(11.00 am)

SIR ADRIAN FULFORD: Yes, Mr Moss?**MR MOSS:** Thank you, sir.

Sir, save for one final witness, last Thursday we reached the end of the live evidence being adduced as to the sale and delivery of knives and weapons to AR.

This is our brief presentation on the other evidence which the Inquiry has obtained on that topic.

SIR ADRIAN FULFORD: Thank you very much.

Summary of further evidence relating to knives/weapons
(read)

MR MOSS: As we explained at the start of our first presentation in relation to the attack evidence, for each of the topic areas in our Phase 1 evidence, we intend to provide a brief public presentation on the other evidence made available to the Inquiry. This will not and is not intended to cover all of the material that has been disclosed. Instead, will aim to provide an objective overview that makes public key statements and other key materials which have been received by the Inquiry but where the witness has not been called or the material has not yet been brought out in the public hearings.

Unlike in an inquest, we will not be reading the

1

from a seller on Amazon called Jimbobs on 10 June 2023.

Can I turn first to the evidential picture on the two machetes that appear to have been age verified and I start with the Springfields of Burton machete and sharpening stone, that's 10 June 2023.

Sir, you will recall that Mr Luke Bullock of Springfields gave evidence on Tuesday of last week. He addressed the machete and sharpening stone which AR ordered from Springfields on 10 June 2023 and that delivery was effected by the company DPD.

At paragraph 49 of his witness statement, SPRB000014, Mr Bullock explained that he was informed by the North West Regional Organised Crime Unit that when they were investigating the delivery with DPD, DPD had said that they had no record of the parcel being carried to AR's address at the time of the purchase.

DPD have now produced a statement to this Inquiry from Mr Glyn Johnson, DPD000010, their head of security. At paragraph 12 of his statement, Mr Johnson said that.

"DPD has very easily been able to identify the information required by the Inquiry team, we can only apologise and find it unacceptable that ... [the] North West Regional Organised Crime Unit was unable to ascertain a response from DPD."

DPD have provided the Inquiry with their record of

3

evidence but seeking to give a fair, high-level overview of it.

So, sir, in relation to the sale and delivery of knives and other weapons to AR, the Inquiry intends to call one further witness within this topic, Mr Nick Hunt, who is the Head of the Firearms and Weapons Policy Unit within the Crime Directorate at the Home Office. Mr Hunt will be called to give evidence at a later date within Phase 1 and so I will not deal with his evidence in this presentation.

On the purchase of machetes we have, sir, as you know, and for obvious reasons, deliberately focused on, and called every witness in relation to, the Hunting and Knives machete supply chain because that purchase was not, it seems, age verified.

Within this presentation, I will summarise briefly the other evidence received on the other two machete purchases: the machete and sharpening stone purchase from Springfields of Burton on 10 June 2023 and the machete purchased from Knife Warehouse on 3 October 2023. In addition, I will then summarise the written evidence which the Inquiry has obtained by two other purchases made by AR, namely seeds from the castor oil plant which he obtained from Premier Seeds Direct Limited, that was 19 January 2022 and a sledgehammer

2

the delivery, that's DPD000006. Mr Johnson explains that DPD records show that the parcel was delivered on 14 June 2023 at 12.18 pm to 10 Old School Close, Banks, obviously AR's home address.

Mr Johnson has identified the delivery driver and confirmed that the delivery address recipient had the name "Alice", and that the email address associated with the order was the a.megalanian7@yahoo.com address, about which we have heard. This was an email address used by AR.

DPD have exhibited the photo taken as proof of delivery by the delivery driver, that's DPD000007, which shows the parcel in a doorway, as well as DPD's record of the delivery coordinates and Google Maps location, which were at DPD000008. Mr Johnson has confirmed on behalf of DPD that the name of the recipient taken by the driver on the delivery was "RUDAKUBN", and that the delivery was age verified.

Mr Johnson has explained that DPD's proof of age process requires the delivery driver to verify that the recipient is over the age of 18, either visually or by checking their ID, and that whilst the person signing for the delivery must be over 18 years of age, they do not necessarily have to be the named recipient. That's DPD000009.

4

DPD interviewed the delivery driver who had delivered AR's order, the reference for that is DPD000003. His recollection is of delivering the item to a black adult male, who he thought was older than his own age of 46, whom he described as having a "terrible attitude". As this man, who it may be thought was likely to be AR's father, was obviously over 18, DPD explain that his ID did not need to be checked. That was in accordance with DPD's age-verified delivery policies.

When AR's home address was searched, the machete, this machete, and the sharpening stone, which AR had purchased from Springfields, were found on top of the wardrobe in AR's parents' bedroom. Sir, they were in a sealed packaging with a delivery label which read "Alice", then the surname was given, "10 Old School Close, Banks". There are two references for that, MERP001282 and MERP002936, page 23. In his statement to Merseyside Police after the attack, AR's father stated that he had signed for a parcel containing knives that was addressed to someone with a British-sounding name and that he hid the parcel on top of the wardrobe despite AR asking for it. The reference for that is MERP001060 at page 4.

I turn next to the Knife Warehouse machete purchased

5

of birth entered on the system by the delivery driver for the recipient's age, which was given as 1975, the reference for that is RMG000009. However, they have not been able to recover any photos taken by the delivery driver in relation to the delivery because those photos are stored by a company called Mosaic, which only stores them for 12 months. The recipient's name was recorded as Olakunle, and the reference for that is RMG000008.

When interviewed by Royal Mail, their delivery driver confirmed that he recognised an image of AR from press coverage after the attack, and was certain that he had never delivered a parcel to AR. The driver recalled making a delivery to AR's address on one occasion but could not recall whether the item was subject to age verification requirements. He recalled that, on that occasion, the door was answered by a middle-aged black male of slight build and with short cropped hair.

Mr McAuley has confirmed that, at the time of the delivery to AR's address, it had in place a standard operating procedure which set out the age verification process, the reference for that is RMG000010. In accordance with that process, when a driver arrived at a customer's address, the driver would scan a barcode on the parcel, which would inform the driver whether age verification was required. If it was, the driver had to

7

on 3 October 2023.

Sir, you will recall the evidence from Joseph Wheeler of Knife Warehouse, who also gave evidence on Tuesday last week. He spoke to AR's purchase of the Black Panther machete on 3 October 2023. That delivery was carried out by Royal Mail and it was carried out using their age-verified delivery service. Royal Mail effected the delivery and have provided a witness statement from Mr McAuley, their UK Operations Director, the reference for that is RMG000016. Having interviewed the driver in question and examined the delivery data, Royal Mail have confirmed that a Royal Mail delivery driver delivered a parcel containing the machete purchased from Knife Warehouse to 10 Old School Close, in Banks, on 6 October 2023 and that that parcel required age verification.

Data from Royal Mail's internal system shows that the item was marked as "Delivered over 25 with Signature". That was done at 15.12, using their tracked 48-hour delivery service, the reference for that is RMG000002.

They have disclosed to the Inquiry the data captured on the deliver driver's digital system, which identifies the delivery driver, that's RMG000008. Mr McAuley has explained that they have been able to recover the year

6

confirm that they were delivering to a customer at the delivery address (as opposed to leaving it with a neighbour or in a safe place) and they were then prompted to enter the year of birth of the recipient. If a recipient's given age was over 25, the driver would confirm on the system that they looked over 25; they would then be prompted to take a photo of the parcel when it was delivered; they would be directed to enter the recipient's name; and the customer would be asked to sign to accept delivery.

If, on the other hand, the recipient looked under 25, the driver would be prompted to ask to see valid identification to confirm that they were over 18. A delivery would not be completed and the item would not be handed to the recipient if the ID showed an incorrect year of birth was given by the customer; that the customer was under 18; or the customer was unable to provide ID.

Mr McAuley has confirmed that Royal Mail believes that the age verification process was carried out by its driver in accordance with its standard operating procedure because the recipient, who the Royal Mail believes was very likely to have been AR's father, was both over 18 and appeared over 25, so his age did not need to be challenged.

8

1 I turn now to the two purchases made by AR which we
2 addressed in our opening but about which we did not
3 consider it proportionate to call oral evidence,
4 although those purchases were touched on in the oral
5 evidence you heard last week from Mr Bournemouth of
6 Amazon.

7 On 19 January 2022, when he was 15 and a half, AR
8 bought 150 seeds of a variety of the castor oil plant.
9 It was these seeds which he used to make the crude
10 preparation of ricin for which AR was convicted of
11 production of a biological toxin and sentenced to
12 a concurrent term of 12 years. Sir, AR bought those
13 seeds from Premier Seeds Direct Limited through Amazon.
14 Mr Redman the Managing Director of Premier Seeds Direct
15 Limited has provided a witness statement. The reference
16 is PREM000002.

17 Mr Redman has explained that the order was placed on
18 19 January 2022 and, once payment was confirmed through
19 Amazon, the order would have been automatically pushed
20 through to the Premier Seeds Direct dispatch system and
21 it was then picked and dispatched 2nd Class by Royal
22 Mail later the same day.

23 The seeds were ordered in AR's own name but the
24 shipping address was in AR's father's name and the
25 address was the next door neighbour's at 8 Old School

9

1 available in packets of 15 seeds. However, while they
2 recognise that a further improvement they could make
3 would be to restrict the quantity of seeds that it is
4 possible to order within a single transaction, they have
5 not gone so far as to implement that kind of
6 a restriction.

7 Turning to the sledgehammer. On 10 June 2023, the
8 same day that he purchased the machete and the
9 sharpening stone from Springfields, AR ordered a 2.7kg
10 sledgehammer through Amazon from a company called
11 Jimbobs.

12 The Inquiry has obtained a witness statement from
13 the director of Jimbobs Limited, a Mr Robert Shaw. The
14 reference for that is JIMB000002. Mr Shaw has confirmed
15 that AR placed an order at 10.35 pm on 10 June 2023 for
16 an Amtech Sledgehammer. However, this order was
17 cancelled by AR and a refund was issued. But shortly
18 thereafter, he placed another order at 11.22 pm for the
19 same item again. That order was completed. Due to the
20 passage of time since the orders were placed, Mr Shaw
21 was unable to access any more information about the
22 orders.

23 Mr Shaw has confirmed that a sledgehammer is not
24 an age-restricted item in the UK and so no age
25 verification was required at the point of that purchase.

11

1 Close.

2 The packaging for these seeds was found under the
3 bed in AR's room. Sir, you have heard evidence about
4 the other purchases AR made around the same time as
5 these seeds from Amazon and about whether those
6 purchases cumulatively ought to have raised a concern at
7 Amazon.

8 Looking solely at the seeds, we note that the sale
9 of the seeds for the castor bean plant are not
10 controlled by any specific legislation and the plant
11 itself is, as Mr Redman of Premier Seeds has attested,
12 widely grown for ornamental use. There was no
13 requirement for Premier Seeds Direct to carry out any
14 age checks, either at the point of purchase or delivery.
15 In addition, in a different context, the castor beans
16 may be used to make castor oil. As the law stood at the
17 time, and indeed now, it does not appear, therefore, on
18 the evidence received by the Inquiry, that the sale of
19 those seeds was inappropriate, as regards Premier Seeds
20 Direct, or that it was, by itself, inappropriate, so far
21 as Amazon was concerned.

22 Mr Redman has explained that Premier Seeds Direct
23 has taken the decision to de-list the bulk pack size
24 that was purchased by AR, which contained some 150
25 seeds, and instead they have made the product only

10

1 Sir, save for the evidence you will hear in due
2 course from Mr Hunt on behalf of the Home Office, that
3 concludes the evidence which we intend to adduce about
4 the sale and delivery of weapons and knives to AR.

5 **SIR ADRIAN FULFORD:** That's extremely useful Mr Moss. Thank
6 you very much.

7 **MR MOSS:** Thank you, sir.

8 **MR GOSS:** If we could call Mr Bramhall, please, sir.

9 **SIR ADRIAN FULFORD:** Certainly.

10 **PS ANDREW BRAMHALL (sworn)**

11 **Questioned by MR GOSS**

12 **SIR ADRIAN FULFORD:** Thank you very much, Mr Bramhall.
13 Please have a seat.

14 **A.** Thank you.

15 **SIR ADRIAN FULFORD:** Yes, Mr Goss.

16 **MR GOSS:** May it please you, sir. Could you give your full
17 name, please?

18 **A.** Andrew Bramhall.

19 **Q.** Could we have up, please, LANC000270. Is this your
20 witness statement for the Inquiry?

21 **A.** It is, yes.

22 **Q.** If we go, please, to page 9 of that, beneath the
23 redaction, you signed that on 30 July 2025?

24 **A.** I did, yes.

25 **Q.** Is that statement true to the best of your statement and

12

1 belief?

2 **A.** It is.

3 **Q.** Could I start by just getting a little bit of background

4 about your experience and your career and your role,

5 Mr Bramhall.

6 You were a police officer between 1992 and 2020?

7 **A.** I was.

8 **Q.** You were a uniformed officer for your whole career,

9 mostly working in Neighbourhood Policing, in the South

10 Division of Lancashire Constabulary?

11 **A.** Yes.

12 **Q.** You describe that as covering Skelmersdale, Chorley

13 Bamber Bridge and Leyland, and the South Division also

14 covers Banks?

15 **A.** It does, yes.

16 **Q.** You had a role in training other officers for some

17 years?

18 **A.** I did.

19 **Q.** In 2011, you were promoted to Sergeant and were in that

20 rank until you retired in 2020?

21 **A.** Yes.

22 **Q.** In December 2019, you were a Sergeant in Lancashire

23 Constabulary's Community Safety Team?

24 **A.** Yes.

25 **Q.** You describe that as a team which was engaged in trying

13

1 might have and look to identify funding and

2 opportunities for them to pursue a positive activity --

3 **A.** Yes.

4 **Q.** -- with a view to trying to use that opportunity to

5 bring them back onto, I think you describe it as the

6 straight and narrow?

7 **A.** Yes.

8 **Q.** As part of that work, would you attend multi-agency

9 meetings on a relatively frequent basis?

10 **A.** Yes, very often.

11 **Q.** Could we have LANC000270 back up please and page 2,

12 paragraph 10. At the bottom of the page, you say:

13 "We didn't really have an operating manual."

14 By that, do you mean there wasn't a written policy

15 or document that governed how the community safety team

16 worked?

17 **A.** No. I found my colleagues in different areas would

18 operate slightly different than I would but, ultimately,

19 towards the same goal.

20 **Q.** Was that a problem not having a guiding document in

21 terms of ensuring consistency of approach between

22 different cases?

23 **A.** I would say it was more of an advantage because it gave

24 us more leeway to deal with things on an individual and

25 bespoke nature.

15

1 to identify issues before they became problems?

2 **A.** Yes.

3 **Q.** It was preventative working, in other words?

4 **A.** It was.

5 **Q.** Do try and keep your voice up Mr PS Bramhall, so we can

6 all hear you?

7 **A.** Yes, apologies.

8 **Q.** That work included work with children?

9 **A.** Yes.

10 **Q.** It was multi-agency work, you would receive referrals

11 from anyone and then worked with schools, youth centres,

12 social services and mental health, and so on?

13 **A.** Yes.

14 **Q.** At paragraph 9 in your witness statement you give

15 an example of a teenager who is referred to you with

16 an interest in rock climbing. Presumably they had been

17 referred to you because of some concern over their

18 behaviour?

19 **A.** Yes, I used that as an example. It could be an interest

20 in anything that would divert them from --

21 **Q.** But it is not the interest that leads to them being

22 referred to you, it is a concern over them potentially

23 being drawn into criminal or anti-social behaviour?

24 **A.** Yes.

25 **Q.** You would then try and identify what interests they

14

1 **Q.** Did it pose a challenge for new staff trying to get up

2 to speed on how the team operated?

3 **A.** It would do, yes. Perhaps they were used to being --

4 adhering to policy and procedure that were slightly

5 different than what we were doing, which is trying to

6 not use the law but to work with people to try and get

7 them away from crime.

8 **Q.** Does the fact that there was no guiding document mean

9 that the levels of risk that you were operating with,

10 for example, what might be too serious for you or what

11 might indeed not be serious enough, there wasn't

12 anything for officers in your team to refer to, to tell

13 what those were?

14 **A.** I think the guiding principle was, could we make

15 a difference with this individual, were they ready to

16 work, were they ready to change.

17 **Q.** Do you think that some sort of guiding document, even if

18 not a wholly prescriptive one, might in hindsight have

19 been helpful for the team?

20 **A.** Possibly.

21 **Q.** As a sergeant on the team, you were supervising the work

22 of other officers?

23 **A.** Yes.

24 **Q.** How many officers were there within your team? Roughly,

25 if you need to -- I appreciate it was some time ago?

16

1 A. Perhaps 15.
 2 Q. I think in December 2019, one of those 15 or so was PC
 3 Paul Harrison?
 4 A. It was, yes.
 5 Q. You brought him onto the team quite recently because you
 6 thought he would be a good fit for it?
 7 A. Yes.
 8 Q. What was that assessment based on?
 9 A. He was experienced, I had known him for a number of
 10 years. He had -- he was very personable. When he met
 11 people, it did not take him many minutes to be able to
 12 build a rapport with them, which I felt was important.
 13 Q. Those are obviously important skills in the sort of
 14 preventative work that you are engaged in?
 15 A. Yes.
 16 Q. Can we look then at what PC Harrison was doing with AR's
 17 case in early December 2019. We are largely, I think,
 18 dependent on documents for this. You don't yourself
 19 have any particular independent recall of being told
 20 about what PC Harrison was doing?
 21 A. When I saw the minutes of the meeting, no. I didn't
 22 remember it at all.
 23 Q. We will come to the meeting in due course. Could we
 24 have LANC000060 up, please. This is an email from Paul
 25 Harrison to Mrs Jaeger at The Acorns School on

17

1 Q. When something was referred to you, there was work that
 2 you could do that didn't depend on things being referred
 3 to the MASH?
 4 A. That is right.
 5 Q. Which is not to say, of course, that it wouldn't be
 6 helpful also for there to be a MASH referral, so that,
 7 as you say, multiple agencies could be made aware of
 8 an issue?
 9 A. Yes.
 10 Q. Can we look to LANC000097 please. If we could have the
 11 lower email on that page enlarged. We can see this is
 12 the next day, 8.50 on 5 December, an email from Ms Lewis
 13 at The Acorns, thanking PC Harrison for his email and
 14 saying:
 15 "I have already tried to refer this young person to
 16 MASH on 3/12/2019. I tried to contact Matt Chipchase
 17 and left a message for a call back for advice. I also
 18 sent an urgent email to MASH requesting advice and have
 19 no response to the email as of yet. Please can you
 20 offer any further advice?"
 21 Then asking him if he is attending a meeting about
 22 AR at 11.30 that day at Acorns.
 23 Is it concerning that The Acorns, as a pupil
 24 referral unit, was struggling to get access to the MASH?
 25 A. Yes, I would say so.

19

1 4 December 2019; do you see that?
 2 A. I do yes.
 3 Q. It says:
 4 "We have been made aware by Lucy Parkinson of child
 5 & family wellbeing service at The Grove in Burscough of
 6 the incidents and concerns regarding the above."
 7 We see AR's name in the subject:
 8 "As requested by Lucy could you please refer this
 9 information to the MASH as a matter of urgency so it can
 10 be referred to the appropriate departments in the police
 11 and other agencies."
 12 So there has been contact between Child & Family
 13 Wellbeing Service with PC Harrison and the CST, and he
 14 is now going back to the school and asked the school to
 15 make a MASH referral.
 16 Why the request for a MASH referral?
 17 A. MASH is Multi-Agency Safeguarding Hub, so it wasn't just
 18 one agency that would try to have a hand in and try to
 19 resolve the issue.
 20 Q. But anyone can make a referral to the CST; is that
 21 right?
 22 A. Yes.
 23 Q. It did not need to come through the MASH to be allocated
 24 to the CST?
 25 A. No, it didn't.

