14 August 2019

Dear Community paediatrics,

Re: Mr Axel Rudakubana DOB: 07-Aug-2006 NHS No: [DPA]
10 Old School Close, Banks, Southport, PR9 8SB

Thank you for reviewing my patient who is wondering (along with his family) if he has ADHD.
He had poor eye contact throughout my consult and indeed seemed quite fixated on things (school detention or his play station). [DPA]
I would appreciate your review and advice on whether you think he may have ASD or ADHD.
Please see the attached patient summary and my consultation notes.

Yours sincerely,

Signature

ARNOLD, Emily (Dr)

UDAKUBANA, Axel (Mr)
Date of Birth: 07-Aug-2008

clear historian
says started in primary school but worse since at high school
says he has little or no concentration
his mind can wander
he also gets detention for not concentrating or following tasks
he says main issue is at school and he doesn't feel there is an issue at home
dad feels at home - he is too quick to do jobs and often misses out steps/ stages

Examination poor eye contact actually
clear historian
bright child

Comment ? ASD ? adhs
i will refer
he attends Range high school
