringing a knife into school. This was managed under PCM31490 and closed in 2020 as no CT DE after a visit by Prevent officers, who were satisfied that his vulnerabilities lied elsewhere in a potential ASD diagnosis. A further concern was highlighted in Feb 2021 after he was reported to still be in contact via Instagram with pupils at his old school and that pictures of Colonel GADAFFI has been shared this was briefly managed under PCM37556 and written off once again as no CTDE. This new reporting comes once again from Acorn school whereby the concern highlighted comes from Alex viewng news documents around the London Bridge attacks, he also spoke with his teacher about Isreal and Palastine and

There was obviously a local authority MASH led intervention around him bringing the knife into school which led to him being excluded and he now attends ACORN school in Ormskirk. The ongoing advice to staff has always been to refer should they feel that he shows any vulnerabilities going forward. This can sometimes lead to knee jerk referral's this one being highlighted in case. I do not assess the comments made by the subject in this instance to evidence he displays extremeist views, in fact he has commented that there are always two sides to a story, he obvioulsly has an interest in current affairs but this behaviour can also be attributed to his ASD diagnosis. He is currently waiting for an EHCP and is awaiting a specialist educational placement which I believe will help and support Axel through his ongoing education. I think the referal has been done with the best intentions which comes as a result from the initial issues when at The Range. As per the previous PCM (Colonel GADAFFI) I do not feel this new reporting holds any CT DE vulnerability and only highlights and interest in world news and current affairs

		which is a trait of ASD. Subjects educational needs are being met at Acorn and it is clear that the teachers are aware of reporting any future concerns. Dc Aspinall 22/04/2021

"Axel was allowed access to the school computer for the first time in a long time (after issues in school last year) and Mrs Allred clearly explained that Axel must not go on games or webpages that could be disturbing or offensive and to treat the computer as a public place like a library computer. Axel agreed and used the computer with no issues that day.
Axel was using the computer to look at his English work (BBC bitesize). As Mrs Allred came closer to the screen and she noticed 2 other web pages were open with the words "London Bridge". At no point had Mrs Allred seen him look at these pages. Axel quickly closed them before anything else could be seen. Mrs Allred asked what Axel had been looking at. He said he was reading the news about the recent bomb that had been planted on London Bridge and he was reading the news. Mrs Allred asked Axel what he knew about it and Axel spoke in detail about the IRA, how it began and the "occupation" of Northern Ireland in the 1600's by the British and that is what started the conflict in Northern Ireland. Mrs Allred said she is pleased he is interested in history and global politics as long as he is looking at reliable websites as there are a lot of sites that say inaccurate things and he needs to get a balanced view. Axel said he understood, and he said he reads the Guardian. Axel then went onto to talk in great detail about the conflict between Israel and Palestine and his views on this and that some reasons for the conflict are justified in his opinion. He said that the MI5 have been asked to kill people in the IRA and Mrs Allred said it is unlikely and Axel clarified the news said that the MI5 had been asked to "take them out" which Mrs Allred clarified is different. Axel said there are always two sides to a story. Mrs Allred said that it is important that Axel isn't being influenced by anyone to believe an ideal and asked if he understood about radicalisation. Mrs Allred said if he is ever speaking to someone who says they have all the answers and to not trust anybody but them then that is not safe. Mrs Allred reminded Axel to make safe choices and not do anything that promotes violence in any way as he knows what the consequences of that are. Axel made no comment but nodded as though he understood. Mrs Allred asked would he be interested in a job as a journalist and Axel said no.
It was clear by Axel's conversation he had read a lot about the history and current politics of these conflicts and had formed strong opinions about what was right. His conversation was animated and passionate as though these topics are of great interest to him."

Please find assessment for Axel RUDAKUBANA – who has been on PCM x 2 31490 and 37556 respectively, carmen ahs some involvement and could fill you in from the last intervention.
I think the school have been advised to refer in should they feel the need to, however I have assessed as below in red – he is ASD and waiting for an EHCP for a specialist educational placement which I think will resolve all the minor behavioural concerns.
No need for any further Vc referal etc.
Let me know what you think

CT relevance		
	Yes/no	**Rationale**
1. Explicit		Axel RUDAKUBANA is a current pupil at the Acorn School in ORMSKIRK, prior to this he was excluded from The Range in Merseyside for bringing a knife into school and speaking about school massacre/shooting, it transpires that Axel had phoned childline to report bullying prior to bringing a knife into school. This was managed under PCM31490 and closed in 2020 as no CT DE after a visit by Prevent officers, who were satisfied that his vulnerabilities lied elsewhere in a potential ASD diagnosis. A further concern was highlighted in Feb 2021 after he was reported to still be in contact via Instagram with pupils at his old school and that pictures of Colonel GADAFFI has been shared this was briefly managed under PCM37556 and written off once again as no CTDE. This new reporting comes once again from Acorn school whereby the concern highlighted comes from Alex viewng news documents around the London Bridge attacks, he also spoke with his teacher about Isreal and Palastine and had a conversation around MI5 and the IRA.

4. (a) Is the subject traced on NCIA?	Y	
(b) Will the intelligence develop the picture around the subject?	N	
5. Action to be raised against CT resource	N	
6. CSOI (new selectors to be shared/new threat/risk/behavioural intel to JAT).	N	
7. Not CT/DE relevant	Y

No further development (CT/DE relevant) – ***message***	Transfer to NCIA	

to NCIA17J30 for QA		
JAT submission		
Intelligence enhancement		
IMU redirect	PNN transfer or via NCIA	
Non-CT/DE – but may still require action within force or other agency	Disseminate to relevant department or agency	Axel was assessed back in 2019 under IHM and was assessed as not meeting the threshold for an investigation under the CT banner. There was obviously a local authority MASH led intervention around him bringing the knife into school which led to him being excluded and he now attends ACORN school in Ormskirk. The ongoing advice to staff has always been to refer should they feel that he shows any vulnerabilities going forward. This can sometimes lead to knee jerk referral's this one being highlighted in case. I do not assess the comments made by the subject in this instance to evidence he displays extremeist views, in fact he has commented that there are always two sides to a story, he obvioulsly has an interest in current affairs but this behaviour can also be attributed to his ASD diagnosis. He is currently waiting for an EHCP and is awaiting a specialist educational placement which I believe will help and support Axel through his ongoing education. I think the referal has been done with the best intentions which comes as a result from the initial issues when at The Range. As per the previous PCM (Colonel GADAFFI) I do not feel this new reporting holds any CT DE vulnerability and only highlights and interest in world news and current affairs which is a trait of ASD. Subjects educational needs are being met at Acorn and it is clear that the teachers are aware of reporting any future concerns. Dc Aspinall 22/04/2021

Good afternoon
Please see below a CPOMS log from one of my colleagues Maggie Allred regarding one of our students- Axel Rudakubana. He has been previously known to yourselves at the PREVENT team. Please can you advise?
Axel's DOB is 7/8/2006
Address is:
10 Old School Close
Banks
Southport

"Axel was allowed access to the school computer for the first time in a long time (after issues in school last year) and Mrs Allred clearly explained that Axel must not go on games or webpages that could be disturbing or offensive and to treat the computer as a public place like a library computer.