18

1 Q. Did you have difficulties working in the CST, trying to
 2 get access to the MASH or making referrals into it?
 3 A. No.
 4 Q. Did you find that this sort request saying, "We have
 5 tried to refer somebody to the MASH but haven't been
 6 able to get anywhere, can you help?", was a common sort
 7 of request to you?
 8 A. Not really, no, it went -- if a referral went in, it was
 9 received and --
 10 Q. But something here clearly -- I'm not saying this is
 11 down to the community safety team -- but something here
 12 clearly is not quite right as regards the MASH picking
 13 up and processing this referral?
 14 A. Something is not -- I'm reading this as an IT issue,
 15 rather than a refusal.
 16 Q. Thinking about the meeting that morning, we know from
 17 other evidence that this was a meeting at Acorns between
 18 the Child & Family Wellbeing Service from Lancashire
 19 County Council, the school and AR's parents and, indeed,
 20 AR himself attended part of it.
 21 Can we look at the email at the top of the page now.
 22 We can see there, first of all, he deals with the point
 23 about the MASH:
 24 "... I have forwarded your email to a contact ... so
 25 I hope they will get in touch."

20

1 Then:

2 "PS: I have been advised not to attend the meeting
3 as this info on the face of it is of a higher risk than
4 community safety to deal with."

5 Before I ask you about that, can we just look at
6 PC Harrison's description of the information he had been
7 passed, so we know what he was talking about. That's in
8 some later emails. Could we look at LANC000110, please.

9 If we could have the paragraph beginning, "Acorns
10 contacted", and those three paragraphs enlarged, please,
11 in the middle of the page.

12 Thank you. So this is, I think on 16 December,
13 PC Harrison's description of what he was told. It says:

14 "Acorns contacted Child and Family Wellbeing ... due
15 to some very concerning behaviour ...

16 "Acorns divulged that [AR] had been accessing mass
17 school shootings online at the school, he has
18 an unhealthy obsession with guns, he draws disturbing
19 pictures and talks about beheadings!!! He had been
20 expelled from a school in Formby for taking a knife in."

21 That's what he then says this information is of
22 higher risk than for community safety to deal with.

23 What he says in that email is:

24 "Speaking to all the staff in my office and Sergeant
25 Bramhall, it was decided quite rightly that this info

21

1 appropriate for the Community Safety Team to deal with?

2 A. Yes.

3 Q. Can you help us as to why?

4 A. We were more trying to resolve low-level crime, people
5 that perhaps would get into more serious things. From
6 the information that I can see now, he had already gone
7 straight into quite serious matters and his interests
8 were well above us and what we could deal with. I feel
9 that Prevent should, at the very least, be involved in
10 it.

11 Q. Is there a risk of somewhat black and white thinking
12 here: it is either for us or it is for Prevent, rather
13 than saying, "Well, actually this is a potential risk,
14 Prevent may need to be involved but there may be a role
15 for us as well"?

16 A. My thinking is that, if Prevent had ownership of it,
17 they would have referred to us for some local work or
18 asked us to do particular tasks.

19 Q. Could we go back to your witness statement please,
20 LANC000270, page 6.

21 If we could have paragraph 27 enlarged, please.
22 This is your recollection of another case that had
23 involvement with Prevent, where you were on the CST team
24 and in that case you say:

25 "A member of the Prevent team contacted the CST

23

1 should not sit with us and should be sent to the Prevent
2 team. The school duly sent off the relevant referral
3 form to Prevent."

4 In your witness statement, you describe recalling --
5 at paragraph 22, sir, on page 5 -- you describe asking
6 a colleague who AR was around this time, having heard
7 his name in the office, and someone, possibly
8 PC Harrison, saying "He is not for us Sarge, Prevent
9 have him". There was clearly some sort of discussion in
10 the office, whether that was PC Harrison approaching you
11 for advice or you asking who he was and being told "not
12 for us, Prevent have him"; is that fair?

13 A. To be fair, I don't remember this at all.

14 Q. Do you think it is likely, given that this email says,
15 "Speaking to all the staff in my office and Sergeant
16 Bramhall, it was decided ... that this ... should not
17 sit with us", that PC Harrison would have consulted you
18 about the level of risk and whether this was one for
19 your team?

20 A. I think that's likely, yes.

21 Q. That would fit with him being quite a new member to the
22 team as well, wouldn't it?

23 A. Yes.

24 Q. Do you think that's quite -- first of all, do you stand
25 by the view that this was a more serious risk than was

22

1 office and spoke to one of my colleagues who agreed to
2 remain in regular contact with this individual and refer
3 to Prevent should any further concerns arise, which we
4 did."

5 That suggests, again, perhaps a slightly more
6 blended approach of both CST and Prevent having
7 an interest in the same person at the same time?

8 A. Yes.

9 Q. Do you think, therefore, that in AR's case, even though
10 this was a case that you knew had been referred to
11 Prevent by The Acorns from quite early in December, CST
12 could, in fact, still have retained an interest in?

13 A. I felt overall control should have been with Prevent,
14 but I felt reassured that -- from a previous involvement
15 that, had there been some work for us to do, they would
16 have asked us and we would have helped where we could.

17 Q. Was there any other team, other than Prevent, who might
18 deal with cases that were higher risk than were for CST
19 to deal with?

20 A. I'm not aware of any.

21 Q. In terms of general practice, when somebody comes to
22 CST's attention, would it have been normal to carry out
23 checks on Lancashire Force systems for any information
24 relating to them?

25 A. It would yes.

24

1 Q. We know that, as at 3, 4, 5 December, when AR comes to
2 PC Harrison's attention, there was still an open
3 vulnerable child investigation, following contact with
4 Lancashire Police on 27 October 2019. That was
5 an incident where AR had admitted to carrying a knife
6 into school on multiple occasions.

7 Would that have been the sort of information that
8 was relevant to CST?

9 A. It would.

10 Q. Could we look at LANC000104, please. The lower email is
11 an email sent by PC Harrison on 11 December. This is
12 just after AR has been arrested in respect of the
13 incident at the Range High School. He gives a summary
14 to a Merseyside officer of what he knows, and he says:
15 "The school were reporting very concerning traits
16 and behaviour from [AR]. They explained that [AR] had
17 been expelled from the Range School in Formby due to
18 carrying knives into the school (exact details
19 unknown)."

20 Does it surprise you that, given that there was
21 a log on Lancashire's Force's systems in relation to
22 this incident and one that had, in fact, still been open
23 when AR first came to CST's attention, that by
24 11 December exact details of that were still said to be
25 unknown?

25

1 A. Yes, if it was on CONNECT then it would have been
2 searchable.

3 Q. Might you also expect a CST officer dealing with a new
4 case or a new referral, or someone who has come to their
5 attention, to approach an officer who has dealt with
6 that individual previously?

7 A. Yes.

8 Q. We know that PC McNamee had dealt with AR in October
9 2019. It doesn't appear that there was contact with him
10 saying, for example: what can you tell us about AR?

11 A. I don't know, I'm sorry.

12 Q. Could we look, please, to LANC000098. I just want to
13 follow the MASH referral through. I'm trying to keep
14 things broadly in a chronological sequence.

15 We saw that PC Harrison said that he had forwarded
16 The Acorns email to a contact in the MASH. This is that
17 forwarding. In the bottom email, the lower email:

18 "Hi Matt.

19 "This is the email I received from Acorns this
20 morning.

21 "I know it's not your area but could you direct this
22 email to the right place and ensure someone gets back to
23 them. It's is high risk."

24 Then the email at the top, 5 December 2019 at
25 5.21 pm:

27

1 A. I'm sorry, unknown by who?

2 Q. Well, they were unknown to PC Harrison, weren't they,
3 that's what he says?

4 A. Okay, sorry. What was the question again?

5 Q. It seems that the details of what had happened in
6 October 2019, which were available on Lancashire's
7 Force's systems, were unknown to PC Harrison on
8 11 December; is that right, from this email?

9 I appreciate you weren't a party to this email,
10 Mr Bramhall. I'm just asking, the email says:

11 "[AR] had been expelled from the Range School in
12 Formby due to carrying knives into the school (exact
13 details unknown)."

14 So it seems that PC Harrison wasn't aware of those
15 details, was he?

16 A. Just going off the emails, it would appear so.

17 Q. Does that surprise you, given that information about
18 that was on the Lancashire Force system CONNECT?

19 A. If he was taking knives into school in Merseyside, it
20 wouldn't be on Lancashire system.

21 Q. We know it had been reported to Lancashire and it was on
22 the Lancashire system. So if a check had been carried
23 out on AR, you would have expected that to have been not
24 "exact details unknown" but that to be, "These are the
25 details we know about it", wouldn't you?

26

1 "Hi Paul,

2 "Really sorry I forgot to reply this morning I have
3 forwarded your email onto Jennifer Ashton from the MASH
4 education team, same as Matt Chipchase she will be able
5 to advise school. Matt has not been in contact with
6 school as he is off work at the moment. School should
7 have contacted the MASH education team rather than
8 directly to Matt. In relation to the referral there was
9 no trace of this in MASH.

10 "Sorry for the delay in replying."

11 PC Harrison clearly doing his best here to make sure
12 this gets to the right place and, no doubt, that's
13 helpful. Is it fair to say that reliance on these sorts
14 of personal contacts is not really how MASH is supposed
15 to work?

16 A. No, it is supposed to be submitted, go through all the
17 proper processes.

18 Q. We spoke about the meeting that Acorns were arranging
19 for 5 December, which PC Harrison said he wouldn't be
20 attending as this was higher risk. That meeting took
21 place without police attendance. The conclusion of it
22 was that there would be a Prevent referral. We have
23 spoken a little about that already, but also a referral
24 to what's called Police Early Action. Is that another
25 name for the CST?

28

1 **A.** Yes.

2 **Q.** That then seems to have led, if we could have

3 LANC000099, to PC Harrison seeking a further meeting on

4 6 December:

5 "Hi Jan,

6 "I could do with coming to have a chat this morning

7 about [AR]. Would you be available."

8 Also attending a meeting with Acorn staff that day.

9 LCC000235, please, page 6.

10 I don't think we have that document available.

11 That's my fault. But it is a record that shows that

12 PC Harrison attended a meeting that day with Acorns. It

13 was on 6 December.

14 He was subsequently invited, if we could have

15 LANC000100 -- with which I hope we will have some better

16 luck -- and if we could look at the bottom email on that

17 page. This is on 10 December, so as well as a meeting

18 on 6 December, we can see that on 10 December

19 PC Harrison is making arrangements for a further meeting

20 later that week, looking to come into Acorns to prepare

21 for that meeting.

22 Is it fair to say then that whatever initial

23 concerns there may have been about AR being "too high

24 risk for us", they seem to have softened somewhat and

25 PC Harrison is staying involved, attending meetings

29

1 Terrorism Policing North West, to whom he knows

2 a Prevent referral has been made, throughout 11 and

3 12 December; is that fair?

4 **A.** It would appear so, from the documents I have seen.

5 **Q.** If we could just look at some of those documents. We

6 have LANC000104, page 3. This is an email to an officer

7 in Merseyside Police. It begins, "Hi Tara", and we know

8 that that's a custody sergeant in Merseyside, and it

9 provides something of an update about what CST know

10 about AR. Then if we can go to LANC000105, please.

11 I'm sorry, could we take that down, please.

12 I'm going to deal with that in a different way

13 please, sir. We will make sure that that is available

14 but what happens at that point is that email, sent to

15 Tara, is forwarded to PC Thompson in CTP North West and

16 he tries to put her in touch with the Custody Sergeant,

17 and is also put in touch with Officer B, and in turn

18 links that officer in with the investigations team in

19 Merseyside Police. I appreciate you can't see the

20 document but will you take it from me that's what it

21 shows?

22 **A.** Yes.

23 **Q.** There is then an email that is sent by a Detective

24 Sergeant in Merseyside to a number of different

25 officers, including PC Harrison, with an update on

31

1 about AR?

2 **A.** My understanding is that, until there had been a firm

3 hand over to Prevent, then we should keep involved and

4 keep abreast. As I mentioned earlier on, we may have

5 needed to do some light touch involvement with him.

6 **Q.** Everything then is rather overtaken by events on the

7 morning of 11 December, when AR attends the Range High

8 School and assaults another pupil with a hockey stick.

9 He also has a knife in his rucksack and he is arrested,

10 as you will be aware, by Merseyside Police officers.

11 I think Lancashire Force Control Room were informed

12 about what had happened but, in fact, we also, if we

13 look at the top of this email that we have on the screen

14 now, can see that The Acorns informed PC Harrison direct

15 at just before 10.30 that morning; do you see that?

16 **A.** I do, yes.

17 **SIR ADRIAN FULFORD:** Which number is that document?

18 **MR GOSS:** That is LANC000100.

19 **SIR ADRIAN FULFORD:** Thank you very much.

20 **MR GOSS:** We don't need to bring it up but, for your note,

21 sir, LANC000239 shows Acorns also trying to make

22 telephone contact with PC Harrison the same day.

23 **SIR ADRIAN FULFORD:** Thank you very much.

24 **MR GOSS:** PC Harrison then acts as something of a conduit

25 for information between Merseyside Police, Counter

30

1 12 December. Again, if we could not bring it up,

2 please, but LANC000106, providing an update on

3 developments with AR while he has been in custody?

4 **A.** Okay.

5 **MR GOSS:** Can we look then at LANC000107.

6 Sorry, can we take that down, please.

7 Sir, could I ask you to rise for five minutes?

8 **SIR ADRIAN FULFORD:** Certainly.

9 (11.55 am)

10 (A short break)

11 (12.10 pm)

12 **SIR ADRIAN FULFORD:** Mr Goss, can I just say, so that it is

13 on the record, that, because of the small technical

14 hitch that we encountered just before I rose, it is

15 going to be necessary, certainly for a period, to

16 interrupt the broadcast of these proceedings so that we

17 can rectify the consequences of that technical hitch.

18 The broadcast will be resumed once that has happened.

19 Thank you very much.

20 **MR GOSS:** Thank you, sir, and thank you for the time.

21 Could we go back then, please, to LANC000107. Thank

22 you. This records an email between PC Harrison and Anna

23 Jameson of Lancashire County Council Children's Social

24 Care, CSC, and it is on 13 December 2019:

25 "Hi Anna.

32

1 "I went to visit AR's address today."
 2 I think the only record of this visit to the address
 3 that we have is in emails. You are nodding your head.
 4 It says:
 5 "Only said hello to [AR] briefly as I am not allowed
 6 to get involved in the investigation."
 7 Of course, by this point, there was a criminal
 8 investigation being led by Merseyside:
 9 "I spoke to mum Laetitia who ensured *[sic]* me that
 10 [AR] would be supervised all the time by her or dad.
 11 "I informed them that if he managed to give them the
 12 slip she should phone the police.
 13 "I got the impression they are still in denial over
 14 how serious this actually is."
 15 It then gives details for a contact in Prevent.
 16 He then finishes:
 17 "Any news on the meeting?"
 18 We will come to that meeting in a moment.
 19 Helpful no doubt though it is that PC Harrison was
 20 passing this information on to Ms Jameson, who was now
 21 the lead from Children's Social Care for AR, should all
 22 of this information, these visits, these emails, have
 23 been recorded somewhere centrally?
 24 A. Yes.
 25 Q. Would cases that CST was involved in ordinarily have had

33

1 not the actual text of the referral?
 2 A. Yes.
 3 Q. There wasn't any such record created in this case, was
 4 there?
 5 A. Clearly, at the time, I thought there was because I have
 6 asked Paul in an email to update CONNECT with the
 7 minutes of the strategy meeting.
 8 Q. That's a couple of months further down the line but,
 9 yes, we may come to that. You thought there was but, in
 10 fact, there's not been any such record located, has
 11 there?
 12 A. I don't know.
 13 Q. Do you think the absence of an operating manual might
 14 have been a factor here? There was nothing telling
 15 somebody new to CST that the work they are doing needs
 16 to be recorded on Force systems?
 17 A. It was practice for us to record all of our cases on --
 18 open a CONNECT case and record everything on it.
 19 I don't know why Paul hasn't.
 20 Q. Can we come then to the strategy meeting, LANC000054,
 21 please. You are one of the addressees for this and we
 22 can see this is an email from Ms Jameson on 13 December
 23 2019, inviting you and a number of others to a strategy
 24 meeting in respect of AR's family?
 25 A. Yes.

35

1 some sort of log or record on Lancashire's systems?
 2 A. Yes.
 3 Q. Would that be a vulnerable child log on CONNECT, for
 4 example?
 5 A. CONNECT.
 6 Q. Some sort of log on CONNECT?
 7 A. Yes, it was multifaceted, you could use it for putting
 8 in, for example, a custody record, a crime
 9 investigation, that kind of thing.
 10 Q. We have seen vulnerable child investigations on there,
 11 or vulnerable adult investigations, would that be the
 12 sort of thing you might use?
 13 A. Yes.
 14 Q. If there had been such a log, such a record on CONNECT,
 15 that would have ensured that all of this information
 16 that is coming to and from and through PC Harrison was
 17 recorded in one place and available for other officers
 18 in the future, wouldn't it?
 19 A. Yes.
 20 Q. That would have included, for example, the fact that
 21 there had been a Prevent referral for AR, you would have
 22 expected that to be recorded on that log.
 23 A. At least a note of it, whether it was the referral
 24 itself.
 25 Q. Yes. So a note that there had been a referral, perhaps

34

1 Q. That's come to you on a Friday, about 3.45 in the
 2 afternoon, for a meeting on the Tuesday morning. Was
 3 that a normal period of notice for one of these
 4 meetings?
 5 A. It's not unusual.
 6 Q. Would that give you sufficient time, including over the
 7 weekend, to prepare for that meeting?
 8 A. I don't think I opened that email until the Monday
 9 morning.
 10 Q. You wouldn't have picked it up until the Monday morning?
 11 A. I replied on the Monday morning.
 12 Q. It was, I think, routine for a Sergeant to attend these
 13 kinds of meetings --
 14 A. Yes.
 15 Q. -- part of making sure that there's sufficiently senior
 16 representation there, that decisions can be made
 17 effectively?
 18 A. Yes.
 19 Q. You don't, I think, recall the meeting and you make that
 20 very clear at paragraph 14 of your witness statement,
 21 page 4.
 22 A. No.
 23 Q. But you did attend it with PC Harrison?
 24 A. Yes.
 25 Q. In terms of preparation for that meeting, I think you

36

1 think you may have relied quite heavily on PC Harrison's
 2 involvement with the case?
 3 **A.** Yes.
 4 **Q.** Was that normal and appropriate for you as the senior
 5 representative going?
 6 **A.** Yes, he would have had fine detail of the case, rather
 7 than just a summary that I might have picked up from
 8 elsewhere.
 9 **Q.** What steps do you take, as the senior participant from
 10 Lancashire Constabulary in this meeting, to gain
 11 information about AR before attending?
 12 **A.** I would have been heavily reliant on Paul. I don't
 13 believe I did any research myself.
 14 **Q.** Would there have been any steps, would you have expected
 15 PC Harrison to take any steps to get up-to-date
 16 information from other agencies or was that the purpose
 17 of the meeting?
 18 **A.** Yes, he had been involved, from what I see now, right up
 19 to this meeting, so was quite abreast of the situation.
 20 **Q.** At paragraph 21 of your witness statement, you say you
 21 can't recall what you were aware of about AR's history
 22 or background prior to the meeting. Do you think you
 23 would have had some sort of briefing at the time from
 24 PC Harrison?
 25 **A.** From what I have read now on the emails, clearly I did

37

1 safeguarding with the family:
 2 "Parents are alarmingly playing the situation and
 3 his behaviour down."
 4 Then mentions that he is attending a strategy
 5 meeting tomorrow. He finishes:
 6 "Nobody told me I would be dealing with
 7 terrorists!!!!!!!!!!!!!!!!!!!!!!"
 8 Then a large number of exclamation marks.
 9 Can we take it then that the view that you would
 10 have been likely briefed on by PC Harrison was to the
 11 effect, "I think he is a terrorist"?
 12 **A.** That and the fact that Prevent were interested in him
 13 would have made me think that he had that kind of
 14 leaning.
 15 **Q.** It may be that that number of exclamation marks
 16 indicates that this is slightly tongue in cheek but,
 17 certainly, it is flagging a clear view that this is
 18 a case where potentially terrorism is an issue and
 19 Prevent are involved?
 20 **A.** Yes.
 21 **Q.** Then could we look, please, at LANC000109. This is
 22 an email from PC Thompson in CTP North West, Prevent, to
 23 PC Harrison, on the morning, 7.07, of 17 December 2019:
 24 "Good morning
 25 "I will be attending a strategy meeting at 10.00 am

39

1 have some knowledge of it and I would have been able to
 2 get clarification from PC Harrison, should I have needed
 3 it.
 4 **Q.** Can we look at LANC000110. This is an email we have
 5 looked at already, it is from PC Harrison on
 6 16 December, so the day before the strategy meeting, and
 7 it sets out PC Harrison's thoughts on the case. Is it
 8 likely that this would have been the sort of information
 9 he would have been briefing you on that day or perhaps
 10 the following morning, before the strategy meeting?
 11 **A.** Yes.
 12 **Q.** It is an email, I think, to Inspector or possibly Chief
 13 Inspector Dixon, can you just help us with who she was?
 14 **A.** Inspector Dixon was my line manager.
 15 **Q.** Again we have looked at some of the details already, he
 16 sets out some of the information he received from the
 17 Child & Family Wellbeing Service and from The Acorns;
 18 sets out the fact that there had been a Prevent
 19 referral; sets out the contact he has made with various
 20 individuals, including the custody office in Merseyside;
 21 sets out that he has been contacted with the Custody
 22 Mental Health Nurse, and gave them information. That's
 23 Ms Hallaron.

