Good morning,

I'm here now and contactable, if you would like to speak to me.

Axel has an early help worker, Lucy Parkinson. She is aware of the latest incidents, but has been unable to contact his family. We have also been able to make recent telephone contact. Lucy has been trying to find out if there is an existing CAF in Sefton, but without success.

Range High School referred Axel to CAMHs at Alder Hey, but they turned the referral down and recommended a referral to Sefton Targeted Youth. It looks like this referral was never made, so Mrs Lewis has contacted our MASH team to see if they can refer him there.

I tried to refer to Lancashire CAMHs, but they turned the referral down as he has a Sefton GP, so I have re-referred him to Alder Hey. I'm awaiting a decision by them, but given they turned him down last time, I'm not holding out much hope.

He has been attending a service called Project 2000 in Southport, and they say that Dad has signed up to some parenting interventions starting in January. I have no other details of this.

I am concerned about the escalation of what he is saying and his perception that he is being targeted by another learner in our school "just like the other boy".

Is there anything else we should be doing? I really worried that with a West Lancs address and a Sefton GP, he is going to fall between the cracks. We are concerned there is potential for a serious incident, if we can't access the right support.

Thank you for your help

Morning,

I've tried to call, you but have been informed that you aren't in at the moment.

First of all thanks for your email, Axel's behaviour certainly seems quite concerning.

When I dealt with him he was referred to the relevant services by myself. Once that happens I can only see that he has been referred to Social Services. I unfortunately do not have any further information about what intervention he has had.

I assume that with regards the incidents you have outlined that the relevant referrals have been made?

Thanks,

Alex.

Good afternoon,

I am contacting you with regard to a child you dealt with over the summer, Axel Rudakubana. He is now attending our school and I have serious safeguarding concerns.

15.11.19 "During ICT lesson today I found Axel searching school shootings in America. When I told him to stop and get on with his work he tried to engage in a conversation about the subject but was told this was not going to happen."

29.11.19 "At the start of the lesson Axel refused to sit down and opted for walking up and down near his seat punching his hand hard. He was told to stop as he would hurt himself. He then sat down and started to work with SM very reluctantly. SM was trying to give him ideas

how to promote his business and one suggestion was to tell people that his business was new to the area. He insisted that this would not be good because people would think he would kill them as they did not know him. He said that people don't trust others they don't know in case they get murdered. He was regularly out of his seat and then he walked to the highest part of the ceiling, jumped up and punched a laminate hanging from it very hard"

03/12/19 "Within Art lesson, working with oil pastels colouring in Call of duty images. AR commented saying "Why can we have these with guns but can't look at guns on the Internet" and then said "can we have a picture of a severed head then", Mr Baker replied, this is not appropriate and changed the subject and explained that Art can be drawn with different topics such as still life which looks at the body form. He then tried to mention the topic again and I told him that everything you say is recorded and that the images have been allowed by HC."

Could you contact me asap?

Kind regards
