I did speak to PC McNamee on the phone following this email. He said that we were doing everything possible by wandering and searching him, but that if we felt unsafe we were to dial 999 straight away.

Good afternoon,

I am contacting you with regard to a child you dealt with over the summer, Axel Rudakubana. He is now attending our school and I have serious safeguarding concerns.

15.11.19 "During ICT lesson today I found Axel searching school shootings in America. When I told him to stop and get on with his work he tried to engage in a conversation about the subject but was told this was not going to happen."

29.11.19 "At the start of the lesson Axel refused to sit down and opted for walking up and down near his seat punching his hand hard. He was told to stop as he would hurt himself. He then sat down and started to work with SM very reluctantly. SM was trying to give him ideas how to promote his business and one suggestion was to tell people that his business was new to the area. He insisted that this would not be good because people would think he would kill them as they did not know him. He said that people don't trust others they don't know in case they get murdered. He was regularly out of his seat and then he walked to the highest part of the ceiling, jumped up and punched a laminate hanging from it very hard"

03/12/19 "Within Art lesson, working with oil pastels colouring in Call of duty images. AR commented saying "Why can we have these with guns but can't look at guns on the Internet" and then said "can we have a picture of a severed head then", Mr Baker replied, this is not appropriate and changed the subject and explained that Art can be drawn with different topics such as still life which looks at the body form. He then tried to mention the topic again and I told him that everything you say is recorded and that the images have been allowed by HC."

Could you contact me asap?

Kind regards