24 Then if we go over the page, please, he notes the
 25 fact that he visited the home address to discuss

38

1 this morning and [AR] will be coming to Prevent."
 2 Do you think it's likely that that email, a few
 3 hours before the strategy meeting, would have been drawn
 4 to your attention before you attended that meeting?
 5 **A.** If Paul had picked that up, he would have reassured me
 6 that Prevent were taking ownership.
 7 **Q.** Thank you. That can come down, please. You and
 8 PC Harrison were the only attendees at that meeting from
 9 Lancashire Constabulary?
 10 **A.** Yes.
 11 **Q.** It was your responsibility, therefore, to bring all
 12 relevant information from the Force to that meeting?
 13 **A.** Yes.
 14 **Q.** We have talked about the 7 October call, AR carrying
 15 knives at the Range High School, that was on CONNECT but
 16 that it didn't seem PC Harrison had all the details of.
 17 Do you think that you and PC Harrison between you,
 18 without knowing full details of that incident, were in
 19 a position to bring all the relevant information from
 20 Lancashire to that meeting?
 21 **A.** The Range High School is Merseyside and Merseyside
 22 officers were attending the meeting. So they had more
 23 relevant information than we did. It was their
 24 information that we were privy to.
 25 **Q.** The Range High School was in Merseyside and, certainly

40

1 for the incident on 11 December, Merseyside had the lead
 2 on it. But for the one in October 2019, that had been
 3 recorded on a Lancashire system by PC McNamee?
 4 A. Yes.
 5 Q. That information doesn't seem to have been something
 6 that you and PC Harrison had made yourselves aware of
 7 prior to this meeting; is that fair?
 8 A. It is fair, yes.
 9 Q. Your role, I think -- and you say this at paragraph 24
 10 of your statement -- at a strategy meeting was to listen
 11 to the issues raised and discuss solutions or
 12 interventions and I think that would lead to the setting
 13 and allocation of tasks with deadlines for each agency.
 14 Is that a fair summary?
 15 A. Yes.
 16 Q. Had you considered before the meeting what sort of
 17 things might fall out of it as regards the risk posed by
 18 AR?
 19 A. I would have imagined it would be reasonable to assume
 20 that Prevent would ask us to do some work.
 21 Q. For the meeting itself, you are dependent on the minutes
 22 of it?
 23 A. Yes.
 24 Q. You have no independent recollection of it now. Can we
 25 have those minutes then, please, LANC000004. Given that

41

1 Q. The first update is then from DC Murphy, the
 2 Investigating Officer from Merseyside?
 3 A. Yes.
 4 Q. Then the next page, please. We then have an update from
 5 Stephanie Hallaron at the Criminal Justice Liaison and
 6 Diversion Mental Health Team?
 7 A. Yes.
 8 Q. Then from the Range High School. But there are a number
 9 of different agencies contribute before Prevent do; is
 10 that right?
 11 A. Yes.
 12 Q. If we go to the next page, please. In fact, if we can
 13 go to page 6. At the bottom of the page, we get the
 14 contribution from PC Thompson:
 15 "Carmen Thompson from Prevent identified that she
 16 will be completing an assessment regarding AR and
 17 considering if a referral to Channel programme would be
 18 appropriate for him."
 19 Then looking at the next page. On the "Agreed
 20 actions":
 21 "Prevent team to commence initial assessment."
 22 A. Yes.
 23 Q. There's nothing in these minutes that say anything as
 24 clear as, "Prevent are to be the lead agency", is there?
 25 A. Not on these minutes but from the email to PC Harrison,

43

1 you are dependent on the minutes, have you reviewed
 2 those carefully as part of preparing to give evidence
 3 today --
 4 A. Yes.
 5 Q. -- and as part of preparing your witness statement?
 6 A. Yes.
 7 Q. If we could go to the second page, please. We have the
 8 list of attendees. We can see that you are there as
 9 Community Safety Sergeant in the middle and then
 10 PC Harrison Community Safety Officer, second from the
 11 bottom.
 12 I'm not going to go through all of them but we have
 13 PC Thompson, she is down as being from the Police Early
 14 Action team. As you said, that is another name for your
 15 team. In fact, she is from Prevent?
 16 A. Yes.
 17 Q. You considered that Prevent were the lead agency for
 18 this by this stage, didn't you?
 19 A. Yes.
 20 Q. It wasn't Prevent chairing this meeting, was it?
 21 A. No.
 22 Q. If we could go to the third page, please, we can see
 23 that the meeting is opened by Matt, who I think is from
 24 Children's Social Care?
 25 A. I believe so, yes.

42

1 that's where we were.
 2 Q. It doesn't sound, from this meeting as a whole, as
 3 though Prevent have taken ownership of AR, does it?
 4 They are conducting what they describe as an initial
 5 assessment.
 6 A. Not the wording on these minutes, no.
 7 Q. This meeting took place after that email from that
 8 morning, didn't it?
 9 A. Yes.
 10 Q. It supersedes that email, doesn't it?
 11 A. Well, the email was sent 7.00 in the morning, wasn't it,
 12 prior to this?
 13 Q. Yes, and this was then later on the same day?
 14 A. Yes.
 15 Q. So even if the email first thing in the morning has
 16 given the clear impression he is coming to Prevent, you
 17 now, having met with PC Thompson, know that, in fact,
 18 what is happening is it's an initial assessment to see
 19 if he is appropriate.
 20 A. I can't remember, sorry.
 21 Q. Given that you are dependent on the documents and you
 22 studied these minutes carefully, can you help us with
 23 why your statement is so adamant that Prevent are to be
 24 the lead agency and have taken ownership of AR, when
 25 what they were saying in the strategy meeting is they

44

1 are to commence an initial assessment?

2 **A.** I was still under the impression that Prevent were

3 ownership and, on reading this, is that this is part of

4 their process, that -- of taking ownership.

5 **Q.** Do you think it was clear to everyone in the meeting

6 that Prevent were to be the lead agency and had

7 ownership of this?

8 **A.** I couldn't say, in all honesty.

9 **Q.** Can we turn to some of the other content of the meeting.

10 Can we go back to page 4, please. I just want to look

11 at some of the information that has been shared between

12 agencies in that meeting.

13 At the top of the page, first full paragraph,

14 Merseyside Police share that there were some concerns at

15 the interview where he laughed at inappropriate times.

16 There wasn't really any challenge from his mother who

17 was present as appropriate adult.

18 Then also, the next paragraph down, there is the

19 fact that he had approached the victim's sister the day

20 before and called her an unpleasant name via Instagram.

21 You have the update from Ms Hallaron, which

22 includes:

23 "[He said] he'd intended to kill [his victim] and

24 would have done so if he'd found him. She advised he

25 showed no remorse."

45

1 from Early Help. It talks about AR being quite a force

2 in the household appearing to dominate discussion and,

3 at times, shout down his parents.

4 Then, at the very bottom of that page:

5 "Concerns summarised and discussion held regarding

6 risk of significant harm. It was agreed that there is

7 a risk of re-offending from [AR] however at this point

8 based on the interactions so far there is no evidence

9 that the children [that is AR and his brother] are

10 presently at risk of significant harm."

11 Do you think that, in the round, the information

12 shared and discussed at that meeting revealed a high

13 risk of harm to others from AR?

14 **A.** Yes.

15 **Q.** Looking at the way that the paragraph we have just

16 looked at -- in fact, if we go one page further on

17 because we have the reasons for decisions:

18 "... no evidence at this time that either child is

19 at risk of significant harm ... acknowledged need for

20 multi-agency support and assessment on various areas of

21 need and a level of risk based on [AR's] offending ...

22 As such a follow-up strategy meeting will take place to

23 consider the risks to the children and further plan the

24 assessment."

25 Do you think there was a focus within the meeting on

47

1 Further observation on the parents:

2 "[Mum] has generally been very quiet. Dad was

3 dismissive when police contacted him to say that [AR]

4 needed a parent with him and stated he couldn't get

5 there as he was busy."

6 If we look at the bottom of this page, please, Range

7 High School talk about him being:

8 "... challenging and inappropriate in some things he

9 said to teachers and children alike and when challenged

10 doesn't accept any responsibility. Will basically argue

11 even in the face of evidence to the contrary."

12 Then the next page, please. First of all, it

13 covers, towards the top of the page, the issue at the

14 Range where AR had been bringing a knife into school on

15 ten occasions. Then there is a further updates at the

16 bottom from Acorns, his current school, saying:

17 "... He's begun to display strange behaviours

18 creating issues with other children and occasionally

19 fixating on staff members. There have also been issues

20 within Acorns where he's used the school computers to

21 'research' school shootings, et cetera.

22 "He has disclosed that in his opinion he's been

23 bullied however this has not been evidenced when school

24 have looked into this."

25 Then on page 6, please, it talks about the update

46

1 identifying risks of harm to AR, rather than from him?

2 **A.** Just looking at the minutes of this meeting, I think

3 there was probably a bias towards harm to them rather

4 than from them but I think it was covered.

5 **Q.** There doesn't appear to be any record of input from you

6 or PC Harrison in this meeting, does there?

7 **A.** No.

8 **Q.** Could we look at LANC000116. This is another email from

9 PC Harrison to Inspector Dixon. This one from quite

10 some time later, 7 August 2020. It seems to be some

11 form of record of this for a case file or an assessment

12 but it sets out some of the details and then, if we

13 could go down, please -- thank you -- there is a short

14 description from PC Harrison at this meeting, where he

15 says:

16 "The social workers were keen for [AR] to return to

17 schooling at Acorns who resisted and I spoke up for them

18 at the meeting stating it wasn't safe to do so and this

19 was finally agreed."

20 That would suggest there may have been some

21 contribution from PC Harrison, albeit it is only

22 recorded in August 2020?

23 **A.** Yes, that's what I'm picking up from the email.

24 **Q.** You don't have any recollection of that yourself?

25 **A.** No.

48

1 Q. You are shaking your head to indicate --
 2 A. No, I'm sorry.
 3 Q. Just for the transcript, you understand that?
 4 A. Yes.
 5 Q. Other than that possible contribution, can you help us
 6 with why there wasn't any contribution from the police
 7 force for the area where AR lived and where he was now
 8 attending school?
 9 A. I can't remember the meeting, so whether it was said and
 10 not recorded, I don't know.
 11 Q. Do you think that that suggests there may have been
 12 a failure by you and PC Harrison to really engage with
 13 the purpose of this meeting?
 14 A. Not really, no.
 15 Q. The Community Safety Team really ought to have had
 16 a role in these circumstances, shouldn't it?
 17 A. Yes.
 18 Q. But from your perspective, it was Prevent who were the
 19 lead agency and that meant no ongoing role for you,
 20 unless they specifically asked; is that a fair
 21 characterisation?
 22 A. Yes.
 23 Q. I think in your statement you also refer to considering
 24 that Merseyside Police, as the investigating agency, had
 25 a role, given both the ongoing investigation and the

49

1 that he kept on putting people in contact with each
 2 other, providing updates about the criminal
 3 investigation and, I think at one point also,
 4 received -- if we could have LANC000111 -- he has
 5 forwarded to him an attachment described as "Chronology
 6 of [AR] at The Acorn School".

7 We don't need to bring it up, sir, but the
 8 attachment itself is at LANC000235.

9 **SIR ADRIAN FULFORD:** Thank you.

10 That is two days after the strategy meeting?

11 A. Yes.

12 **MR GOSS:** So although there may be no further role at the
 13 strategy meeting, PC Harrison does seem to retain some
 14 further involvement with AR's case after that meeting;
 15 is that fair?

16 A. Yes, I would have expected him to, with his ongoing
 17 support with the school and Children & Family Wellbeing
 18 Service.

19 Q. If a case was found not to be appropriate for Prevent or
 20 for Channel, would you expect the case to come back to
 21 you?

22 A. Potentially.

23 Q. Would that be directly from Prevent or would that be via
 24 a referral from another agency or perhaps another
 25 multi-agency meeting?

51

1 bail conditions they had imposed. Those bail conditions
 2 would only last for the duration of the investigation,
 3 wouldn't they?

4 A. Yes.

5 Q. When it comes to, if I can put it this way, preventative
 6 policing, would it not normally be for the force where
 7 somebody lives to take the lead on that?

8 A. In normal circumstances, yes.

9 Q. In this case, though, it wasn't normal circumstances
 10 because of the Prevent involvement, is that --

11 A. Yes.

12 Q. After that meeting, there were no actions for Lancashire
 13 Constabulary and I think you were informed --
 14 LANC000135 -- by Ms Jameson that you didn't need to
 15 attend the follow-up meeting. We can see here an email
 16 to you:

17 "Hi Andy,

18 "Thanks to you and Paul coming on Monday.

19 "I have not sent you or Paul an invite to the next
 20 one given there's no further role for your agency.

21 "I just wanted to say thanks for coming!!"

22 You see that on 19 December and it is above
 23 an invitation to the follow-up meeting on 6 January?

24 A. Yes.

25 Q. There was though still further action by PC Harrison, in

50

1 A. I have not come across this before, so I wouldn't know.

2 Q. Do you think, in hindsight, perhaps you should have
 3 pushed back on the suggestion that there was no further
 4 CST role and said, "Actually, we are interested in
 5 staying involved, we would like to attend the further
 6 meeting, even though there are no actions for us"?

7 A. I would have expected to have been invited, if it was
 8 felt that we had something to contribute. What I would
 9 be worried about is stepping on another agency's toes
 10 and getting in the way.

11 Q. Pushing back and saying, "Actually, we would quite like
 12 to attend", it is unlikely to be seen as treading on
 13 toes, if you are holding a watching brief, to make sure
 14 what's going on with the case?

15 A. That could have happened.

16 Q. It would, to some degree, have represented you taking
 17 ownership of the fact that there was someone displaying
 18 obviously high risk behaviour in your force area, even
 19 if you weren't going to be the lead agency?

20 A. Like I say, we could have said that.

21 Q. Because when it did come to the 6 January meeting, the
 22 view from Prevent at that stage was, it was not felt he
 23 has any issues regarding the Channel/Prevent programme,
 24 no concerns that he was being led into criminality or
 25 radicalised, but the wider view of the meeting was that

52

1 there was a risk to AR of further criminality.
 2 Again, we do not need to bring it up but it is
 3 LCC000023.
 4 In those circumstances, where Prevent have said it
 5 is not for them but there is a risk of further
 6 criminality, is that not exactly the sort of space that
 7 the CST team would expect to operate in?
 8 A. Potentially.
 9 Q. But since you weren't at that meeting, it would have had
 10 to have been referred back to you by someone who was?
 11 A. Yes.
 12 Q. It is fair, Mr Bramhall, to put this in its wider
 13 context, by February 2020, AR had been charged with
 14 criminal offences and those, in due course, led to him
 15 being open to the local Youth Offending Service, which
 16 was an organisation you work alongside?
 17 A. Yes.
 18 Q. To some degree, no doubt, there is a degree of overlap
 19 between the kind of support you could offer and that
 20 that they could offer?
 21 A. They tended to do their own work. So we didn't have
 22 an overlap of that.
 23 Q. But there were, at the very least, opportunities further
 24 down the line for you to be re-engaged if somebody else
 25 had thought that appropriate?

53

1 to say -- to reassure him, he was a new in service
 2 officer, so I wanted to reassure him that he's done
 3 well, keep him updated and I know from experience that
 4 when you are young in service, you tend to think that
 5 people will blame you, whether it's your fault or not.
 6 So I just really wanted to reassure him, so, perhaps
 7 badly worded.
 8 Q. I mean, there is no doubt that putting a high-risk
 9 vulnerable child referral, or PVP, onto the system in
 10 October 2019 was the right thing to do and the desire to
 11 reassure him, entirely understandable. Given that that
 12 referral had been put on there in October 2019, was it
 13 concerning to you, as someone involved in preventative
 14 policing, that almost exactly the thing that was being
 15 warned about in October had come to pass two months
 16 later?
 17 A. It was concerning, yes.
 18 Q. Despite that referral, whatever interventions there may
 19 have been, simply haven't been effective?
 20 A. As I say, what I was saying the referral had gone to
 21 Prevent and that's where I understood it remained.
 22 Q. Did you frequently have issues where matters were
 23 referred to the MASH and then it appeared as though, in
 24 fact, nothing was really done about it?
 25 A. Not that I recall.

