Please provide a brief summary of current CSC involvement	Axel has assaulted another pupil in a school he used to attend. He attended the school for the purpose of assaulting a particular pupil but assaulted another with a hockey stick. When the police arrived Axel said he had a knife in his bag. This was confirmed. Axel was arrested. He later discussed feelings/intentions of killing the pupil he was looking for with the hockey stick or knife if the stick was not enough. Child and Family assessment completed. It is felt that Axel has undiagnosed ASD and is now open to YOT.
