Type of Data (Message / photo / video etc)	Location (Page no. or Team Drive Location)	Time / Date (if known)	Description of Significant Data
Extraction Summary			This phone was submitted by Leanne Lucas with consent, not using any PACE powers. She signed a DPNa form to consent to data retrieval for multimedia, calls, messages relevant to the events of 29/07/24 onwards. She has reported to her FLO since that she's begun to receive hate messages and malicious communications. Due to the partial, targetted nature of the download, not all data from the phone has been acquired as anything before 29/07/24 bears no relevance to the investigation. The handset is an Apple iPhone 12. It has now been returned to owner. In order to review this download, I have filtered event / creation dates from 29/07/2024 00:00 to 01/08/2024 23:59 - anything outside of these parameters has not been reviewed evidentially.