55

1 A. Yes.
 2 Q. Could we have LANC000194 up please. This is an email
 3 from you to PC McNamee after the strategy meeting. By
 4 this point, clearly you have become aware of the October
 5 referral on CONNECT --
 6 A. Yes.
 7 Q. -- because you refer to him putting it on there?
 8 A. Yes.
 9 Q. You are reassuring him that he has done the right thing?
 10 A. Yes.
 11 Q. The way you have expressed that, you say:
 12 "You did exactly the right thing by inputting a PVP
 13 ..."
 14 It is Protecting Vulnerable People, it is an old
 15 phrase for the referral form?
 16 A. Yes.
 17 Q. "... on CONNECT that was then shared with other
 18 agencies. [AR] has since gone to his old school in
 19 Southport and committed a serious offence. Due to your
 20 timely PVP the finger of blame will not be pointed in
 21 your direction."
 22 It might be thought that's a rather cold
 23 reassurance, the finger of blame is going to point at
 24 somebody but just not him; is that fair?
 25 A. It's perhaps a poorly written email but what I intended

54

1 Q. Is there a degree of thinking in this email of: so long
 2 as you submit a PVP form, it is fine, someone else will
 3 own the risk?
 4 A. No, I don't think so. I think Alex, PC McNamee, had
 5 done what he should have done at the time and it would
 6 then be picked up by somebody that could spend the
 7 appropriate amount of time. It wouldn't be for
 8 a response officer, who is rushing from job to job, to
 9 try and take a long-term care of this individual.
 10 Q. All right. That can come down now, thank you.
 11 Could we go back to your witness statement,
 12 LANC000270. This is the last topic I want to deal with,
 13 Mr Bramhall. Can we go to page 8, please.
 14 At paragraph 39, you set out that, from your
 15 perspective, you thought that --
 16 I think it might be the next part of paragraph 39,
 17 onto the next page. Thank you.
 18 You were satisfied with the number of officers
 19 working on the CST, as well as their experience and
 20 their commitment?
 21 A. Yes.
 22 Q. I think you then left Lancashire Constabulary in June
 23 2020 on retirement?
 24 A. Yes.
 25 Q. Was that partly influenced by the fact that, in the

56

1 Covid-19 pandemic, there wasn't really an opportunity
 2 for you to do meaningful work with the people you were
 3 trying to help?
 4 **A.** Yes.
 5 **Q.** So when thinking about opportunities to engage AR in
 6 this sort of period, if you had begun to engage with him
 7 in January 2020, the Covid-19 pandemic would have
 8 seriously limited what you could do from March 2020
 9 onwards?
 10 **A.** Yes.
 11 **Q.** At 41, on page 9, you set out the benefits that you
 12 consider preventative policing can bring. As you say,
 13 you have not been a member of the Force for some five
 14 years now and so, to some extent, this is your view from
 15 2019/2020. But could you just set out for us what
 16 advantages you think there are in preventative policing?
 17 **A.** As I mention in my statement, it is difficult to
 18 quantify preventing something happening. So -- because
 19 figures don't support something that hasn't happened,
 20 you can show that there has been a reduction in various
 21 things. So that was, for example, you may get somebody
 22 who rings the police 10 times a day, 15 times a day. If
 23 you reduce it down to one time a day, it is a win. So
 24 as I say preventative, large or small, it may well -- it
 25 was certainly worthwhile doing.

57

1 as to why that might be?
 2 **A.** Sorry, no recollection.
 3 **Q.** Given the evidence you have given about the risk, and
 4 the perception that we can see from the documents we
 5 have been shown about concerns over mental health or
 6 developmental disorder and what FCAMHS is for, would you
 7 not have expected them to have been present at that
 8 meeting?
 9 **A.** It would have been useful if they had been.
 10 **Q.** Yes. Finally, in your view, whose responsibility was it
 11 to identify and invite relevant agencies to that
 12 meeting?
 13 **A.** It was Lancashire Social Services who was doing the
 14 organising.
 15 **MR WEATHERBY:** Right, thank you very much.
 16 **SIR ADRIAN FULFORD:** Thank you, Mr Weatherby.
 17 Mr Bramhall, thank you very much for your evidence.
 18 You are now free to go.
 19 **A.** Thank you.
 20 **SIR ADRIAN FULFORD:** Shall we take the next witness after
 21 lunch?
 22 **MR GOSS:** Yes, sir.
 23 **SIR ADRIAN FULFORD:** Shall we sit then again at 1.55 pm.
 24 **MR GOSS:** Yes, sir.
 25 **(12.55 pm)**

59

1 **Q.** Thank you. Lastly, Mr Bramhall, from me, from the point
 2 in early December 2019, when concerns were raised with
 3 CST through PC Harrison about AR's conduct, from your
 4 perspective, who was responsible for assessing and
 5 addressing the risk that AR posed to others?
 6 **A.** Prevent.
 7 **Q.** Did that change at any stage?
 8 **A.** No.
 9 **Q.** Within Lancashire Constabulary, in that period when CST
 10 were involved, was there anyone who had that
 11 responsibility?
 12 **A.** Sorry, we are dealing with AR?
 13 **Q.** For dealing with the risk posed by AR to others.
 14 **A.** No.
 15 **MR GOSS:** I will just look to see if there's anything from
 16 others.
 17 Yes, I think so.
 18 **SIR ADRIAN FULFORD:** Yes, Mr Weatherby.
 19 **Questioned by MR WEATHERBY**
 20 **MR WEATHERBY:** Thank you.
 21 Mr Bramhall, just one very brief issue from me. So
 22 the strategy meeting that you had been asked about,
 23 17 December, we know from the notes that FCAMHS, the
 24 Forensic Children and Adolescent Mental Health Service
 25 were not in attendance of that. Are you able to help us

58

1 **(The short adjournment)**
 2 **(1.55 pm)**
 3 **DC PAULA MURPHY (sworn)**
 4 **Questioned by MR GOSS**
 5 **SIR ADRIAN FULFORD:** Please have a seat, Ms Murphy.
 6 Yes, Mr Goss?
 7 **MR GOSS:** May it please you, sir. Could you give your full
 8 name, please?
 9 **A.** It is DC Paula Murphy.
 10 **Q.** If we could have MERP007786, please. Is this a witness
 11 statement you have made for the Inquiry?
 12 **A.** It is, yes.
 13 **Q.** If we could go to page 17. You have signed that on
 14 4 August 2025?
 15 **A.** Yes.
 16 **Q.** Are the contents of this statement true to the best of
 17 your knowledge and belief?
 18 **A.** Yes.
 19 **Q.** Thank you.
 20 DC Murphy, I think you joined the police as a Police
 21 Constable in 2004?
 22 **A.** Yes, that is correct.
 23 **Q.** You became a Detective Constable in 2014?
 24 **A.** Yes.
 25 **Q.** You are a PIP2 detective, can you tell us what that

60

1 means?

2 **A.** Professionalising the Investigation Programme.

3 **Q.** And the 2 is level 2 of that?

4 **A.** Level 2.

5 **Q.** When did you achieve that qualification?

6 **A.** 2014.

7 **Q.** Is that the course that effectively qualifies you as

8 a Detective Constable?

9 **A.** Yes.

10 **Q.** In December 2019, am I right you were stationed at Marsh

11 Lane Police Station?

12 **A.** Yes.

13 **Q.** What was your role there?

14 **A.** A DC within level 2 investigations.

15 **Q.** You still work as a Detective Constable now?

16 **A.** Yes.

17 **Q.** We are dealing today with your involvement in the

18 investigation of AR, following events at the Range High

19 School on 11 December 2019?

20 **A.** Yes.

21 **Q.** Your first involvement in that case, I think, was about

22 lunchtime that day?

23 **A.** It was actually just after 4.30 in the afternoon.

24 **Q.** Thank you. Just dealing with what you were told about

25 the case at that point, you were told that AR had been

61

1 **Q.** That pupil said that AR had struck him three times with

2 a hockey stick?

3 **A.** Yes.

4 **Q.** He had visible red marks to his left arm and pain to the

5 fingers of his right hand?

6 **A.** Yes.

7 **Q.** At any stage in your investigation, was there any

8 suggestion that this pupil had a broken arm?

9 **A.** No.

10 **Q.** I think you obtained medical records, so would have been

11 in a position to know had that been the case?

12 **A.** Yes, that's correct.

13 **Q.** That pupil, the one who had been assaulted by AR, told

14 PC Clarke there was no reason for AR to attack him?

15 **A.** Yes.

16 **Q.** PC Dodd then arrested AR for assault occasioning actual

17 bodily harm, for possession of a bladed article on

18 school property and for possession of an offensive

19 weapon, the hockey stick?

20 **A.** Yes.

21 **Q.** AR was conveyed to custody and his detention authorised?

22 **A.** Yes.

23 **Q.** I think officers at the scene took a number of witness

24 statements from those involved?

25 **A.** Yes.

63

1 arrested at about 9.45 that morning by PC Dodd --

2 **A.** Yes.

3 **Q.** -- who was another Merseyside officer, and that followed

4 PC Dodd and PC Clarke being allocated to respond to

5 a 999 call from the Range High School?

6 **A.** Yes.

7 **Q.** That call reported an ex-student causing a disturbance?

8 **A.** Yes.

9 **Q.** On arrival, they were met by the headteacher Mr McGarry.

10 Mr McGarry gave PC Dodd an account of AR using a hockey

11 stick to assault another pupil?

12 **A.** Yes.

13 **Q.** You describe that in paragraph 11 of PC Dodd's witness

14 statement. You don't need to bring it up, sir, but it

15 is MERP007527?

16 **SIR ADRIAN FULFORD:** Thank you.

17 **MR GOSS:** PC Dodd was also told by AR that he had a knife in

18 his rucksack.

19 **A.** Yes.

20 **Q.** And he seized that knife as evidence and it was

21 a kitchen knife?

22 **A.** Yes, that is correct.

23 **Q.** PC Clarke took an initial account from the pupil who had

24 been attacked by AR?

25 **A.** Yes.

62

1 **Q.** So those were available to you around 4.30 pm that

2 afternoon?

3 **A.** Yes.

4 **Q.** I think that included statements from the headteacher,

5 the deputy headteacher, another teacher who had been

6 involved, the mother of the victim and also an officer

7 spoke to the mother of the intended victim as well?

8 **A.** Yes, that's correct.

9 **Q.** If we could go to MERP002919, the first page, please.

10 This is the effectively investigation log; is that

11 right?

12 **A.** Yes, that's correct.

13 **Q.** If we could look at the first entry. I'm just going to

14 ask you to help with some of the terminology. This

15 crime has been scored by Corvus IAM. Is "IAM" the

16 investigation allocation model?

17 **A.** Yes, that's correct.

18 **Q.** We can see that it scores 75, is that out of a total

19 score of 200?

20 **A.** Yes, I believe so.

21 **Q.** We can see the kind of factors that go into that scoring

22 system above. A score of 75/200 means it is suitable

23 for a level 2 investigation?

24 **A.** Yes.

25 **Q.** Does that map across to your qualification as a PIP2

64

1 Investigator?
 2 A. Yes.
 3 Q. So what was your role then as the PIP2 Investigator on
 4 this investigation?
 5 A. Initially, it was to review the evidence and interview
 6 AR later on that evening.
 7 Q. I think before you could interview AR, there was
 8 an email received from PC Harrison of Lancashire
 9 Constabulary?
 10 A. Yes, that's correct.
 11 Q. If we can look at that, MERP002558. Sir, we have looked
 12 at this this morning in a slightly different form. But
 13 we can see that PC Harrison emails, I think it is
 14 Sergeant Thompson?
 15 A. Yes.
 16 Q. Sergeant Tara Thompson, who was a Custody Officer in
 17 Merseyside Police?
 18 A. Yes.
 19 Q. If we can look at the top of that email, please, the
 20 details at the top, we can see that PS Thompson forwards
 21 it to Detective Sergeant Chris Smith --
 22 A. Yes.
 23 Q. -- at about 4.42 that afternoon?
 24 A. Yes.
 25 Q. Who was Chris Smith?

65

1 investigation log and there are contact details for both
 2 his current school and also for an officer within
 3 Prevent, PC Thompson --
 4 A. Yes.
 5 Q. -- not to be confused with the PS Thompson who works in
 6 Merseyside custody.
 7 Am I right that this new information prompted two
 8 things: firstly, a decision to search AR's home address,
 9 in particular for electronic devices?
 10 A. Yes.
 11 Q. Secondly, an intention to get a statement from The
 12 Acorns school --
 13 A. Yes.
 14 Q. -- covering AR's online activities?
 15 A. Yes.
 16 Q. I will come to the search in just a moment. But could
 17 we go back to your witness statement, MERP007786 and
 18 page 10. At paragraph 33, you say:
 19 "As I recall, this statement was never provided.
 20 This was because the search history was no longer
 21 available."
 22 A. Yes.
 23 Q. Do you recall how you asked The Acorns about this?
 24 A. Yes, I called them. I can't recall what date that
 25 I made the phone call. I spoke to a teacher and she

67

1 A. It was my Detective Sergeant at the time.
 2 Q. Looking at what the email reveals, it says that there
 3 was a history of AR carrying knives into school. It
 4 refers to the involvement of Lancashire Social Services.
 5 Do you see the reference to Child & Family Wellbeing
 6 Service?
 7 A. Yes.
 8 Q. It also sets out some details of internet use, logging
 9 on to websites at school which involved school mass
 10 shootings and he wants to talk about guns and beheading
 11 and seems to have a certain hatred of teachers, in
 12 particular?
 13 A. Yes.
 14 Q. You were told as well that there was Prevent
 15 involvement, conducting background checks and obtaining
 16 specific details?
 17 A. Yes.
 18 Q. First of all, was this helpful information to receive
 19 from your neighbouring police force?
 20 A. Yes, definitely.
 21 Q. Was it also concerning information to receive?
 22 A. Yes.
 23 Q. If we could go back to the OEL, the occurrence enquiry
 24 log, at MERP002919, and entry 2, we can see that
 25 information from that email has been entered onto the

66

1 told me IT had said that the data was no longer
 2 available.
 3 Q. There is some evidence available to the Inquiry that at
 4 least some of AR's search history may, in fact, have
 5 been available.
 6 Sir, LCC001401 for your note, though no need to
 7 bring it up for DC Murphy.
 8 That was never drawn to your attention?
 9 A. No.
 10 Q. If that had been drawn to your attention and it revealed
 11 any matters of concern, would that have been necessary
 12 evidence for your investigation?
 13 A. If it related to any searches regarding my
 14 investigation, then it would have been beneficial. But
 15 anything additional would have been referred on.
 16 Q. When you say "referred on", referred on to whom?
 17 A. To Prevent, just to let them know what information was
 18 on the search history.
 19 Q. Can I come back then to the search?
 20 A. Yes.
 21 Q. The information received from PC Harrison led to
 22 a search of 10 Old School Close being directed formally
 23 under Section 18 of PACE by an Inspector?
 24 A. Hmm.
 25 Q. That search was carried out by Merseyside Police

68

1 officers, including, as it happens, PC Dodd and
 2 PC Clarke?
 3 A. Yes.
 4 Q. There were a number of devices seized from the address,
 5 weren't there?
 6 A. Yes.
 7 Q. I'm not going to ask you list them off the top of your
 8 head. I think what was seized was a desktop tower,
 9 a USB stick, an external hard drive, a HP laptop and
 10 a PlayStation 4, all of which were seized by an officer
 11 with the initial "CL" and so given CL/1, 2, 3, and so
 12 on, exhibit numbers?
 13 A. Yes.
 14 Q. There was a laptop also seized, HCS/1, and there were
 15 two portable hard drives, IQ/1 and IQ/2; does that sound
 16 right?
 17 A. Yes.
 18 Q. As well as those devices from the home address, I think
 19 AR's mobile phone, which was a black iPhone, was seized
 20 from his possessions in custody as well?
 21 A. Yes.
 22 Q. I think that became, I think, EO/1?
 23 A. Yes.
 24 Q. Those devices were submitted for examination by
 25 Merseyside Police's Digital Forensics Unit?

69

1 A. Yes.
 2 Q. It was some time, I think, before you got the results of
 3 those searches. We will come back to it.
 4 A. Okay.
 5 Q. But just to complete the point, ultimately they came
 6 back with nothing of relevance being found?
 7 A. That's correct.
 8 Q. Can I turn then to some other events while AR was in
 9 custody on 11 December and, as I say, I will come back
 10 to devices and what happened with them shortly.
 11 He was assessed in custody by Stephanie Hallaron of
 12 the Criminal Justice Liaison and Diversion team?
 13 A. Yes.
 14 Q. What's their role?
 15 A. I'm not entirely sure, to be honest, I don't have any
 16 involvement in that process.
 17 Q. If I summarise it as they provide a mental health
 18 presence within custody suites, does that match your
 19 understanding?
 20 A. Yes.
 21 Q. I am sure there is more to it than that but as
 22 an outline?
 23 A. Yes.
 24 Q. Could we have MERP002881 up, please. This is a note
 25 that Ms Hallaron produced. Would you have seen this

71

1 A. Yes.
 2 Q. I think the PlayStation was returned and not examined?
 3 A. Yes, that model didn't store any data, so it was
 4 rejected.
 5 Q. I think one of the hard drives, CL/3 was attributed to
 6 another family member and that also wasn't examined;
 7 does that sound right?
 8 A. I can't recall that, sorry.
 9 Q. But all of the other devices were examined by the
 10 Forensics Unit?
 11 A. Yes.
 12 Q. I think we had disclosed to us this morning details of
 13 that search, so it is not something that we can bring up
 14 on the screen.
 15 Sir, it will be disclosed in due course.
 16 Have you seen that document?
 17 A. I have, yes.
 18 Q. Is it right that the fact that AR had been searching for
 19 school shootings and beheadings was flagged to the
 20 Forensics Unit, as well as the details of the offence
 21 for which he had been arrested?
 22 A. That's correct, yes.
 23 Q. They carried out searches on the devices for beheading
 24 and for shooting, so mirroring the kind of searches that
 25 AR was said to have been carrying out at school?

70

1 note at the time?
 2 A. I don't recall seeing it on the 11th.
 3 Q. Would you have seen it at some point in your
 4 investigation?
 5 A. Yes, I have seen it at some point but I can't recall
 6 when.
 7 Q. I'm just picking some of the details from it. If we
 8 could enlarge the large block of text towards the bottom
 9 of the page -- thank you -- it sets out what AR has said
 10 to Ms Hallaron about the attack. It says:
 11 "[AR] reports that he wouldn't have felt sad if he
 12 hurt him."
 13 "Him" being his intended victim:
 14 "He reports not planning to use the knife but states
 15 that he would have if the hockey stick did not work.
 16 [He] states that he had wrapped tissue paper around the
 17 handle to get a better grip. [AR] was asked if he was
 18 planning on killing the student and he replied, 'I did
 19 want to kill him but I don't think I would. Ideally,
 20 I wish I did it. But they were in assembly so it
 21 wouldn't have happened'. He is clear this was revenge."
 22 Then in terms of why he assaulted his actual victim,
 23 slightly further down that page:
 24 "I asked if the male he had assaulted was involved
 25 in the original bullying and [AR] stated he was not.

72

1 When asked why he had assaulted him, [AR] responded by
2 saying 'the headteacher and someone else was chasing me
3 and I'm not going to get taken to the police station for
4 nothing so I thought I would hit him'. [AR] reports
5 that he liked the student he hit and had never had any
6 problems with this boy."

7 Perhaps unsurprisingly, Ms Hallaron took the view
8 that AR had limited understanding of the consequences of
9 his actions?

10 A. Yes.

11 Q. She thought there was a lack of empathy and remorse and
12 on page 3, in the "Risk assessment", she took the view
13 that there was a medium risk of harm to others. Did
14 this assessment increase your concern over the risks
15 posed to others by AR?

16 A. I can't recall seeing it at the time, sorry.

17 Q. Just dealing with some other matters in custody.
18 I think a safeguarding referral was made about AR by
19 PC Dodd?

20 A. Yes.

21 Q. That was then passed to Lancashire Constabulary who
22 then, in turn, passed it to Lancashire MASH?

23 A. I believe so, yes.

24 Q. I think there were similar referrals for the intended
25 and actual victims?

73

1 11th.

2 Q. Was that sort of wider context directly relevant to your
3 criminal investigation or was it more in the way of
4 helpful background?

5 A. I think it was just the wider safeguarding concerns.

6 Q. What was your role, as investigating officer, in
7 handling those wider safeguarding concerns?

8 A. I think it would be to do the necessary referrals.

9 Q. I think AR, there came a point where he was bailed
10 overnight on the 11th?

11 A. Yes.

12 Q. Essentially, it had become too late to interview him
13 because of the need for the searches to be carried out
14 and also bearing in mind his age?

