Hi Carmen .

As discussed.this is the email that I have sent to the sgt at custody in Merseyside.i thing their version of cpt are dealing

The bit not on there is that he has planned and prepared this by ordering a taxi the day before. I believe he has adapted the hockey stick and the knife which were found on him by Merseyside police

Cheers

paul

Hi tara.

As per our telephone conversation.

I am part of the community safety team at ormskirk who generally try and work with people ,mainly youths,to keep them out of bother.He lives in banks ,LANCS.

Over the last fortnight We were contacted by our Child and family wellbeing service.They had a referral from acorns school in ormskirk where Axel has been a pupil for a short period.

The school were reporting very concerning traits and behaviour from axel .They explained that axel had been expelled from The range school in Formby due to carrying knives into the school(exact details unknown).

He has been logging onto websites at school which involve school mass shootings.He also wants to talk about about guns and beheading and seems to have a ceratin hatred of teachers in

particular.

Due to our extensive dealings with the aforementioned establishments this info was gleaned to us but due to its worrying and potentially serious nature the school were informed to refer the info to our PREVENT team which deal with potential terrorism offences.

Acorns school duly did this and at this time our Prevent team are conducting background checks and obtaining specific details.

However we now have this incident which has occurred in the school in Formby for which Axel is currently in your custody.

This e mail is thus sent for your attention and assistance in ensuring that You have full knowledge of the individual in your care and that the investigating officers have a full picture of the circumstances and his alarming and worrying behaviour .

Acorns school have informed me that they have had detailed communication with the Formby school and that they have stated that Axel went into the school with the sole intention of killing a particular pupil with the hockey stick and if that didn't work he would use the knife but the pupil in question was thankfully not at school today!! .

Could you please ensure that the investigating officers get this additional information please.

Thanks for your time.

Paul Harrison Pc 554
