Closing Report Officer - PC 04 3213 Hopkins	25/03/2022 10:33	Axel was reported missing earlier in the day by his parents. They described this as out of character and thought it may be in relation to Axel attending a new school in April, he was due to meet his new teachers on the day on the incident. Axel is highly autistic and his new school is to support those with extra needs as mainstream education could not provide the best care for him. Axel was found on a bus a few hours after going missing, his parents had suggested he may have taken a knife from the home

		<p>kitchen. When located, Axel told officers he had this knife. He told officers he thought if he committed a serious crime, the police could help get his social media blocked. Despite a long conversation with Axel, he could not understand the consequences of this.</p> <p>Axel was returned home and parents are taking him to hospital. A high risk VC was submitted for support.</p> <p>Axel does not have capacity and prosecution is not appropriate in this instance.</p>
Information In/Received Officer - PC 04 8620 Fairclough	22/01/2025 11:42	<p>I supplied two statements to Merseyside Police in relation to Operation Greenbank. One on 23/08/2024 and the second on 28/11/2024.</p> <p>Due to the Public Inquiry that has been announced I have uploaded both of these statements to this and the VC investigation. I have previously contacted ICT and PSD to see if they can access/find any BWV I may have from that day. ICT said the footage automatically deletes after 30 days if it is not marked as evidential. An auditor from PSD also searched for the footage, although they could see me attempting to search, they could not find any footage themselves. This is all documented in the attached statements. I also have all exhibits mentioned in this statement saved.</p>