15 A. Yes.

16 Q. I think there were some checks carried out as to whether
17 he could return safely home and Lancashire Social
18 Services made clear that they were content with that?

19 A. Yes.

20 Q. He was released on bail conditions, which, if I can
21 summarise them: not to go within 400 metres of the Range
22 High School; not to contact directly or indirectly
23 either his actual or his intended victims --

24 A. Yes.

25 Q. -- and not to attend The Acorns Centre until it was

75

1 A. Yes.

2 Q. If we could have MERP002566, page 2. What we can see
3 here is contact between DS Smith and Sue Scotland in
4 Lancashire County Council's Emergency Duty Team?

5 A. Yes.

6 Q. Is that a Social Services team?

7 A. Yes.

8 Q. If we go to the first page, please. We can see that
9 Ms Scotland put DS Smith in contact with Lucy Parkinson
10 of the Early Help Team and then, in turn, that comes to
11 you the next day and you are put in touch. Lucy is the
12 key worker for AR?

13 A. Yes.

14 Q. Then if we could look to page 15 of this, please. We
15 can see that, additionally, Ms Scotland shares
16 information with DS Smith about recent Social Services
17 involvement with AR and his family?

18 A. Yes.

19 Q. What was the relevance of that to your criminal
20 investigation?

21 A. I can't recall. Do you mean on the 11th?

22 Q. Yes.

23 A. I can't recall seeing this email on the 11th. I would
24 have been sort of dealing with preparing for the
25 interview and stuff. I can't recall seeing that on the

74

1 approved by Social Services or, I suspect, the police?

2 A. Yes.

3 Q. Who was responsible for setting those as bail
4 conditions?

5 A. I think we would have all had some involvement, along
6 with supervision as well. I can't recall exactly.

7 Q. Are those bail conditions essentially designed, first of
8 all, to prevent further offending?

9 A. Yes.

10 Q. He has offended at the Range, so let's keep him away
11 from the Range. There is also an element of stopping
12 him interfering with any investigation, by speaking to
13 the actual or intended victim. Not attending The Acorns
14 Centre, do you recall what the thinking was about that?

15 A. I think DS Smith had received a phone call to say that
16 they didn't wish for him to attend until there had been
17 a risk assessment completed, so we added that as
18 an additional bail condition on the 12th.

19 Q. So that was down to the risk that they perceived of him
20 committing further offences if he attended Acorns?

21 A. Yes.

22 Q. He then returned to custody to answer his bail the
23 following day?

24 A. Yes.

25 Q. 12 December, now. I think he was accompanied by his

76

1 mother, Ms Muzayire?
 2 A. Yes.
 3 Q. He was interviewed under caution --
 4 A. Yes.
 5 Q. -- by you?
 6 A. Yes.
 7 Q. I think he gave a prepared statement in response to
 8 that. Could we have that MERP000186, page 17. He
 9 alleged in that that he had been bullied by a named
 10 individual at Range High School. He says he got to the
 11 school and saw someone else and he admitted taking out
 12 the hockey stick and striking that other person two or
 13 three times. He said:
 14 "I have hit [the victim] because I couldn't see [the
 15 target]."
 16 Filling in the names that we have redacted there.
 17 He accepts he had a knife but says:
 18 "... I didn't take it out and the teacher has
 19 mistaken my words when he says I told him I was there to
 20 kill [target] I just meant I was going to assault him
 21 because he used to bully me."
 22 In terms of the admissions he has made there, is it
 23 fair to say that the evidence for those points was
 24 overwhelming?
 25 A. Yes.

77

1 recall which questions now but he was challenged as to
 2 why he was laughing. It was just inappropriate.
 3 Q. Did you get a sense of how his mother was responding to
 4 these serious allegations that you were trying to
 5 explore with him?
 6 A. She didn't challenge him at all. I do remember thinking
 7 at the time, I just thought that was a bit strange.
 8 I think I would challenge if it was my son or daughter
 9 behaving that way.
 10 Q. After the interview, I think AR was released again on
 11 bail --
 12 A. Yes.
 13 Q. -- with the same conditions?
 14 A. Yes.
 15 Q. Then if we could look at MERP002566 and page 18,
 16 DS Smith then sends out an update to all agencies who
 17 have expressed an interest in what is going on with AR.
 18 You can see, for example, that goes to Ms Parkinson of
 19 Child & Family Wellbeing Service, to Officer B in CTP,
 20 to PC Harrison in Lancashire Constabulary, as well as to
 21 you as the Investigating Officer?
 22 A. Yes.
 23 Q. If we could look at page 4 of this, please. Slightly
 24 earlier that afternoon, this is the request from
 25 Officer B to be kept informed. He says:

79

1 Q. The last sentence isn't a denial that he said he was
 2 there to kill his target but it is an attempt to
 3 downplay what it means, isn't it?
 4 A. Yes.
 5 Q. It is not consistent with what AR had said to
 6 Ms Hallaron, "I did want to kill him but I don't think
 7 I would, ideally I wish I did it", is it?
 8 Quite understandably you had rather more questions
 9 for him than that. Could we look at MERP002882 on
 10 page 8, please. This, I think, is part of the
 11 submission that you ultimately provided to the Crown
 12 Prosecution Service?
 13 A. Yes.
 14 Q. But it is a list of the questions that you asked AR.
 15 I'm not going to go through all of them. But you
 16 explored what he said about using the knife. You
 17 explored his internet usage, and I think he gave a no
 18 comment -- and of course the attack itself -- and he
 19 gave a "no comment" interview throughout.
 20 A. Yes, that is correct.
 21 Q. Were there any moments when he behaved inappropriately
 22 in that interview?
 23 A. Yes, a number of times.
 24 Q. In what way?
 25 A. Just kept laughing at some of the questions. I can't

78

1 "Thank you for the update in relation to [AR] ..."
 2 It is an earlier update:
 3 "... I have picked the job up as this came as
 4 a Prevent referral for our assessment, this has been
 5 sent ... for their checks, please can you update me with
 6 the outcome, and pass my details to the OIC in relation
 7 to the computer/mobile seizures."
 8 It appears that CTP are aware that devices have been
 9 seized and they have expressed an interest in the
 10 outcome of those searches?
 11 A. Yes.
 12 Q. Could we look, please, to your witness statement -- in
 13 fact can we look at MERP002919 on page 6, entry 25.
 14 Could we have entry 25 just enlarged, please? Thank
 15 you.
 16 This is an entry that you made on the investigation
 17 log on 16 December, where you record contact with the
 18 victim's mother?
 19 A. Yes.
 20 Q. She tells you about:
 21 "... talk at school stating that [AR] had a 'list'
 22 which contained the names of 3 children he wished to
 23 target, the names being [two named pupils at the school]
 24 and an unknown female."
 25 A. Yes.

80

1 Q. You have explained that:
 2 "... no such list has been brought to my attention.
 3 She states that [another pupil's] mum is very concerned
 4 about this information."
 5 Would that have been a telephone call that you --
 6 A. It was a telephone call, yes.
 7 Q. Were you ever provided with a copy of such a list?
 8 A. No.
 9 Q. Had anything been found on AR when he was arrested?
 10 A. No.
 11 Q. Anything found in the search of the home address?
 12 A. No.
 13 Q. As far as you were concerned, was this ever anything
 14 more than local rumour?
 15 A. No.
 16 Q. If there had been any evidence of this, it would have
 17 been relevant to your investigation, wouldn't it?
 18 A. Yes.
 19 Q. It would have been something of concern in terms of the
 20 risk that AR posed to others?
 21 A. Yes.
 22 Q. After the attack in July 2024, there were some
 23 suggestions that it was AR's mother who had mentioned
 24 a hit list when she attended his interview under
 25 caution; are you aware of that?

81

1 A. No.
 2 Q. Did you have any role in deciding who else was to be
 3 invited?
 4 A. No.
 5 Q. What sort of steps did you take to prepare to attend
 6 this meeting?
 7 A. I felt I was pretty prepared because I had only just
 8 dealt with AR a couple of days before.
 9 Q. If we could have LANC000004 up, please. DC Murphy,
 10 these are the minutes of this meeting. I think you have
 11 reviewed these in preparing for today?
 12 A. Yes.
 13 Q. But you didn't receive these at the time?
 14 A. No.
 15 Q. If we go to page 2, please, we can see who else was
 16 there. From policing, we have Sergeant Bramhall and
 17 PC Harrison from the Community Safety Team in the
 18 Lancashire Constabulary, and we also have Carmen
 19 Thompson, it says there Early Action Team but, in fact,
 20 she was from Prevent, wasn't she?
 21 A. Yes, I believe so. Yes.
 22 Q. We can also see that we have Stephanie Hallaron, the
 23 mental health practitioner who had seen AR in custody,
 24 whose note we have looked at?
 25 A. Yes.

83

1 A. Yes, I have been made aware of it since the
 2 investigation.
 3 Q. Did that happen?
 4 A. No.
 5 MR GOSS: Sir, I wonder if now is a convenient moment for
 6 just a five-minute break?
 7 SIR ADRIAN FULFORD: Certainly. I will rise for five
 8 minutes.
 9 (2.30 pm)
 10 (A short break)
 11 (2.35 pm)
 12 SIR ADRIAN FULFORD: Yes, Mr Goss.
 13 MR GOSS: Thank you, sir. You were invited to a strategy
 14 meeting about AR for 17th December 2019.
 15 A. Yes, that's correct.
 16 Q. I think you can't recall how you came to be invited --
 17 A. No.
 18 Q. -- and the invitation that we have seen previously --
 19 sir, LANC000054 -- doesn't seem to have gone to you
 20 directly but somebody at some point must have made you
 21 aware that this meeting was taking place and invited you
 22 to attend?
 23 A. Yes.
 24 Q. Was it regular for you to be invited to these sorts of
 25 meetings?

82

1 Q. Did her presence there reassure you that there was
 2 someone with a foot in both the mental health and the
 3 criminal justice worlds present?
 4 A. Yes.
 5 Q. What was your role at the meeting?
 6 A. Just to give an update on the investigation and what had
 7 taken place and, obviously, the bail conditions.
 8 Q. If we could look to page 3, please, bottom of page 3, we
 9 can see the update that you have given there:
 10 "... advised that [he] has been arrested and bailed
 11 ..."
 12 You set out the bail conditions, you set out the
 13 prepared statement -- if we go over to the top of
 14 page 4 -- and the "no comment" interview. You say there
 15 he denied researching violent acts on the internet.
 16 A. Yes.
 17 Q. Do you recall that now?
 18 A. Yes.
 19 Q. So it wasn't a wholly "no comment" interview, there was,
 20 in fact, one point he denied?
 21 A. Yes, that's correct.
 22 Q. You set out your concerns about inappropriate behaviour
 23 in the interview and the fact that there wasn't any
 24 challenge from his mother, and you have told us about
 25 those?

84

1 A. Yes.
 2 Q. But you shared those with that meeting?
 3 A. Yes.
 4 Q. You told the meeting about the search of his house and
 5 the devices, bail conditions and you set a timeframe for
 6 the analysis of the devices, about three months?
 7 A. Yes.
 8 Q. Was that a normal sort of timeframe for device review?
 9 A. Yes.
 10 Q. Then you also set out what has been found out from the
 11 intended target, that he knows of AR but has never had
 12 any issues with him and also the fact that AR had
 13 contacted his intended target's sister the day before --
 14 A. Yes.
 15 Q. -- and called her something nasty via Instagram.
 16 There's then updates from the various other agencies,
 17 including Ms Hallaron. The one I want to look at is
 18 from PC Thompson. It is on page 6.
 19 Bottom of the page, bottom two paragraphs, if they
 20 could be enlarged, please. Thank you:
 21 "Carmen Thompson from Prevent identified that she
 22 will be completing an assessment regarding [AR] and
 23 considering if a referral to Channel programme would be
 24 appropriate for him."
 25 What did you understand the role of Prevent to be at

85

1 A. With regards to other people?
 2 Q. Yes.
 3 A. Sorry, can you ask the question again?
 4 Q. Yes. You said that the risk he posed to others was
 5 concerning. What was in place to address those
 6 concerns?
 7 A. We had the bail conditions. We had spoken to the
 8 victims as well, who informed us they didn't believe AR
 9 knew where they lived because, if he did, then we would
 10 have put "Treat as Urgent" markers on their home
 11 addressed and stuff, so it was just looking over the
 12 victims.
 13 Q. What about the wider risk to non-identified victims, was
 14 that your role to think about or was that for some of
 15 these other agencies --
 16 A. I don't recall thinking about that at the time.
 17 Q. I have been asked to explore whether you think you had
 18 too much of a focus on the criminal investigation and
 19 not enough on the wider management of risk. What would
 20 you say to that?
 21 A. I'd disagree with that.
 22 Q. Can we look very briefly at a different note of this
 23 meeting. It is one by PC Thompson. CTPNW000132.
 24 If we could look at the second page of that, please.
 25 The same meeting, DC Murphy, different person making

87

1 this stage?
 2 A. I can't recall, I'm not sure.
 3 Q. If we could look at the bottom of page 6, please --
 4 sorry, it was that bit that we had already:
 5 "It was agreed that there is a risk of re-offending
 6 from [AR]."
 7 Did you agree with that?
 8 A. Definitely had the potential to re-offend, yes.
 9 Q. If we can go over the page to the top of page 7, the
 10 plan is essentially to reconvene in January following
 11 further enquiries by Prevent, by Children's Social Care
 12 and by Child and Adolescent Mental Health Services and,
 13 of course, for your investigation to continue its
 14 course?
 15 A. Yes.
 16 Q. Apart from the fact that you had bail conditions on AR,
 17 did you think that you, or Merseyside Police generally,
 18 had a role in managing the risk AR posed to others?
 19 A. No, not at that point. I think just managing the bail.
 20 Q. Given the information that was shared at that meeting
 21 and that you had become aware of through your
 22 investigation, how concerned were you about that risk to
 23 others?
 24 A. It was concerning.
 25 Q. What was there in place to address that concern?

86

1 a note, and it is in some respects a slightly fuller
 2 note.
 3 At the top of the page, we can see that you have
 4 passed on to the meeting what the victim's mother had
 5 said about the list of targets?
 6 A. Yes.
 7 Q. Again, you have clearly said it was the victim's mother
 8 who said that?
 9 A. Yes.
 10 Q. We can also see that you seem to have passed on what AR
 11 had said to Liam, a PC from Merseyside, can we take it
 12 that that must have been PC Dodd?
 13 A. I can't recall saying that but, yes, it would have been
 14 PC Dodd.
 15 Q. "... that he [that's AR] had taken the hockey stick to
 16 hit the victim with and that he was going to use the
 17 knife to finish him off and that he was not bothered
 18 about the prison sentence."
 19 You say you can't remember saying that. Do you
 20 remember being aware of that?
 21 A. No.
 22 Q. Obviously, that's in stark contrast to what AR had
 23 admitted in his prepared statement, saying he had no
 24 intention to use the knife and no intention to kill.
 25 A. Yes.

88

1 Q. I think you were invited to the follow-up strategy
2 meeting on 6 January 2020, at MERP002571 please, bottom
3 of page 1.

4 So at the bottom of the page is the invitation to
5 you to attend the next meeting?

6 A. Yes.

7 Q. Then, at the top of the page, you flag, I think, to
8 DS Smith and DS McDermott that you are on annual leave
9 that day?

10 A. Yes.

11 Q. I think it was arranged that DS Haffenden -- is that the
12 same as DS McDermott?

13 A. It is, yes.

14 Q. Would attend instead?

15 A. That is correct.

16 Q. Did you do any hand over to DS Haffenden?

17 A. I can't recall but she did have quite a lot of
18 involvement, her and DS Smith, at the beginning, so she
19 would have known a lot of the detail regarding the
20 investigation.

21 Q. I think she did attend that meeting and there were no
22 actions for Merseyside Police --

23 A. That is correct, yes.

24 Q. -- coming out of it. Could we look at CTPNW000009,
25 please. Again, this is a note of that meeting by

89

1 Q. So, it might be that at this point you were still hoping
2 to get it?

3 A. Yes, that's correct.

4 Q. It might be that DS Haffenden has not been updated that
5 it isn't available?

6 A. Yes.

7 Q. Or it might be a misunderstanding or miscommunication
8 that you have tried to get it and you haven't been able
9 to?

10 A. Yes.

11 Q. Could we look at LCC001462, please. This is
12 an invitation to the third multi-agency meeting that was
13 due to take place on 4 March. It wasn't sent to you?

14 A. No.

15 Q. I think the only Merseyside address it was sent to is to
16 an officer who works in a wholly different team?

17 A. That's correct.

18 Q. You say in your statement at paragraph 37 that it might
19 be that this is a mistranscription of DS Haffenden's
20 email address but you can't say for sure?

21 A. Yes, that's correct.

22 Q. But the effect of this is that nobody from MerPol went
23 to the meeting on 4 March 2020?

24 A. Yes, correct.

25 Q. Your investigation though continued. I think, various

91

1 counter-terrorism police and, looking at the update at
2 the bottom paragraph:

3 "The investigation in relation to the recent assault
4 is still ongoing with Merseyside Police and awaiting
5 a CPS decision. The devices are being examined, the
6 school internet history is also being looked at by
7 Merseyside Police, they will update accordingly with any
8 concerns found."

9 We will come to the devices and we know that there
10 were no concerns found on those. Do you think that can
11 be right about the school internet history?

12 A. If what, sorry?

13 Q. Do you think that can be right about the school internet
14 history?

15 A. I don't know what you mean, sorry.

16 Q. It says:

17 "... the school internet history is also being
18 looked at by Merseyside Police ..."

19 A. Yes -- no, that wasn't correct. It was my -- an action
20 from me was to call the school and obtain that internet
21 history but that makes it sound like I have got it and
22 I didn't have it.

23 Q. Do you know whether you had been told by this point that
24 it wasn't available?

25 A. January, I'm not sure to be honest.

90

1 steps: you obtained medical records for the victim as we
2 touched on already?

3 A. Yes.

4 Q. You took steps to obtain further CCTV and to convey that
5 to the CPS?

6 A. Yes.

7 Q. That, I think, required some back and forth between the
8 school and the Visual Evidence Unit?

9 A. Yes.

10 Q. In due course, you obtained a charging decision from the
11 CPS for AR on 28 January?

12 A. Yes.

13 Q. Could we go back, please, to MERP002882, and page 2,
14 please. Is this effectively the documentation that you
15 provide to the CPS requesting a decision on charge?

16 A. Yes.

17 Q. This text on this screen, I think probably not filled
18 out by you but by an evidential gatekeeper of some sort;
19 is that fair?

20 A. Yes, a police decision-maker.

21 Q. So they quality assure the case and make sure it is fit
22 for the CPS before it goes off to them?

23 A. Correct, yes.

24 Q. So looking at the section marked "Case analysis", in the
25 middle of the page, it identifies:

92

1 "In October 2019 suspect [AR] was permanently
 2 excluded as he attended school with a knife and
 3 expressed his intention to use it."
 4 It then says:
 5 "This matter was not reported to police."
 6 We have heard it was reported to Lancashire
 7 Constabulary. That's either an error or you hadn't been
 8 made aware of that?
 9 A. I don't think we had been made aware of it. It hadn't
 10 been reported to Merseyside Police, I think, maybe
 11 that's what it's referring to.
 12 Q. We should perhaps read "Merseyside Police" in there?
 13 A. Yes.
 14 Q. But the fact he had attended school in 2019 was
 15 obviously known to you, not least from the strategy
 16 meeting that you attended --
 17 A. Yes.
 18 Q. -- and, likewise, the intention that he had expressed to
 19 use it?
 20 A. Yes.
 21 Q. That was part of the material that was then provided to
 22 the Crown Prosecution Service?
 23 A. Yes.
 24 Q. The CPS then approved the charges that had been
 25 requested?

