THE SOUTHPORT INQUIRY

Addendum to Fourth Witness Statement of John Boumphrey

I, John Boumphrey, Vice President, Amazon UK and Ireland Country Manager, will say as follows on behalf of Amazon EU S.a.r.l ("Amazon"):

1. I make this addendum to my fourth witness statement [AMA000113] following a request from the Southport Inquiry (the "Inquiry") to check whether the delivery driver, Mr Hamza Ali, was regularly inputting the name of the person to whom the delivery was addressed (as shown in the Amazon Delivery App and on the address label) as the recipient name in the Amazon Delivery App.
2. Amazon has obtained the recipient name entered by Mr Ali for all age-verified deliveries made by him in July 2024, being 103 deliveries. In 81% of those deliveries, the 'recipient name' he entered in the Amazon Delivery App was an exact match, or close match (e.g. slight differences in spelling such as 'Cathrine' instead of 'Catherine'), to the name shown on the address label on the package and in the Amazon Delivery App.

Statement of Truth

I believe that the facts stated in this addendum are true.