93

1 A. I don't know off the top of my head, sorry.
 2 Q. If it helps, you say a little bit about it at
 3 paragraph 54 of your witness statement, on page 14.
 4 A. So it is issued to young offenders typically between 10
 5 and 17 who have pleaded guilty to a first time offence.
 6 It's a way of addressing their offending behaviour to
 7 prevent future criminal activity, through a contract
 8 with a referral order panel. They typically last
 9 between 3 and 12 months.
 10 Q. Thank you. We will hear more about them from others.
 11 A. Okay.
 12 Q. By the point of his charge and indeed his conviction,
 13 you hadn't got the results of those electronic device
 14 searches had you?
 15 A. No.
 16 Q. Were those results not potentially important for your
 17 investigation?
 18 A. Potentially, but I think we were keen to sort of get it
 19 to CPS and get a charge.
 20 Q. So they might be helpful but they weren't necessary?
 21 A. Yes, I think we did have all the necessary evidence we
 22 needed to get him charged.
 23 Q. I think if we can look at the next entry in here, entry
 24 66 on the same page. It was 4 March that you are
 25 updated that six of the devices that you have submitted

95

1 A. Yes.
 2 Q. When AR answered bail on 2 February, he was duly charged
 3 with assault occasioning actual bodily harm, possession
 4 of a bladed article and possession of an offensive
 5 weapon. In the charge documents, I think the offensive
 6 weapon is referred to as a "baseball bat"?
 7 A. That's correct, yes.
 8 Q. That seems to have been an error that's crept in
 9 somewhere along the line because that was the hockey
 10 stick, wasn't it?
 11 A. Yes, can I just say it was 4 February, I think, when he
 12 came for charge.
 13 Q. Thank you. If we could go back to MERP002919, page 10,
 14 entry 64 and 65. We can see that you update PC Harrison
 15 from Lancashire Constabulary and also Anna Jameson in
 16 Lancashire Children's Social Care.
 17 A. Yes.
 18 Q. In due course, AR pleaded guilty to all three offences
 19 on his first appearance at the youth court. I'm going
 20 to say 19 February but you may know better than me?
 21 A. Yes, that's right.
 22 Q. He had a referral order imposed for ten months?
 23 A. Yes.
 24 Q. Can you help us just in outline with your understanding
 25 of a referral order?

94

1 are negative for data relating to the investigation --
 2 A. Yes.
 3 Q. -- and that's all the devices you had submitted bar one,
 4 which was the iPhone?
 5 A. Yes.
 6 Q. We can see in entry 67 EO/01, that's the iPhone:
 7 "... currently subject to PIN decryption ... 68
 8 years ... left in current strategy."
 9 Perhaps, unsurprisingly, a decision was taken that
 10 that wasn't proportionate?
 11 A. Yes, correct.
 12 Q. So, ultimately, the iPhone was never decrypted and its
 13 contents never accessed?
 14 A. No.
 15 Q. Did you think about providing AR with a notice under
 16 section 49 of RIPA to compel him to decrypt the device?
 17 A. I didn't consider it at the time but I should have
 18 considered it.
 19 Q. Would that have been a typical step to take in this sort
 20 of investigation?
 21 A. To issue an advisory notice, I don't know whether it
 22 would have met the threshold for a Section 49 notice
 23 but, regardless, I still should have considered it.
 24 Q. In other words, you could perhaps have pushed him
 25 a little bit harder?

96

1 A. Yes.
 2 Q. But it might not have met the threshold to actually
 3 compel him and, effectively, make him subject to
 4 criminal sanction for not providing the decryption?
 5 A. Yes.
 6 Q. As we have touched on, the devices obviously weren't
 7 just being examined for your examination but also
 8 because of the information that was of interest to
 9 Prevent. After the end of a criminal investigation, is
 10 there a power for the police to keep hold of and further
 11 interrogate devices?
 12 A. No.
 13 Q. I think any data that was downloaded from the devices
 14 wasn't retained beyond March 2020 by the forensics unit?
 15 A. Yes.
 16 Q. The devices themselves were -- after a little bit of
 17 back and forth over the logistics and bearing in mind
 18 this was now at the early stages of the pandemic, the
 19 devices were returned to AR's family by mid-May 2020?
 20 A. Yes.
 21 Q. Did you ever update Prevent or CTP about the fact that
 22 the devices mostly had come back negative but you hadn't
 23 been able to access one?
 24 A. I didn't.
 25 Q. I appreciate it was a nothing interesting response,

97

1 SIR ADRIAN FULFORD: Thank you very much for your evidence
 2 DC Murphy, you are now free to go.
 3 THE WITNESS: Thank you very much.
 4 SIR ADRIAN FULFORD: I am in your hands, Mr Goss.
 5 MR GOSS: I think if I could ask you just to rise for five
 6 minutes and Mr Moss is taking the next witness.
 7 SIR ADRIAN FULFORD: In fact, we will be slightly more
 8 merciful, 10 minutes. I will sit again at 3.10 pm.
 9 (3.00 pm)
 10 (A short break)
 11 (3.10 pm)
 12 PC DAVID FAIRCLOUGH (affirmed)
 13 Questioned by MR MOSS
 14 SIR ADRIAN FULFORD: Thank you very much. Have a seat.
 15 Yes, Mr Moss?
 16 MR MOSS: Thank you, sir.
 17 Just start by giving us your full name, if you
 18 would?
 19 A. David Fairclough.
 20 Q. Thank you. If we could have on screen, please,
 21 LANC000273. We see PC Fairclough that this is the
 22 helpful and detailed statement that you provided to this
 23 Inquiry on 7 August, I think, this year; is that right?
 24 A. Yes.
 25 Q. Is that statement true to the best of your knowledge and

99

1 would it have been good practice to let CTP know you had
 2 an interest in this, "We have taken it as far as we can,
 3 there's nothing further for you"?
 4 A. Yes.
 5 Q. Lastly from me, DC Murphy, from your perspective, after
 6 AR's behaviour -- violent behaviour -- on 11 December
 7 was reported to Merseyside, which agency was responsible
 8 for assessing and addressing the risk he posed to
 9 others?
 10 A. I think we all had a responsibility in addressing it.
 11 I don't think any one agency had a -- the overall
 12 control of it.
 13 Q. Within policing, who was it who was responsible for
 14 managing that risk?
 15 A. I'm not sure.
 16 MR GOSS: I'm just looking to my left. I think those are
 17 all the questions, sir, unless you have any for
 18 DC Murphy?

Questioned by THE CHAIR

20 SIR ADRIAN FULFORD: If you were all responsible for
 21 assessing the risk and no one in particular was
 22 responsible for assessing the risk, isn't there a danger
 23 that nothing really gets assessed at all and nobody
 24 takes responsibility?
 25 A. There is a danger of that, yes.

98

1 belief?
 2 A. It is.
 3 Q. You will be aware that you gave two previous
 4 statements -- police statements. Could we have the
 5 first of them, please, LANC000019. Can you just confirm
 6 that that's the first police statement that you provided
 7 on I think it was 23 August 2024?
 8 A. It is.
 9 Q. You will be well familiar with the declaration and you
 10 are giving a declaration that you understood that the
 11 contents were true to the best of your knowledge and
 12 belief for that statement, also?
 13 A. Yes.
 14 Q. Thank you. Then could we have also, please, LANC000023.
 15 You provided a further statement for police purposes on
 16 28 November 2024, I think, with a similar declaration?
 17 A. Yes.
 18 Q. Thank you. I want to just get you to explain a little
 19 bit about your background. Is it right, PC Fairclough,
 20 that you joined Lancashire Constabulary originally, was
 21 it, as a Police Community Support Officer?
 22 A. Yes.
 23 Q. Was that back in January 2018?
 24 A. Yes.
 25 Q. Just so we have a feel for it, I think you left school

100

1 as a 16 year old. I think you did two stints with
 2 Tesco, one stint with Amazon?
 3 A. Yes.
 4 Q. During the course of that part of your career, I think
 5 you studied for a degree in sport and exercise science
 6 at Edge Hill University?
 7 A. Yes.
 8 Q. As a result of that, is it right that you were able,
 9 when you wanted to apply to be a Police Constable, you
 10 were able to join under the Degree Holder Entry
 11 Programme?
 12 A. That's correct, yes.
 13 Q. I think part of the first cohort in Lancashire going
 14 through that method of --
 15 A. Yes.
 16 Q. Thank you.
 17 So, you joined initially as a PCSO and was it in
 18 March 2020 that you applied to become a police officer?
 19 A. I became a police officer in March 2020.
 20 Q. You became a police officer?
 21 A. Yes.
 22 Q. You would have had a two-year probationary period?
 23 A. Yes.
 24 Q. That would have come to an end, is this right, at the
 25 very end of March 2022?

101

1 to comment but do you think that the limitations on your
 2 training had any impact once you were out on the ground
 3 as a probationary officer?
 4 A. I would say on confidence levels, maybe. I have the
 5 benefit of being able to compare it to my PCSO training,
 6 which was done in person at Headquarters.
 7 Q. So confidence, principally?
 8 A. Yes.
 9 Q. Did it have any impact on the extent of your knowledge?
 10 We are exploring in this Inquiry whether referrals were
 11 made, or should have been made, or repeat referrals
 12 should have been made to the Community Safety Team, to
 13 the Early Action Team and to the Violence Reduction
 14 Network. In March 2022 were you aware of those?
 15 A. I had heard of the Early Action Team. I had never heard
 16 of the Violence Reduction Team, and what was the third
 17 one, sorry?
 18 Q. The Community Safety Team?
 19 A. Yes, never heard of them.
 20 Q. You've not heard of them?
 21 A. No.
 22 Q. Why do you think that was?
 23 A. I think, as an Immediate Response Officer, the training
 24 you are given is very specific to answering 999 calls,
 25 et cetera, not for bigger term, long-term safeguarding.

103

1 A. Yes.
 2 Q. So I'm going to ask you questions, as you will know,
 3 about an incident in the middle of March. You were
 4 coming right towards the end of your two-year
 5 probationary period; is that fair?
 6 A. Yes.
 7 Q. Thank you.
 8 During the course of your training, you also
 9 completed the diploma in policing; is that right?
 10 A. Yes.
 11 Q. You have set out, we don't perhaps need to have it open,
 12 in your statement -- sir, for your note, paragraphs 117
 13 to 121 -- that there were some limitations on the
 14 training you received simply due to the Covid pandemic?
 15 A. Yes.
 16 Q. Just tell us in outline what the limitations were?
 17 A. The majority of our training was done via Microsoft
 18 Teams and this was done at our home address. The only
 19 exceptions that I can remember were our officer safety
 20 training and our first aid. That was done in person in
 21 small groups at Force Headquarters.
 22 Q. It is inevitable, particularly as a probationary
 23 officer, that you would have come across, not just this
 24 but a number of incidents, I am sure, that were
 25 unexpected or unusual for you. It may be hard for you

102

1 Q. Again, it may be difficult for you to answer this but do
 2 you think that that was something you had been told
 3 about and had missed or do you think that you may not
 4 have been the only one of your cohort and your
 5 experience who didn't know about those things?
 6 A. I certainly can't recall hearing about them things.
 7 Q. On any view, PC Fairclough, when I'm going to ask you
 8 detailed questions about what happened with the incident
 9 with AR in relation to March, it is very difficult to
 10 avoid using hindsight --
 11 A. Yes.
 12 Q. -- knowing what we now do about AR. Try not to use
 13 hindsight. Just dealing with your training, you
 14 mentioned confidence: do you think that the restrictions
 15 on your training had any effect on your ability to make
 16 judgement calls?
 17 A. I didn't know about the referrals I could have made,
 18 that you just mentioned. But other than that, no.
 19 Q. Thank you.
 20 You have mentioned training as a Response Officer
 21 and I think working as a Response Officer was the role
 22 that you were involved in, in March 2022; is that right?
 23 A. Correct, yes.
 24 Q. Thank you. Are you still with Lancashire Constabulary
 25 now?

104

1 A. I am, yes.
 2 Q. What role do you do now?
 3 A. I'm a Neighbourhood Officer now.
 4 Q. Thank you.
 5 I want to go on then to look at the 17 March
 6 incident, and can we start with how you were allocated
 7 to that. You were in a marked police car, I think, that
 8 morning?
 9 A. Yes.
 10 Q. Were you single crewed or were you crewed with somebody
 11 else?
 12 A. I was single crewed.
 13 Q. You tell us in your statement, paragraph 7 onwards, on
 14 page 2, that at about 11.44, is this right, that you
 15 were allocated to the report of a missing child in
 16 Banks?
 17 A. I think I actually had seen the incident on my police
 18 Samsung, so I shouted up and volunteered to attend.
 19 Q. Thank you. You tell us that the incident was given
 20 a grade 2. What did that mean in practice? What was
 21 the target attendance time?
 22 A. So within one hour. It means there's some risk but it
 23 doesn't warrant a 999 call.
 24 Q. Is the requirement to seek to attend within one hour?
 25 A. Yes.

105

1 It looks like the controller says:
 2 "No, er good shout, I will do that now."
 3 So I don't think that's you but that's an early
 4 indication of this being passed to Merseyside as well
 5 because of how close to the police force boundary Banks
 6 in Lancashire is.
 7 A. Yes.
 8 Q. Thank you.
 9 Once you were assigned to this, did you understand
 10 that the report had been made by AR's mother?
 11 A. I knew it was a parent. I can't recall which.
 12 Q. Thank you. You attended the home address in response to
 13 this call?
 14 A. Yes.
 15 Q. Just help us, before we get to the detail in AR's case
 16 and the interaction you had with AR's parents: what's
 17 the standard practice and what's the purpose of visiting
 18 the home address? It may seem obvious to you but can
 19 you just explain what the standard practice would be,
 20 why you are visiting the home?
 21 A. Yes, it is to collect any key details that we may need.
 22 It will help us assess the risk of the person who has
 23 gone missing. We have different risk grades and it also
 24 allows us to do a search of the home address and look
 25 for any indications that have been made in preparation

107

1 Q. Thank you. In paragraph 7 -- if we can just enlarge
 2 that, please -- helpfully, you have set out, so we don't
 3 need to turn them out -- but, sir, for your note, the
 4 transcript can be found at LANC000419 -- you have set
 5 out the radio calls at this stage, and we see:
 6 "Would you be good enough to look at grade 2 MFH
 7 ..."
 8 Missing from home?
 9 A. Yes, that was actually a shouted out for a colleague,
 10 I was using the call sign, SBCAR9, and the call operator
 11 asked SB48 --
 12 Q. A little bit slower.
 13 A. Sorry, I was using SBCAR9. For reasons unknown to
 14 myself, the operator has then asked SB48 if they could
 15 attend and they have informed the control room that
 16 I was already dealing with that incident.
 17 Q. I was going to come onto this but, when we see,
 18 I believe Car 9 is going to have a look at that", that,
 19 I think, is you, Car 9?
 20 A. I'm a Car 9, yes.
 21 Q. We don't need the full details of your call sign but
 22 Car 9 will do for our purposes. There's also a
 23 reference:
 24 "Has it been passed to Merseyside as well in case
 25 he's walked in that direction?"

106

1 for the missing from home leaving.
 2 Q. You are looking among other things for any signs of
 3 preparation and presumably any clues as to where they
 4 may have gone?
 5 A. Yes.
 6 Q. Now, when you got to the home, was it first to AR's
 7 mother that you were speaking?
 8 A. I believe it was.
 9 Q. Thank you. You have made some entries about that in
 10 your police notebook, and two, I think, of the earlier
 11 ones. Can we look at the first one. It is LANC000027.
 12 So, AR, his date of birth, important of course to
 13 get a physical description of what they are wearing for
 14 very obvious reasons with a missing person?
 15 A. Yes.
 16 Q. But then you start to get into some background. So
 17 early on you have got "Range High School -- expelled",
 18 yes?
 19 A. Yes.
 20 Q. "Going to Acorns", and then "January 2022 the Range High
 21 School". Can you help in relation to what you think all
 22 of that referred to?
 23 A. The Range High School was an account that I was given by
 24 mother about a previous incident that had happened
 25 there. The Acorns was a school in Ormskirk that he was

108

1 in the process of leaving and starting a new school and
 2 I believe the January 2022 incident -- I can't recall
 3 fully what that means: the January 2022, the Range High
 4 School.

5 **Q.** Thank you. We know in fact that the incidents at the
 6 Range High School had been earlier than that but perhaps
 7 we will come onto that.

8 Then if we look at the next entry, LANC000028, again
 9 your pocket notebook entry:

10 "No friends. No family."

11 Does the no family there refer to no extended family
 12 that he would have gone to?

13 **A.** Yes.

14 **Q.** "Sertraline.

15 "Autism, ADHA."

16 Is what it says. Presumably that is all short note
 17 form of information that you are getting from AR's
 18 mother?

19 **A.** Yes, so at that point, I would have been building up my
 20 risk assessments and that's what I have noted down at
 21 the time, yes.

22 **Q.** And "Small knife", you deal with it in your statement
 23 but just tell us how that came up?

24 **A.** So the mother disclosed -- I can't recall whether I had
 25 already seen it on the incident log but I do remember

109

1 to generate this report?

2 **A.** It's a Samsung mobile phone but it has equipment on that
 3 we would use as police officers. We call it "Pronto".

4 **Q.** Thank you. We can see again the physical description
 5 that you have mentioned there. You have recorded
 6 information about AR's neurodiversity and his needs; is
 7 that right?

8 **A.** Yes.

9 **Q.** Again, the source of that, presumably AR's mother?

10 **A.** Yes.

11 **Q.** You have recorded information that AR was meant to be
 12 starting a new school, that he was meant to be meeting
 13 his new teachers and have a tour of the school today.
 14 He has gone missing before this meeting. Again, leaving
 15 hindsight to one side, what was your assessment of the
 16 significance of that information at the time?

17 **A.** His mother had told me he did not like change. He was
 18 due to meet -- I believe it was two new teachers that
 19 day. I thought at that time he has possibly just left
 20 the house in a bit of fear to get away for a couple of
 21 hours.

22 **Q.** So to you, at the time, would it appear that there would
 23 have been a situational aspect of significance, in other
 24 words, something was meant to be happening that day that
 25 AR may have found difficult that may have explained him,

111

1 the mother recalling that she believed he had a small
 2 knife in his possession that was missing from the
 3 kitchen that morning.

4 **Q.** Thank you. We will perhaps come back to the sequencing
 5 of how that information arose.

6 Now, another document that you have is LANC000082.
 7 Can we have that on the screen, please? We see at the
 8 top that this is a primary offence, "MFH -- Other
 9 Missing Child". Would this be known generally as
 10 a missing from home report?

11 **A.** It would.

12 **Q.** We can see under "Investigation summary":

13 "***FOUND**."

14 So clearly that would have been written later in the
 15 day. When would you first have started entering this
 16 information?

17 **A.** So I believe I would have started it at the home address
 18 and that's why I have got so many pocket notebook
 19 entries. So whenever you leave the screen that you are
 20 writing your entries on, when you come back into it, it
 21 will start a new pocket notebook entry, hence why I have
 22 got so many, and I would have updated this as and when
 23 the information was given to me.

24 **Q.** Thank you. So, just help us to understand the
 25 realities. What physically -- what device are you using

110

1 on the face of it, running away?

2 **A.** Yes.

3 **Q.** You see the sertraline medication referred to as well
 4 and not liking crowded places; is that right?

5 **A.** Yes.

6 **Q.** Then, if we can just leave this on screen for a moment,
 7 but you say in paragraph 15 of your statement that you
 8 had read on the incident log that AR had previously
 9 attended his old high school with a knife and attacked
 10 another student; is that right?

11 **A.** Yes.

12 **Q.** You say in your statement that AR's mother stated he had
 13 done this because he believed he was being bullied; is
 14 that right?

15 **A.** Yes.

16 **Q.** It was at that stage, you go on in your statement to
 17 say, AR's mother then disclosed that AR may be in
 18 possession of a knife, as she had noticed one missing
 19 from her kitchen?

20 **A.** Yes.

21 **Q.** So the sequence, at least according to your statement to
 22 the Inquiry, is you have established from the log the
 23 information about a previous attack; mother has then
 24 given some explanation about that and then mother has
 25 disclosed the information that AR may be in possession

112

1 of a knife because there is one missing?
 2 A. Yes.
 3 Q. So on the face of your account in your statement to the
 4 Inquiry, that wasn't volunteered straightaway by AR's
 5 mother but arose after you had raised the issue of what
 6 had happened previously at his old school; would that be
 7 fair?
 8 A. Yes.
 9 Q. I think that detail doesn't appear, if you just cast
 10 your eye -- I'm not going to read it all out to prove
 11 a negative -- but I think that level of detail doesn't
 12 appear in your missing from home report; would that be
 13 fair?
 14 A. Yes.
 15 Q. But you tell us that you were aware of it from the
 16 incident log and then from the questioning that you had
 17 carried out of AR's mother?
 18 A. Yes, I think the mother divulged more information as
 19 I probed her further.
 20 Q. Thank you. If that could come down from the screen for
 21 a moment.
 22 So we have looked at the police notebook entries
 23 that you are making and we have looked at the missing
 24 from home report.
 25 If we go to the incident log, please, which is

113

1 the missing from home report. If the relevant text
 2 could just be expanded.
 3 You set out relevant information. After referring
 4 to being found at the Range High School within an hour
 5 on a previous occasion, but no further details about
 6 that in record, you say that:
 7 "The range for which AR has left the house is
 8 between 0830 and 1115 ..."
 9 So the timeframe in which he may have gone missing?
 10 A. Yes.
 11 Q. "He has [got] a house keep with him."
 12 You make a reference there to CCTV cameras: should
 13 we understand that that's probably information of the
 14 CCTV cameras that you completed a bit later?
 15 A. Yes.
 16 Q. But you do recall a small knife has gone missing from
 17 the kitchen:
 18 "... Parent believes, but can't confirm, [AR] has
 19 this."
 20 Is that right?
 21 A. Yes.
 22 Q. Was there any discussion at this stage about AR and his
 23 access to knives in the home, anything about AR's family
 24 having tried to hide knives from AR, secure knives so
 25 that he couldn't take them?

115

1 LANC000045. The text is just a wee bit small on this
 2 but, if we could look at page 7, please.
 3 Could we just have the last few lines highlighted,
 4 right at the bottom of the page, to see if we can make
 5 those a bit bigger.
 6 The reference on the incident log referred to AR
 7 having previously been bullied at school, which resulted
 8 in him taking a knife into school. We will perhaps come
 9 on to more detail about this a little bit later but were
 10 you aware that that had given rise to AR being convicted
 11 of offences?
 12 A. Not at that time.
 13 Q. Did you become aware of that later?
 14 A. After I left the home address and I was sat in my patrol
 15 vehicle finishing off the report, I did.
 16 Q. So other than AR's mother telling you that AR had done
 17 this because he believed he was being bullied, did she
 18 tell you anything more about the incident at the Range
 19 High School?
 20 A. I recall somebody being attacked, which wasn't the --
 21 AR's intended target.
 22 Q. Were you aware that it involved both a hockey stick and
 23 a knife being carried?
 24 A. I don't recall being aware of both.
 25 Q. Thank you. If we could go back, please, to LANC000082,

114

1 A. No, not at that time.
 2 Q. Thank you. In addition to this missing from home
 3 report, I think you also complete a missing from home
 4 risk assessment, LANC000083, please. It may be obvious
 5 from the title but just explain what the purpose of this
 6 document is?
 7 A. It helps us assist the grading that we are going to give
 8 the missing from home.
 9 Q. Is it intended to deal with the immediate risks of
 10 dealing with the incident or is it looking at the longer
 11 term risks, or do you not know?
 12 A. I would say immediate. I think if you answered yes to
 13 some of them questions, it was higher, the risk.
 14 Q. Thank you. If we can just have the top half of the
 15 page, please. Obvious things about the age, whether
 16 there is a reason for the person going missing and
 17 particular risk factors. If we go down to the second
 18 half of the page, please. We see:
 19 "Other unlisted factors which the officer or
 20 supervisor considers should influence risk assessment?"
 21 "If any of the above risk factors apply, input the
 22 details here."
 23 I think you were keen to record that the missing
 24 person "suffers with autism and ADHD", and took
 25 sertraline; is that right?

116

1 A. Yes.
 2 Q. If we can go over the page, please. That continues:
 3 "Parents believe he has gone missing as he does not
 4 wish to attend a meeting with his new school
 5 teachers ... could be in possession of a small knife
 6 which is missing from the kitchen. He has never
 7 threatened or attempted self-harm."
 8 That last aspect, would you have asked AR's parents
 9 about that?
 10 A. Yes, that was asked directly.
 11 Q. Thank you. You are saying here "parents", did AR's
 12 father join the conversation at some stage?
 13 A. I think it was just the mother.
 14 Q. At this stage?
 15 A. At that stage.
 16 Q. Thank you. Then:
 17 "Risk level: Medium."
 18 Again, it may seem obvious but the risk is what: the
 19 risk to the missing person?
 20 A. Yes.
 21 Q. The definition that's given here is:
 22 "The risk of harm to the subject ... is assessed as
 23 neither: Low ... nor High ..."
 24 Where low is "unlikely to occur or be minimal" and
 25 high is "both serious and likely to occur". At the risk

117

1 Q. Thank you. Sir, if we have on screen, please,
 2 paragraph 74 of your statement, LANC000273 at page 17,
 3 please. Paragraph 74, at the bottom:
 4 "With all of the information available to me,
 5 I deemed AR to be medium risk. I consulted PS Clarke
 6 and he agreed with my decision as to medium risk."
 7 Is that right?
 8 A. Yes.
 9 Q. You go on to say that you don't think, in any event,
 10 that that assessment of the level of risk affected your
 11 response on the day. Why is that?
 12 A. Lots of enquiries were done immediately. So we touched
 13 on before the Ormskirk CCTV operators the council ran,
 14 I called them at the scene. They started checking that
 15 straightaway. I think I had local PCSOs doing an area
 16 search and there were enquiries going on immediately
 17 which might not automatically happen with a medium risk
 18 missing from home.
 19 Q. So in fairness to you, and we will come onto some of
 20 them, but there were quite a few tasks that you did and
 21 you have mentioned some of them but you also checked
 22 systems; is that right?
 23 A. Yes.
 24 Q. So we should understand that, although it is
 25 an assessment of medium risk, in no sense did you park

119

1 of stating the obvious, it is what sits between the two;
 2 is that right?
 3 A. Yes.
 4 Q. Did you understand this form to relate in any way to the
 5 risk that the missing person might pose to others?
 6 A. At the time, no.
 7 Q. If I may say so, that was a careful answer: at the time
 8 no. What's your understanding now?
 9 A. I think with the benefit of experience, three years
 10 later, when I'm assessing risk, I will look at the wider
 11 risk, not just the missing from home but potentially to
 12 the other members of the public.
 13 Q. Thank you. It is right to say, and in fairness to you,
 14 that in this form at the time, other than what we saw
 15 towards the bottom of page 1, "Other factors", there was
 16 nothing on this form directing your attention, was
 17 there, specifically to the risk that the missing person
 18 might pose to others?
 19 A. No, it is all tailored to the missing from home.
 20 Q. Do you recall whether or not you consulted your sergeant
 21 about this risk grading?
 22 A. Yes. It is something I still do now, I always consult
 23 the Sergeant before putting a missing from home on.
 24 Q. How would you have done that?
 25 A. Radio but it would have been a private call on radio.

118

1 this to deal with it later: you took immediate actions?
 2 A. Yes.
 3 Q. From the radio logs, we don't need to have them on the
 4 screen -- sir, for your note LANC000255 and
 5 LANC000254 -- there were two radio calls: one, I think,
 6 at 12.35 lasting 23 seconds, I think that one was from
 7 Sergeant Clarke; and then there was another one, from
 8 you to Sergeant Clarke, at 12.38 which was longer, 5.5
 9 minutes. Would one of those calls have been the
 10 discussion of the grading of risk?
 11 A. Yes.
 12 Q. Is it likely to have been the 12.38, the longer call,
 13 lasting 5.5 minutes?
 14 A. Yes.
 15 Q. That was on a private call, effectively, I think what's
 16 referred to as "point to point"; is that right?
 17 A. Yes.
 18 Q. Can you just explain, so there's no misunderstanding
 19 about that, why would that be made point to point on
 20 a private call?
 21 A. As you've just said there, it was quite a long call. We
 22 wouldn't take up airtime with that, in case there was
 23 an ongoing emergency or someone needs to shout up for
 24 urgent assistance. It is something that can be done in
 25 the background.

120

1 Q. One effect of that, it is not a criticism of you at all,
 2 is that we are not able to have a transcript or
 3 recording of that. Do you recall what it was that you
 4 discussed within this exchange about risk with your
 5 Sergeant?
 6 A. I can't recall exactly but the normal process would be
 7 I would feed him the information I had been given from
 8 a parent in this case and he would either agree or,
 9 "Have you thought about this, have you thought about
 10 that?", and we would take it from there.
 11 Q. Now, would it have been open to you at later stages to
 12 change that assessment of risk?
 13 A. It can be done.
 14 Q. If it were suggested that this assessment of risk was
 15 made too early in the process, was premature, what would
 16 you say about that?
 17 A. I think at the time, it was the correct decision and, to
 18 my knowledge as well, I think the Duty Inspector will
 19 review all missing from home logs and give their
 20 opinions on the risk grading.
 21 Q. In light of the knowledge at this stage, that this is
 22 a youth who has had a previous attack at a school,
 23 involving a knife and a knife is now missing, do you
 24 think that there might have been a case for this being,
 25 right from the start, graded as "high risk", even though
 121

1 affect the risk grading ..."
 2 What sort of thing do you have in mind there?
 3 A. Anything such as: a suicide note; a note where he might
 4 have been; any medication -- not just necessarily his --
 5 that's been taken; any immediate medication he didn't
 6 have in his possession; simply things just as a bag, has
 7 he packed a bag, is this more prepared for than we
 8 thought? That sort of thing.
 9 Q. We don't perhaps necessarily need to look it up but,
 10 later on in your statement, paragraph 73, the phrase you
 11 use, Constable, is:
 12 "I also conducted a routine cursory search of AR's
 13 home address."
 14 Should we understand that this type of search of the
 15 home or the bedroom of a missing person is different in
 16 intensity from a search that you are carrying out in
 17 relation to criminality?
 18 A. Yes. You would still open drawers and cupboards but you
 19 wouldn't touch every single object as you might with
 20 another type of search.
 21 Q. You explain that you recall searching AR's bedroom and
 22 the front living room; is that right?
 23 A. Yes.
 24 Q. It took about 15 to 20 minutes?
 25 A. Yes, that's about right.
 123

1 you think that wouldn't have made a difference to
 2 immediate action?
 3 A. I was going off the opinion that there was a reason for
 4 him going missing, ie he didn't want to meet his new
 5 teachers, and the incident at the Range, I think, was
 6 about just over two years prior at that point. So,
 7 that's where the medium grading came from.
 8 Q. At this stage, we will come on to later on, would it be
 9 right to say that you didn't have any visibility of any
 10 records or intelligence information between 2019 and
 11 March 2022: you didn't know of any other events that may
 12 have happened?
 13 A. It came slightly later.
 14 Q. Thank you. I want to turn then to some of those early
 15 actions and start with the search of the home address.
 16 Can we look, please, first of all, in that regard, at
 17 paragraph 17 of your statement, it is our page 4. So
 18 LANC000273, page 4. You say there that, as part of the
 19 initial actions you "conducted a search of the address",
 20 and you touched earlier on this, that this would be
 21 standard operational practice; is that right?
 22 A. Yes.
 23 Q. You set out in your statement that you were looking for:
 24 "... any obvious signs of preparation made by AR or
 25 if there was anything else that would cause concern and
 122

1 Q. You mention the doors and drawers that you would open.
 2 Would you have done a search of under AR's bed?
 3 A. It would have been a very quick search at most, it would
 4 have been a look under the bed.
 5 Q. Thank you. The words you used there in your answer is
 6 "it would have been a very quick search at most".
 7 Should we just understand again, what I'm looking for
 8 here is the best evidence that you can give factually.
 9 So if you can't remember, please say so. As you are
 10 sitting there now, can you remember one way or the other
 11 whether you looked under the bed?
 12 A. No.
 13 Q. Would it be your usual practice to look under
 14 a teenager's bed in a search of this kind for a missing
 15 person?
 16 A. No.
 17 Q. Thank you. There is evidence, as I am sure you are now
 18 aware, that by this time AR had purchased things like
 19 chemistry equipment, conical flasks, safety goggles,
 20 chemical grade alcohol. In relation to those items, if
 21 you had seen items like that, is that something you
 22 would have noticed, do you think?
 23 A. Yes, absolutely.
 24 Q. And would have caused concern?
 25 A. Yes.
 124

1 Q. Later, after the dreadful attack, was found under AR's
 2 bed, in, effectively, a Tupperware-type container,
 3 a crude preparation of the toxin ricin, and we know that
 4 AR had packaging of castor bean seeds, but the Latin
 5 name would have included "ricin". If you had come
 6 across castor bean seeds labelled as "ricin", packaging
 7 referring to that, again, it may sound obvious, but is
 8 that something you would have noticed and been concerned
 9 about?
 10 A. Yes.
 11 Q. Caster bean seeds, if they were just that, as opposed to
 12 any reference to ricin, would you have known what they
 13 were?
 14 A. No.
 15 Q. Again, it's perhaps a very obvious point but the Latin
 16 or the English "ricin", on packaging, that would have
 17 rung alarm bells?
 18 A. Yes.
 19 Q. Should we take it from your evidence that you don't
 20 recall seeing any items of that kind, the chemical
 21 equipment or the ricin seeds?
 22 A. No.
 23 Q. There is some evidence that, at this stage -- it's quite
 24 early in the chronology of AR's purchase of weapons --
 25 but there is some evidence that he had been trying to

125

1 Q. When you say "no", do you mean, "No, and I don't think
 2 I would have been expected to"?
 3 A. No, I don't think I would have done, no.
 4 Q. At this stage, other than the report that he may be
 5 carrying a knife, principally at this stage this is
 6 a missing person inquiry, rather than an investigation
 7 into criminality; would that be fair?
 8 A. Yes.
 9 Q. Thank you. Moving on then next, if we may,
 10 PC Fairclough to some of the other initial enquiries.
 11 Having completed enquiries at the house, what did you do
 12 next?
 13 A. The first thing I think I done was the CCTV cameras that
 14 I mentioned earlier. I recall calling the Range High
 15 School because I had been given the information, and
 16 informed them that he was -- well, he was missing and he
 17 was potentially in possession of a knife. I think
 18 I called --
 19 Q. I'm just going to cause you there at the Range High
 20 School. If we just have a look at LANC000031. This
 21 is -- you said it makes repeat entries, so it's not just
 22 one long entry but this is another aspect of your pocket
 23 notebook entry, "Vicky Ashworth -- Range High School".
 24 Would that be the person you contacted?
 25 A. Yes.

127

1 order arrows and a bow, but there's also some evidence
 2 that he may have got a refund. Would archery arrows,
 3 and I don't mean toy ones, serious looking arrows, and
 4 a bow -- not a crossbow but a bow -- if those had been
 5 present and you had seen them, would you have noticed
 6 and been concerned?
 7 A. Yes, absolutely.
 8 Q. We can take it, therefore, that wherever it was you
 9 looked if they were present, you didn't see those?
 10 A. No.
 11 Q. If you had seen those -- and I appreciate that it is
 12 a hypothetical -- how would it have changed your
 13 approach?
 14 A. I would have called the Sergeant for advice at that
 15 point.
 16 Q. Electronic devices, do you recall seeing any electronic
 17 devices in AR's bedroom or the living room?
 18 A. I remember a gaming console, that's it.
 19 Q. Would it be standard practice -- do you even have the
 20 powers at this stage for a missing from home report --
 21 to examine electrical devices?
 22 A. Not informal.
 23 Q. Would you therefore have done anything in relation to
 24 any kit, laptops and similar that may have been around?
 25 A. No.

126

1 Q. Thank you. Recognising steps that you did take, you
 2 have been told that this was the school for the previous
 3 attack and, pretty swiftly, you have made direct contact
 4 with that school; would that be fair?
 5 A. Yes.
 6 Q. Thank you. So sorry, I'd interrupted you but you had
 7 dealt with the CCTV and the Range High School.
 8 A. Yes.
 9 Q. Did you also make some checks with taxi companies?
 10 A. Yes, it was to try and narrow time the timings that we
 11 had, had there been any calls to that home address that
 12 morning and did a male matching AR's description jump in
 13 that taxi?
 14 Q. Could we have a look at LANC000029, please. Of some
 15 interest to the Inquiry, can you help us with it. The
 16 entry is "Negative One Call Taxis"; what's One Call
 17 Taxis?
 18 A. One Call Taxis is the company I called. Negative is
 19 just saying there had been no calls to that address that
 20 morning.
 21 Q. Thank you. We know that that is the taxi company that
 22 was involved later in taking AR in his attack on the
 23 Hart Space.
 24 Was there any reason for you calling them? Are they
 25 just the biggest local provider?

128

1 A. I'm not great with the locality myself but I probably
 2 would have just Googled the local taxi company and that
 3 appears first.
 4 Q. That's what comes up as the local taxi company?
 5 A. Yes.
 6 Q. There is nothing more to it than that?
 7 A. No.
 8 Q. It wasn't anything you got from AR's parents to a taxi
 9 company?
 10 A. No.
 11 Q. Were they helpful? Were they prepared to say when
 12 you -- did you identify yourself as a police officer?
 13 A. I did.
 14 Q. Did they comply with your request? Did they say whether
 15 or not they had taken a booking from that address?
 16 A. I can't recall in person but I have put negative in the
 17 pocket notebook entry, so that to me says, no, they had
 18 no calls that day.
 19 Q. If they had refused to answer the query -- and just so
 20 you understand, DC Fairclough, why I'm asking this, one
 21 of the issues that we are looking at is what duties
 22 there should be on taxi companies to answer questions
 23 from teachers, police officers and parents about
 24 bookings made by teenagers. But if One Call Taxis had
 25 refused to answer your question, presumably you would

129

1 A. Yes.
 2 Q. You have mentioned the CCTV set out in your statement in
 3 paragraph 19 -- we don't need to have it up -- you had
 4 noticed some council CCTV. You had asked for enquiries
 5 to be carried out. Do you know did they in fact ever
 6 return any results or was AR found before it became
 7 necessary?
 8 A. I can't recall any results. They did have a lot of
 9 footage to go back -- I think they had three hours of
 10 footage to play back.
 11 Q. All right. So those are queries and enquiries that you
 12 have made in relation, principally, to others. I want
 13 you to take us through next, please, PC Fairclough, what
 14 you did in relation to police systems. So, we know that
 15 there is a later stage which we will come onto, when you
 16 go to a fuller terminal, I think, back at the station.
 17 But, initially, is it in your car outside the address?
 18 A. Yes, I'm still in the vicinity of the address.
 19 Q. You have your Samsung device and you've got the Pronto
 20 software, is that right, to make your enquiries?
 21 A. Yes.
 22 Q. Can you take it stage by stage. First of all, the
 23 Samsung device that you had, so far as you can remember,
 24 was it functioning correctly that day?
 25 A. I recall it going slow but that's not unusual for the

131

1 have written more than "negative"?
 2 A. Yes.
 3 Q. You would have said, "They are refusing to answer"?
 4 A. Yes.
 5 Q. You tell us in paragraph 20 that you also made checks
 6 with hospitals to see if AR was there?
 7 A. Yes, that's just a routine check we would do with every
 8 missing from home.
 9 Q. You took the perhaps obvious but no doubt appropriate
 10 step of calling AR's mobile, which I think was running
 11 straight through to voicemail?
 12 A. Yes.
 13 Q. What about Presfield School; what can you remember in
 14 relation to that?
 15 A. Only that I had been told by his mother that that was
 16 the new school he was due to attend shortly.
 17 Q. If we look at LANC000030. With apologies for jumping
 18 around, but they are separate entries, but that's
 19 another pocket notebook entry you made. Again, I don't
 20 raise this critically. Not terribly informative because
 21 it just says "Presfield". But do you think you would
 22 have actually called that school?
 23 A. I don't recall calling them.
 24 Q. That is more an entry, is it, that you were noting that
 25 that was where he was meant to attend?

130

1 area we were in. The Banks area is known for quite poor
 2 signal. It just runs off a mobile phone signal.
 3 Q. Thank you. Other than in that area where there is poor
 4 signal, was it generally an effective system?
 5 A. Yes. That was only the second of two incidents
 6 I attended that day, so I think that might have been the
 7 first time I used my device. So I can't compare it to
 8 anywhere else but, on that day in particular, it was
 9 particularly slow.
 10 Q. What about taking a wider view, day to day. Is it
 11 a system that's prone to --
 12 A. Can be hit and miss.
 13 Q. All right. If we can look, please, at paragraph 66 of
 14 your statement on page 15, one of the things that you
 15 say there towards the bottom half of paragraph 66 is
 16 that, in relation to a Police National Computer check on
 17 Pronto on the Samsung:
 18 "... you are only given a date range and offence
 19 category, such as an offence against the person, rather
 20 than any specific offence."
 21 Is that right?
 22 A. Yes.
 23 Q. You are not given a summary of offending on Pronto PNC?
 24 A. Yes.
 25 Q. So you do get the information but it's at a higher level

132

1 of summary; is that right?

2 A. Yes, it lacks any detail.

3 Q. Thank you. I think that you will be aware that,

4 according to the records, if we look at paragraph 63 of

5 your statement, bottom of page 14, you have since been

6 advised that there is no record of you doing a PNC check

7 but you say:

8 "... however to the best of my knowledge I did check

9 PNC as I was aware of an assault and possession of

10 an offensive weapon by AR, which seemed to corroborate

11 the account given by [his] mother."

12 Is that correct?

13 A. Yes.

14 Q. I think you say in your statement, it's the next

15 sentence, that there is reference in one of the radio

16 transmissions to you having difficulties with your

17 Samsung device; would that be fair?

18 A. Yes.

19 Q. So if I were to ask you the question, how confident are

20 you that you did a PNC check on your Samsung device,

21 what would your answer be?

22 A. Very high.

23 Q. So, what did the PNC check for AR actually tell you?

24 A. I can't recall seeing any warning markers, which it

25 normally was -- I recall seeing an offence against

133

1 where we couldn't prove it but he'd still have been

2 listed, as I say, on the crime report.

3 Q. Is the Police National Database search something that

4 can be done instantaneously or does it take time?

5 A. No, it takes time.

6 Q. At the time, March 2022, how long would it take, roughly

7 speaking, for the results of that request to come

8 through?

9 A. I would have said weeks, if not months.

10 Q. The advantage of that, though, is that you would get, is

11 this right, from all Forces nationwide not just

12 convictions and cautions but intelligence information?

13 A. Yes.

14 Q. Here, that would have included Merseyside --

15 A. Yes.

16 Q. -- whose systems you would not have direct visibility

17 of, so far as any intelligence report is concerned?

18 A. That's correct.

19 Q. Again, putting hindsight to one side, for this type of

20 event, a missing person, but one who may be carrying

21 a knife, do you think that the attending police officer

22 would be expected to make a request for interrogation of

23 the Police National Database?

24 A. No.

25 Q. Because?

135

1 a person and I think it was possession of an offensive

2 weapon. And it tells you a date range on there.

3 I can't recall the date range exactly but it would

4 say -- for example, it would say between 2015 and 2020.

5 Q. As wide as sort of five years, something like that?

6 A. Yes, it can be a very wide range.

7 Q. Would you agree that, when you are dealing with a child,

8 knowing a bit more about the date might be important in

9 assessing risk?

10 A. Yes.

11 Q. Thank you.

12 You tell us that, having done the PNC check, this is

13 paragraph 68 of your statement, page 16 -- LANC000273,

14 page 16 -- that you didn't carry out a Police National

15 Database search on AR. First of all; is that right?

16 A. Yes.

17 Q. It may be second nature to you but what's the difference

18 between a Police National Computer check and a Police

19 National Database request?

20 A. So the National Computer check would only show

21 convictions, cautions, positive outcomes, if you like.

22 The database check would show every time AR had been

23 listed as a suspect on a crime. It could be any

24 intelligence that another Force was holding on him and

25 it would also have negative -- it might be something

134

1 A. It is all risk based, it is audited, there has to be

2 a risk to life. So there are certain offences that we

3 would do it for immediately, and I think, from the top

4 of my head, they are sexual offences, they are immediate

5 risk to life and, the information I had at that time, he

6 did not meet that criteria.

7 Q. One of the things we need to look at as an Inquiry is

8 the IT and the systems and the visibility of

9 information. If you don't know the answer to this

10 please say so but, in your current role, do you have

11 cause to make queries of the National Database?

12 A. Yes.

13 Q. What's the return time now?

14 A. I've not done a (*unclear*) for a long time, it does

15 fluctuate but it's still days. It's days rather than --

16 you wouldn't get it back the same day.

17 Q. Should we understand that it is better, though, than it

18 was in March 2022?

19 A. Yes, absolutely.

20 Q. Thank you. Then you have also checked CONNECT; is that

21 right?

22 A. Yes.

23 Q. We have heard that that is the Lancashire system, on

24 which information would be retained, including

25 intelligence reports?

136

1 A. Yes.
 2 Q. And non-crime information of other kinds?
 3 A. Yes.
 4 Q. You can access that, can you, from the Samsung device?
 5 A. Yes, it looks very different from the desktop but you
 6 can access it.
 7 Q. So should we understand it is more user friendly, like
 8 a lot of things, on a full-size desktop than on
 9 a portable device or phone?
 10 A. Yes.
 11 Q. So that we understand it, are there any restrictions on
 12 the functionality of CONNECT on a phone? Are there
 13 things that you just cannot get on the mobile version
 14 through Pronto or can you get to everything but it is
 15 just less user friendly?
 16 A. I'm not sure if this is the question you are alluding to
 17 but you can't update it and things on the Pronto. So if
 18 I was -- in terms of inquiries for AR, I could not
 19 update them from scene, which is why they were done
 20 later on, on the desktop. To my knowledge, everything
 21 should be accessible.
 22 Q. But we should bear in mind, should we, that, certainly
 23 at this stage, it is not perhaps as user friendly as
 24 instantaneously visible?
 25 A. Yes.

137

1 information was on CONNECT, why you didn't understand
 2 that fuller picture?
 3 A. So I think on one of the incidents about the intention
 4 to use the knife, it was listed as on an inquiry log,
 5 rather than on the summary. So if I'm at the scene and
 6 I'm on my Samsung device, I would tend to look at the
 7 summary of what's happened. And then I think the second
 8 incident that we are talking about might have been
 9 recorded via an intel entry. I don't know where that
 10 has come from initially, that's been recorded on Lancs'
 11 systems as an intel entry, not as an investigation.
 12 Q. You were looking principally, is this right, at
 13 investigation reports?
 14 A. Yes.
 15 Q. If it came up as an inquiry log within an investigation
 16 report, you may not have spotted it?
 17 A. Yes, it would be on a different tab. You have to switch
 18 through the tabs to see it.
 19 Q. Certainly at this stage, outside in your police response
 20 vehicle, you -- is this right -- wouldn't have been
 21 looking at intelligence reports, you were looking mainly
 22 at investigation reports?
 23 A. Yes, you can see it on the device but, as I say,
 24 I thought it was the same incident.
 25 Q. Thank you. If you had understood that there were two

139

1 Q. Thank you. If we can look, please, at paragraph 65 and
 2 66 of your statement. In these paragraphs, you accept,
 3 is this right, that your understanding at the time from
 4 the searches that you did was that the Range High School
 5 matters were one incident?
 6 A. Yes.
 7 Q. So one attack involving the carrying of a knife. You
 8 didn't understand that in October 2019, there had been
 9 a report that had come through from Childline involving
 10 AR having admitted to carrying a knife to school on some
 11 ten separate occasions, leading to him being excluded
 12 and then the separate incident in December 2019, in
 13 which he returned to the school with a hockey stick,
 14 used the hockey stick in an assault and had a knife.
 15 You just didn't understand that those were two separate
 16 events?
 17 A. No.
 18 Q. Do you accept now that with full interrogation of
 19 CONNECT, that is something which you could have
 20 understood from the information that was available?
 21 A. Yes.
 22 Q. Thank you.
 23 Again, because we want to look at systems and how
 24 they work and what improvements might be made, can you
 25 help the learned Chair to understand, given that that

138

1 separate previous incidents back in 2019, separated by
 2 a few months, the first being 10 occasions of carrying
 3 a knife to school, on his own admission, and then the
 4 hockey stick attack with a knife also being carried,
 5 would that have made a difference, do you think, to your
 6 assessment?
 7 A. Yes, possibly.
 8 Q. Because?
 9 A. There was a clear pattern there of behaviour. Where
 10 I have treated it as an isolated incident, there is
 11 a clear pattern of behaviour there.
 12 Q. Is that something, in terms of your own practice that
 13 you have reflected on in terms of accepting yourself the
 14 importance of trying to amalgamate all of the
 15 information that's available on the systems?
 16 A. Yes.
 17 Q. But should we understand from your evidence that with
 18 how the systems operated at the time, that involved
 19 a fair amount of moving around and checking tabs, it
 20 wasn't particularly user friendly for you as an officer,
 21 who clearly was making enquiries and looking at things
 22 and making reports, it wasn't entirely readily visible
 23 to you on the systems?
 24 A. Yes.
 25 Q. Would this be right as well, that the most detailed

140

1 information about the 29 December incident, because it
 2 was principally dealt with by Merseyside Police,
 3 wouldn't have been available on CONNECT at all?
 4 **A.** I think it was put through as an Intel entry but because
 5 it is an intel entry, as a Lancs officer, I can't see
 6 the source of that information, I can't find further
 7 information out.
 8 **Q.** So you could have seen Lancashire intelligence but, if
 9 we were to look, for example, at MERP002881, you will
 10 see, PC Fairclough, from the top of the page that this
 11 is the Criminal Justice Mental Health Liaison and
 12 Diversion custody suite contact form. We know that this
 13 was the Liaison and Diversion team assessment on AR but
 14 in relation to the action being taken by Merseyside
 15 Police.
 16 So if we just then go down to the text. The main
 17 body of the main text, please. From this sort of
 18 information, what you can see is that AR was saying that
 19 this effectively was an attack where -- about five lines
 20 down:
 21 "[He wasn't] planning to use the knife but states
 22 that he would have if the hockey stick did not work."
 23 He had wrapped the hockey stick handle in tissue
 24 paper to get a better grip. Then:
 25 "[AR] was asked if he was planning on killing the
 141

1 checks that you did and you said they would have been on
 2 CONNECT as an investigation. Did you spot and notice
 3 them at the time?
 4 **A.** Yes, but I didn't pay much attention to it, I didn't
 5 think -- we go to a lot of incidents where children do
 6 what AR had done on that occasion. That is nothing out
 7 of the ordinary for a Response Officer.
 8 **Q.** Are you confident are you, I don't think I'll be
 9 corrected if I'm wrong, and I'm happy to be corrected
 10 but I don't think you've mentioned in your witness
 11 statement being aware of those. Are you sure you did
 12 notice them at the time?
 13 **A.** I'm fairly confident.
 14 **Q.** Thank you. One of them was noted in the log as well.
 15 Sir, the note for that, for your reference, is
 16 LANC000045, at page 6, the entry for 11.32.53, but I do
 17 not think we need to have it on the screen.
 18 Would you have picked that up from the log, do you
 19 think, one of the November incidents?
 20 **A.** Yes, I do read the logs fully before dealing with
 21 an incident.
 22 **Q.** Can I ask you next, in terms of your system checks,
 23 about Prevent. By this stage, AR had been referred to
 24 Prevent on three occasions but, effectively, the
 25 referrals had been closed and he had not been taken on
 143

1 student and he replied, 'I did want to kill him but
 2 I don't think I would. Ideally, I wish I did it. But
 3 they were in assembly so it wouldn't have happened'. He
 4 is clear this was revenge. We explored his decision
 5 making around going to school ..."
 6 That report, I think, not available to you on the
 7 Lancashire systems?
 8 **A.** No.
 9 **Q.** Seeing information of that kind, would that have really
 10 quite significantly altered your perception of what you
 11 were dealing with, if you had been aware of the full
 12 seriousness of the earlier event?
 13 **A.** Yes, absolutely.
 14 **Q.** We know -- I said that I would come on to intervening
 15 events -- that there had been two occasions in November
 16 2021, so four months or so before your involvement,
 17 where police took calls from AR's parents in relation to
 18 his violence, in terms of him getting angry and throwing
 19 things. The precise details for present purposes don't
 20 matter.
 21 Were you aware of those from the checks that you
 22 did?
 23 **A.** Yes, they would have been on CONNECT as an
 24 investigation.
 25 **Q.** My question was whether you were aware of them from the
 142

1 by the next stage, by what's called a Channel panel.
 2 At this stage, just short of the end of your
 3 probationary period, what did you know about the Prevent
 4 process?
 5 **A.** It was something that you could refer people into if
 6 they were showing signs of potentially becoming
 7 a terrorist.
 8 **Q.** At the time, try, if you can, to think back to your
 9 knowledge and understanding, as it was in March 2022,
 10 "potentially becoming a terrorist" meaning what?
 11 **A.** Showing some sort of ideology, whether they be political
 12 believes, religious believes, extremism.
 13 **Q.** Did you link it to a religious or political ideology or
 14 did you understand it to be wider?
 15 **A.** I linked it to political and religious.
 16 **Q.** So somebody who was extremely violent potentially,
 17 interested in school shootings but not through any
 18 political ideology or racism or religious ideology, did
 19 you understand that somebody like that was potentially
 20 covered by Prevent?
 21 **A.** No.
 22 **Q.** Do you understand that now?
 23 **A.** Yes.
 24 **Q.** At the time when you were dealing with AR, let's take it
 25 from what you have gone back to the car and you have
 144

1 looked at the systems, did you have any knowledge of the
 2 fact that AR had been referred to Prevent but hadn't
 3 been "taken on" by Prevent?
 4 **A.** No.
 5 **Q.** Do you think that, as the frontline officer dealing with
 6 this event at this stage, that was important information
 7 that should have been visible to you?
 8 **A.** Yes.
 9 **Q.** Important for you to know?
 10 **A.** Yes.
 11 **Q.** Do you feel that that information would have made
 12 a difference, even though the information, if you had
 13 had the full picture, may have told you that he hadn't
 14 been taken on by Prevent but there had been three
 15 referrals, do you feel that that information would have
 16 made a difference?
 17 **A.** Yes, absolutely, because there is a bit of a gap on the
 18 CONNECT system with AR, I think, between 2019 and 2022,
 19 with the exception of the incident we spoke about
 20 before. To my knowledge them referrals but within that
 21 timeframe, it certainly would have demonstrated to me
 22 that he was still a high risk and he hadn't changed from
 23 the 2019 incident.
 24 **Q.** Thank you. I think that you already covered really that
 25 you can access intelligence reports or at least have

145

1 **A.** Yes.
 2 **Q.** But it also says:
 3 "[AR] has been searching for school shootings in
 4 America but denies searching inappropriate content on
 5 the school internet."
 6 Were you aware that AR had been searching for school
 7 shootings in America when you were dealing with him?
 8 **A.** I can't recall that at the time.
 9 **Q.** If you had been told that, is that something which you
 10 likely would have noticed, taken note of and remembered?
 11 **A.** Yes.
 12 **Q.** So should we understand that it is likely that you
 13 weren't aware of that at the time?
 14 **A.** Yes.
 15 **Q.** Thank you.

16 If we go over the page, please. In the log of
 17 enquiries -- and I'm asked to explore this with you --
 18 in the log of enquiries section there is a log entry,
 19 bottom right, that says:
 20 "A Prevent referral has been received in CTB in
 21 relation to school shootings in America."
 22 So, if you had looked up this document and not just
 23 read the substantive text but read through the log
 24 entries, as it were, in the fine print at the bottom,
 25 the fact of a Prevent referral was there on Lancashire's

147

1 a level of visibility of intelligence reports on
 2 CONNECT?
 3 **A.** Yes.
 4 **Q.** If we can look, please, at LANC000064. If that can be
 5 expanded, just the top, please. Just to get your
 6 bearings on this because this is not your document, but
 7 you see it is a Lancashire Constabulary intelligence
 8 report, yes?
 9 **A.** Yes.
 10 **Q.** The date of it, submitted on 13 December but the event
 11 11 December; do you see that there?
 12 **A.** Yes.
 13 **Q.** So, if we go down and look at the text of the report
 14 please, towards the bottom of the page, the final third,
 15 please. So:
 16 "[AR] has taken a prebooked taxi from Acorns School
 17 in Ormskirk to [the Range], armed with an adapted hockey
 18 stick and large knife in his bag in order to assault and
 19 injury a pupil at the Range School. He subsequently
 20 assaulted a pupil before being stopped by staff and was
 21 arrested and interviewed where he later admitted to
 22 assault, possession of the knife and hockey stick."
 23 So just pausing there, that would have given some
 24 more detail around the incident that you were aware of,
 25 yes?

146

1 systems; would you agree?
 2 **A.** It was there on Lancashire's systems, however, frontline
 3 officers cannot see that second page. So I would not
 4 see that.
 5 **Q.** Thank you. So you can't even see that second page?
 6 **A.** No.
 7 **Q.** Even if you could, as a frontline officer, who has got
 8 to look up a number of systems and act on the scene, and
 9 deal with matters relatively quickly, would you think
 10 that, even if you could see that text, do you think
 11 that's a sufficient means of frontline officers being
 12 made aware of this kind of information?
 13 **A.** No.
 14 **MR MOSS:** Thank you.
 15 Sir, I'm just looking at the time and I am about to
 16 move on to my next topic and, as you know, this witness
 17 was always due to return tomorrow. I am happy to carry
 18 on if you'd like but I wonder if that might be
 19 a convenient moment?
 20 **SIR ADRIAN FULFORD:** Yes, it is inevitable that we are not
 21 going to finish the officer's evidence this afternoon?
 22 **MR MOSS:** Yes.
 23 **SIR ADRIAN FULFORD:** Then this is entirely a convenient
 24 time. We will adjourn now and sit tomorrow at 10.00 in
 25 the morning.
